TITLE:

Loan of Artwork at Grosvenor-Strathmore Station

PRESENTATION SUMMARY:

Staff is providing information about a proposed loan by Strathmore Hall Foundation (Strathmore), through Fivesquares, LLC (Fivesquares), of an artwork (sculpture) by artist Jeff Chyatte for installation at the Grosvenor-Strathmore Metro Station.

PURPOSE:

In compliance with Board policy, staff is seeking approval of a loan of artwork for the Grosvenor-Strathmore Metro Station.

DESCRIPTION:

Strathmore Hall Foundation (Strathmore), through Fivesquares LLC (Fivesquares), has offered to loan to the Washington Metropolitan Area Transit Authority (WMATA) a sculpture by artist Jeff Chyatte, titled "Sonata," for installation at the bus loop grassy area between the entrance of the Grosvenor-Strathmore Metro Station and the adjacent commuter parking lot. This project is part of an effort to develop a relationship between WMATA, Fivesquares, and Strathmore in order to provide high-quality arts experiences for transit customers and the public at large at the Grosvenor-Strathmore Metro Station.

Once it is approved by the Board, Art in Transit (AIT) will work with Fivesquares and Strathmore to install the sculpture for display at the Grosvenor-Strathmore Station with the understanding that the sculpture will be relocated to Fivesquares property when the Joint Development project has been completed.

Key Highlights:

The loan of the proposed artwork would enhance the station's grounds and provide WMATA customers with a unique opportunity to benefit from the exhibit of a new public artwork by a local artist on WMATA property. This will strengthen WMATA's connection to the surrounding community and vibrant art scene.

Background and History:

In conjunction with the activation of the upcoming pop-up pilot associated with the joint development agreement between WMATA and Fivesquare (see Board Resolution # 2017-04), Fivesquares and Strathmore approached AIT with the offer to loan a piece of artwork for installation at Grosvenor-Strathmore Metro station bus loop to create a visual anchor to the project.

The proposed public artwork is intended to create a visual gateway between the entrance of the Grosvenor-Strathmore Metro Station and the adjacent WMATA bus loop and commuter parking site of the future Fivesquare development. Additionally, due to its musical inspiration, the artwork will connect the station with the nearby Strathmore music venue.

AIT has assessed the proposed artwork based on the following criteria: a) quality of design; b) suitability and appropriateness to installation to site; c) durability. AIT now recommends its installation at the Grosvenor-Strathmore Metro Station site. AIT will ensure that the artwork meets WMATA standards for safety as well as material and structural adequacy.

Discussion:

Per the Board-approved Art in Transit (AIT) program guidelines, AIT must present projects recommended by the program to the WMATA Board of Directors for approval. AIT seeks to obtain the Board's approval to install an artwork loaned by Strathmore through Fivesquares at the Grosvenor-Strathmore Metro station.

Fivesquares, LLC will fully fund the installation, maintenance (including insurance) and the removal of the artwork at the end of the loan term, and will fund the restoration of the site to its original condition.
