OVERVIEW

1. Application of the Tariff

The fares stated herein are applicable to the transportation of passengers on the Metrorail and Metrobus systems of the Washington Metropolitan Area Transit Authority from one point to another within the Washington Metropolitan Area Transit Zone which generally covers territories within the District of Columbia, the cities of Alexandria, Falls Church, Fairfax, Manassas, and Manassas Park and the counties of Arlington, Fairfax, Loudoun, and part of Prince William, and the political subdivisions of the Commonwealth of Virginia located within those counties, and the counties of Montgomery, Prince George's, and parts of Charles and Anne Arundel and political subdivisions of the State of Maryland located in said counties. For information regarding paratransit service, including fares for paratransit service, in the above locations, please refer to the Customer Guide to MetroAccess available online at wmata.com.

The GM/CEO is subject to the policy direction of the Board of Directors.¹ The GM/CEO, or his designee, is authorized to adopt rules and regulations for the safe, convenient and orderly use of the transit facilities owned, controlled or operated by the Metro, including the payment and the manner of the payment of fares or charges therefor, the protection of the transit facilities, the control of traffic and parking upon the transit facilities, and the safety and protection of the riding public².

2. Emergency Fare Reductions

The GM/CEO, or his designee, is authorized to reduce or waive any otherwise applicable fare or fee when faced with emergency conditions, for a period not to exceed 48 hours³. The GM/CEO will notify the Board of Directors of any such decision as soon as practicable after the event. No other agent or employee shall have the authority to change or deviate from the fare or charges contained herein.

II.

METRORAIL

1. Calculation of Metrorail Fares

Metrorail fares are calculated based on (1) the time of day and day of the week that the trip is taken (categorized as either peak or off-peak) and (2) the distance traveled between the origin and destination stations. The distance component of the fare calculation is based on a “composite mile,” which is calculated as the average of (a) the distance traveled along the rail system between the passenger’s origin and destination stations and (b) the distance traveled in a straight line or “as the crow flies” between the two stations. All Metrorail fares except Senior & Disabled fares are rounded to the nearest \$0.05, while Senior & Disabled fares are rounded down to the next lowest \$0.05.

2. Peak and Off-Peak Fares

Metrorail service is generally in operation on Monday through Thursday from 5:00 a.m. to 11:30⁴ p.m.; Friday from 5:00 a.m. to 1:00 a.m.; Saturday from 7:00 a.m. to 1:00 a.m. and Sunday from 8:00 a.m. to 11:00 p.m. Due to the nature of the service provided, first-train and last-train times maybe be later than these posted times as the train continues through the stations on a specific line. Station-specific timing information is provided at each station. General operation hours are subject to change and service availability may be altered during periods of preventative maintenance.

In 1988, the WMATA Board authorized an additional rate of charge to be applied during weekday commuter rush hours (i.e., during “peak” periods), beginning when the transit system opens for business. Peak fares are in effect from opening (approximately 5:00 a.m.) through 9:30 a.m. and from 3:00 p.m. to 7:00 p.m. on weekdays, except for federal holidays. Peak fares for presidential inauguration day are in effect from opening (approximately 5:00 a.m.) through 9:30 a.m. and from 3:00 p.m. to 9:00 p.m.⁵ Off-peak fares are in effect during all other hours on weekdays, all day on Saturdays and Sundays, and on all federal holidays⁶. The off-peak fare structure is designed to be a 25% discount off the peak fares. The applicability of peak or off-peak fare is determined by the fare gate’s internal clock at the time of entry to the Metrorail System.

