

Washington Metropolitan Area Transportation Authority Board Action/Information Summary

Action
 Information

MEAD Number:
99456

Resolution:
 Yes No

PURPOSE

To request Board approval to initiate and award a competitive requirements contract with a two-year base and three one-year options for the procurement of various Cummins engine components and parts required for bus maintenance and stock replenishment.

DESCRIPTION

Cummins engine parts are required to support fleet maintenance requirements of the Bus Maintenance Department. These parts are used to replace worn, defective, or inoperative parts during the various maintenance and repair activities at bus shops and garages. Solicitation of this long-term requirements contract was necessitated by the termination of contract YR4094 with Weber White for Cummins engine parts due to the vendor's going out of business. The establishment of a new requirements contract will help ensure that adequate supplies are readily available to support revenue vehicles.

FUNDING IMPACT

Budget: Operating Budget - Fiscal Years 2007 - 2012

Office: Support Operations - Bus Maintenance

Account: Materials and Supplies - Bus Maintenance

This Action: \$14,500,000

2-year base: \$4,000,000

Option Year 1: 3,500,000*

Option Year 2: 3,500,000*

Option Year 3: 3,500,000*

*Subject to Board approval of funding for future fiscal years.

RECOMMENDATION

Board approval to solicit and award a competitive requirements contract with a two-year base and three one-year options for Cummins engine parts and approval to exercise the three one-year options subject to Board approval of funding for future fiscal years.
