February 17, 2016

Chairman Evans & WMATA Board Members:

This is our Riders' Advisory Council report for February.

MTPD Q&A:

Deputy Chief Gaddis, from the Metro Transit Police Department, attended the RAC's February 3rd meeting for a Q&A session. We had an open dialogue on recent crimes and the policing provided by MPTD and the local jurisdictions. He did an excellent job of answering our questions, educating us on their prevention and patrol work, and welcoming any suggestions we had.

2016 Work Plan:

Most of the RAC's attention in late January and February has been on developing a work plan for 2016. Each of our committees built a list of topics they would like to address this year, and we reviewed a consolidated list of those topics at our February 3rd meeting. We will present the list to the Executive Committee on February 25th for their feedback, including preliminary recommendations on 3 of the items. After we finalize our 2016 list, we will share it with a wider audience and move forward with research on the top priorities.

Sincerely,

Barbara Hermanson
Chair, Riders' Advisory Council

cc: RAC Members
