

MARYLAND

2019 Metrobus State of Good Operations

ROUTE B29 – CROFTON-NEW CARROLLTON LINE

BUDGET

- Cost neutral

PROPOSED CHANGE

- Eliminate service to Crofton (at Crofton Country Club Park & Ride).
- All Route B29 service will operate between New Carrollton Metrorail Station and Bowie Gateway Center.

ROUTE/SEGMENT ELIMINATION

- Service between Bowie Gateway Center and Crofton Country Club Park & Ride will be eliminated.

REASON FOR CHANGE

- Maryland Transit Administration (MTA) is ending its park-and-ride lease with Crofton Country Club. Without parking spaces for riders, ridership in Crofton would be minimal.
- Crofton is in Anne Arundel County – outside of WMATA's compact area.
- Eliminating service between Bowie Gateway Center and Crofton frees up resources to provide more trips, improve on time performance, and improve frequency between Bowie and New Carrollton Metrorail Station.
- Improve service between New Carrollton Metrorail Station and Bowie Park & Ride to better serve existing park-and-ride users and attract new riders in Bowie, including riders from Crofton Country Club Park & Ride who may use Bowie Park & Ride.
- Capacity exists at Bowie Park & Ride to accommodate additional patrons.
