Action
 Information

MEAD Number:
99655

Resolution:
 Yes No

PURPOSE

To request Board approval of a modification to Contract No. FN5008, Metro Matters Yards Greenbelt, in the amount of \$267,000.

DESCRIPTION

The Metro Matters Yards Project includes a new Annex Building at the Greenbelt yard to house new equipment as well as house the relocated equipment from Brentwood Yard. One of the pieces of equipment is a new wheel press machine which is used to create wheel/axel assemblies by pressing wheels onto an axel. During the design process discussions, the Office of Railcar Maintenance advised that the safest operation of the wheel press uses a wheel transfer cart in lieu of an overhead crane to move materials to and from the equipment. To comply with this request, Pending Change Order No. 002 "Wheel Transfer Cart for Wheel Press Machine", was issued to the contractor.

The Office of Auditor General has completed an audit of the proposal and the price was negotiated based upon the audit and technical input. Upon Board approval, the modification will be executed and the funds will be expended during the FY07 program year.

FUNDING IMPACT

The cost of the modification is \$267,000 and is within the approved budget for Greenbelt Yard.

RECOMMENDATION

Approve the modification to Contract No. FN5008, Metro Matters Yards Greenbelt, in the amount of \$267,000.
