

# White Flint Station CONSTRUCTION UPDATE

## Effective July 5, 2011

Due to construction on utilities and sidewalk improvements, the north sidewalk along Marinelli Road will be closed for approximately seven (7) months. This will require facilities to be temporarily relocated as listed and shown on the map below.

- Pedestrians between Metro garage and station entrance will be routed through the south sidewalk along Marinelli Road.

- Metro bus route C8 and Ride On bus route 81 stops will be relocated to the far sides of northbound Rockville Pike and westbound Marinelli Road.
- To cross Rockville Pike customers should use the underpass and crosswalks to get to/from the station.
- For your safety, please follow signs designating these changes.
