

# DC Historic Bus Terminal Rehabilitation: Colorado Ave

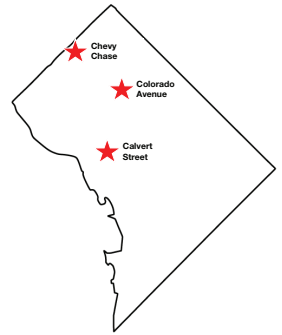

5409 14th St NW, Washington, DC 20011

## CONSTRUCTION NOTICE SPRING 2021 – FALL 2021

### PROJECT OVERVIEW

Metro will fully rehabilitate three DC Historic Bus Terminals at Chevy Chase, Colorado Avenue, and Calvert Street while maintaining the historic integrity of the buildings. Built in the late 1930s and early 1940s, the buildings need repair and rehabilitation due to their deteriorating condition. The rehabilitated bus terminals will comply with Americans with Disabilities Act (ADA) guidelines once construction is complete.

### COLORADO AVE NEIGHBORHOOD IMPACTS

The bus stop in the bus terminal (Colorado Avenue Terminal & 14th Street, Bus Stop ID: 1002596) will close mid-summer for approximately two weeks. Notification signs will be posted at the bus stop. Metrobus will serve customers at these nearby bus stops:

- Route 52 14th St & Jefferson Dr (Southbound stop) Bus Stop ID: 1002592
- Route D34 14th St & Longfellow St (Northbound stop) Bus Stop ID: 1002631

### INVESTING IN LOCAL COMMUNITIES

The Colorado Ave Bus Terminal rehabilitation is funded by Metro's Capital Improvement Program which invests in system safety, reliability and the region's economy. The bus terminal projects will benefit the local community by creating:

- Wider bus stops and improved canopies for the public.
- Enhanced lighting to promote safety and security.
- Expanded landscaping and green space.
- Improved restroom facilities for Metrobus operators.