3. Rush Hour Promise

When peak fares are in effect, a credit of fare will be provided to passengers with registered SmarTrip® cards for trip delays of 15 minutes or more as calculated by the MyTripTime online tool.⁷ Credits for such delays on Metrorail are automatically processed. Passengers must complete an online form for Metrobus delays. Fare credits will be provided in the same fare category as the fare paid for the delayed trip with either a credit to SmartBenefits® or stored value as paid. Delayed trips purchased by a Metrorail pass product will receive a credit of \$3.00. Delayed trips purchased by a Metrobus pass product will receive a credit of \$1.00. It may take up to five (5) days to receive a Rush Hour Promise credit on a passenger’s registered SmarTrip® card. Effective January 26, 2018 through December 28, 2018, passengers may receive up to four (4) credits per month on a registered SmarTrip® card charged fare on a trip that was delayed. For more information, go to www.wmata.com/rush-hour-promise.

4. Metrorail Grace Period

For any exit occurring within 15 minutes after entrance and at the same station, any fare paid upon such exit will be refunded back to the card in the same manner as charged⁸.

5. Metrorail Fare Structure

Unless a passenger is under age five or the passenger holds valid fare products for a special rate of fare, the following rates of fare shall apply to Metrorail service⁹:

Metrorail Fare Structure (Effective July 1, 2017)	Regular Fares		All Senior & Disabled Fares are ½ Peak Fare
	Peak	Off-Peak	
First 3 composite miles	\$2.25	\$2.00	\$1.10-\$3.00
Each additional composite mile more than 3 and less than or equal to 6	\$0.326	\$0.244	
Each additional composite mile greater than 6	\$0.288	\$0.216	
Maximum peak fare (Exclusive of Surcharge and Differentials)	\$6.00	\$3.85	\$3.00

6. Metrorail Fare Products

Only a SmarTrip® Card or an emergency trip ticket are accepted as rail payment. Unless you have a valid pass, passengers must have a minimum of \$1.50 in value on their SmarTrip® card to enter the Metrorail system. Senior and disabled patrons must have a minimum of \$0.60 in value on their full-fare SmarTrip® card to enter the Metrorail system. Passengers may not exit the Metrorail system with a negative balance on their SmarTrip® cards. Such passengers must add value to their fare products using the exit fare machines before exit will be permitted through the fare gates.

Emergency trip tickets can be acquired only from the onsite Station Manager. Emergency trip tickets are provided at no cost to the passenger when there is a failure of the WMATA fare system at no fault of the passenger. The emergency trip ticket is valid for one ride only and should be surrendered to a station manager at the end of the trip.

All passes are good for consecutive days only or for the month issued. Metrorail-only passes are gate activated and begin on the first day used in the transit system. Metrorail fare products can be purchased online, at Metrorail stations, at the Metro Sales Office located at Metro Center Station near the 12th and F Street exit in Washington, DC effective February 26, 2018 and at various other locations. The WMATA Office of Marketing will maintain a list of sales outlets and will advertise the locations. For additional information log onto wmata.com or call 202-637-7000.

METRO BICYCLE PARKING

1. Bicycle Racks

Metro operates approximately 2,400 bicycle racks, and is replacing older racks with new inverted-U racks that are available for bicycle parking at no charge at Metrorail parking facilities. Bicycles that are locked to other objects around Metro stations shall be removed without notification.

2. Bicycle Lockers

Metro operates approximately 1,300 bicycle lockers at Metrorail parking facilities that safeguard bicycles from theft, vandalism, and inclement weather. The lockers are designed to hold one bicycle each as well as bicycle gear. Each locker has a unique lock and key. The space inside is approximately: 4 feet high by 6 feet 5 inches deep by 3 feet wide at the door and narrows toward the back of the locker. Most standard bicycles will fit inside. Longer bicycles such as tandem bikes and recumbent bikes may not fit into the lockers, however, there is limited availability of special sized lockers.

3. Bicycle Locker Rates

All bicycle locker rental cost \$120 per year, and are subject to availability. Payments are accepted by credit cards, checks, and money orders.

