TITLE:

Drainage Pumping Sta. Feeder Repl. POC #22

PURPOSE:

To obtain Board approval to modify contract FO5157 - Job Order Contract - to issue multiple Orders for Service to purchase and install feeder cable for Drainage Pump Stations with a total value not to exceed \$600,000.

DESCRIPTION:

Modify Contract FO5157 - Job Order Contract (JOC) - Issue order for services (OFS) to purchase and install feeder cable for drainage pump stations with total value not to exceed \$600,000. This action provides for the replacement of aging feeder cables, addition of cable routed from a different source to provide a redundant power supply. In some instances replacement is required to accommodate larger size pumps being installed to provide the increased flow rates required.

This action will provide for JOC Orders for Service to provide labor, tools, equipment and supervision to perform the installation. The cable provided is an updated and more robust specification than previously approved.

This item was originally included in the proposed Capital Plan of Contracts that was deferred at the Finance, Administration and Oversight (FAO) Committee on September 10, 2009. This is a priority contract and is being submitted individually because Board-approval of the Plan will not be considered until October, 2009. The contract modification is item number 22 in the amount of \$600,000 on the Plan of Contracts submitted to the FAO Committee on September 10, 2009.