4. Bike & Ride Facilities

Bike and Ride facilities provide secured, shared bicycle storage rooms with numerous bicycle racks for free bicycle parking and storage. The Bike and Ride facilities are located on ground levels at Metrorail stations or on the first level of parking garages. A SmarTrip card must be registered online at wmata.com to use Metro Bike & Ride facilities. Registration provides access to all Metro Bike & Ride facilities after the receipt of an email confirmation which generally takes 24-48 hours. After receiving confirmation, simply tap the SmarTrip® card to enter any Metro Bike & Ride facility. Currently, facilities are located at College Park, Vienna and Falls Church Metrorail stations with construction planned at more stations.

Patrons also are encouraged to register bicycles with Metro Transit Police (MTPD) and to use a bike lock to further secure bicycles parked in Bike & Ride Facilities. MTPD can assist in the identification and recovery of lost or stolen bicycles that have been registered. Free and easy registration can be completed online at wmata.com

TRANSFERS

1. Transfer Period for Linked Trips

Passengers transferring among different modes of services within the Metro system, and between Metro and other bus operators in the region, may be eligible for a transfer discount. The valid transfer period is 120 minutes, beginning at the time of initial boarding¹⁸. During the transfer period, the SmarTrip® system will look first for a bus transfer. Therefore a bus-to-rail-to-bus trip will be calculated using the bus fare transfer discount, except when passenger is using a Pass, including but not limited to the 7-Day Unlimited Bus or the 7-Day Unlimited Rail passes. There is no fare charged when transferring between different lines of the Metrorail system.

2. SmarTrip® Card Required for Transfer Discount

To receive a bus-to-rail or rail-to-bus transfer discount, or to transfer free of charge from bus-to-bus, passengers must use a SmarTrip® card. With a SmarTrip® card, transfer rates also apply to transfers to an upgraded or premium bus service from a lower cost service. Passengers with the 7-day Regional Bus and the 7-day Regional Senior and Disabled Bus passes do not pay transfer fees.

3. Bus-to-Bus Transfer Discount Rates

The transfer rate for bus-to-bus transfers is calculated by subtracting the base fare of the originating bus service from the value of the fare for the bus service to which the rider transfers. These transfer rates are summarized in the chart below. A rate of \$0.00 indicates a free bus-to-bus transfer.

SPECIAL FARES

1. Policy for Major Fare and Service Changes

In compliance with Title VI civil rights requirements, Metro has developed written procedures to evaluate, prior to implementation, Metro's major service changes as well as all fare changes to determine whether such proposed changes will have an adversely discriminatory impact based on race, color, or national origin of transit riders. Metro procedures ensure that the impacts of service and fare changes are distributed equitably to minority and low-income populations and are not discriminatory. Metro also seeks to ensure that minority, low-income, and limited English proficient communities have an equal opportunity to participate in the public input that precedes a decision to change service and fares.

2. Promotional & Demonstration Fares

In 1994, the WMATA Board approved a policy that provided for the implementation of promotional and demonstration fares. These fares can be priced from free to an amount less than the regular fare established in the WMATA Tariff. For a list of short-term promotional and demonstration fares that are currently in effect for up to six (6) months, please see the Appendix on Pilot Programs attached hereto. Before any promotional or demonstration fare becomes permanent, it must be approved by the WMATA Board. The WMATA Board also has the authority to adjust rail and bus fares for specific special events. Special event fares of no more than five times the normal rate for fares and passes on bus and rail may be instituted.

The WMATA Board has authorized reduced fare service on certain bus lines. The cost for this service is absorbed as subsidy by its regional or non-regional designation or through a Fare Buy Down Agreement with a third party to reduce or offset the fare paid by a group of passengers designated in the Fare Buy Down Agreement²¹. The applicability of transfers to other rail or bus service is established as part of the authorizing action.

Current special fare programs are as follows:

2.1 Paratransit Service

When traveling via Metrorail or Metrobus, MetroAccess Customers certified by Metro as 'conditionally eligible' may ride Metrorail and Metrobus at no charge.
