

FOREWORD

The Washington Metropolitan Area Transit Authority (“WMATA”), created effective February 20, 1967, is an interstate compact agency and, by the terms of its enabling legislation, an agency and instrumentality of the Signatories: the District of Columbia, State of Maryland, and Commonwealth of Virginia. WMATA was created by the Signatories to plan, develop, finance and caused to be operated a comprehensive mass transit system for the Washington Metropolitan Area. This volume includes the provisions of the Washington Metropolitan Area Transit Authority Compact (“WMATA Compact”), followed by Congresses’ consent legislation, a history of the WMATA Compact adoption and amendments, and notes covering prior WMATA Compact language.

Congress provided its consent to the Washington Metropolitan Area Transit Authority Compact as Title III of the previously adopted Washington Metropolitan Area Transit Regulation Compact (“Transit Regulation Compact”). See, “Consent Legislation.” Generally, references in the WMATA Compact to “this Title,” mean Title III (i.e. WMATA Compact). References to “this Compact,” on the other hand, mean either the Transit Regulation Compact as a whole (e.g. Section 59: “as granted by Titles I and II of this Compact”), or the WMATA Compact (e.g. Section 76(e): “in accordance with Section 62(c) and (d) of this Compact”), depending on context.

As of this publication, the WMATA Compact has been amended seven times. “Compact History,” outlines the history of the WMATA Compact from adoption through amendment, with citations and a cross-reference table.

“Notes” contains WMATA Compact language prior to amendment. The Notes section also addresses substantive discrepancies in WMATA Compact language between the Signatories. Over the course of amending the Compact, discrepancies have developed among the versions of the WMATA Compact published by the District of Columbia, Maryland and Virginia. Substantive discrepancies between the Signatories are ineffective, and are not included in the WMATA Compact provisions herein. Instead, the substantive discrepancies are presented in Notes. In contrast, minor discrepancies do not preclude Congress from giving its consent. In this volume, minor discrepancies between the Signatories (e.g. non-substantive punctuation) have been resolved in favor of the majority of the Signatories, except where necessary to remain stylistically consistent (e.g. capitalization).

CITATION

In the District of Columbia, the WMATA Compact is cited as D.C. Code § 9-1107.1; in Maryland as Md. Code. Ann. Transp. §10-204; and in Virginia as codified in Va. Code Ann. §§ 56-529 and 56-530 (the WMATA Compact does not, however, appear at §§ 56-529 and 56-530, instead it is set forth in full in the “Compacts” companion volume at p. 410 (2010)). The WMATA Compact is also set forth at 2009 Acts of Assembly of Virginia, Ch. 771, and that is the citation used for Virginia in this volume.

The purpose of this Title is to create a regional instrumentality, as a common agency of each signatory party, empowered, in the manner hereinafter set forth, (1) to plan, develop, finance and

cause to be operated improved transit facilities, in coordination with transportation and general development planning for the Zone, as part of a balanced regional system of transportation, utilizing to their best advantage the various modes of transportation, (2) to coordinate the operation of the public and privately owned or controlled transit facilities, to the fullest extent practicable, into a unified regional transit system without unnecessary duplicating service, and (3) to serve such other regional purposes and to perform such other regional functions as the Signatories may authorize by appropriate legislation.

ARTICLE III—ORGANIZATION AND AREA

3. Washington Metropolitan Area Transit Zone²

There is hereby created the Washington Metropolitan Area Transit Zone which shall embrace the District of Columbia, the cities of Alexandria, Falls Church and Fairfax and the counties of Arlington, Fairfax and Loudoun and political subdivisions of the Commonwealth of Virginia located within those counties, and the counties of Montgomery and Prince George's in the State of Maryland and political subdivisions of the State of Maryland located in said counties.

4. Washington Metropolitan Area Transit Authority

There is hereby created, as an instrumentality and agency of each of the signatory parties hereto, the Washington Metropolitan Area Transit Authority which shall be a body corporate and politic, and which shall have the powers and duties granted herein and such additional powers as may hereafter be conferred upon it pursuant to law.

5. Board Membership³

- (a) The Authority shall be governed by a Board of eight Directors consisting of two Directors for each Signatory and two for the federal government (one of whom shall be a regular passenger and customer of the bus or rail service of the Authority). For Virginia, the Directors shall be appointed by the Northern Virginia Transportation Commission; for the District of Columbia, by the Council of the District of Columbia; for Maryland, by the Washington Suburban Transit Commission; and for the federal government, by the Administrator of General Services. For Virginia and Maryland, the Directors shall be appointed from among the members of the appointing body, except as otherwise provided herein, and shall serve for a term coincident with their term on the appointing body. A Director for a Signatory may be removed or suspended from office only as provided by the law of the Signatory from which he was appointed. The nonfederal appointing authorities shall also appoint an alternate for each Director. In addition, the Administrator of General Services shall also appoint two nonvoting members who shall serve as the alternates for the federal Directors. An alternate Director may act only in the absence of the Director for whom he has been appointed an alternate, except that, in the case of the District of Columbia where only one Director and his alternate are present, such alternate may act on behalf of the absent Director. Each alternate, including the federal nonvoting Directors, shall serve at the pleasure of the appointing authority. In the event of a

vacancy in the Office of Director or alternate, it shall be filled in the same manner as an original appointment.

- (b) Before entering upon the duties of his office each Director and alternate Director shall take and subscribe to the following oath (or affirmation) of office or any such other oath or affirmation, if any, as the constitution or laws of the Government he represents shall provide:

“I, _____, hereby solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution and Laws of the state or political jurisdiction from which I was appointed as a Director (alternate director) of the Board of Washington Metropolitan Area Transit Authority and will faithfully discharge the duties of the office upon which I am about to enter.”

6. Compensation of Directors and Alternates

Members of the Board and alternates shall serve without compensation but may be reimbursed for necessary expenses incurred as an incident to the performance of their duties.

7. Organization and Procedure

The Board shall provide for its own organization and procedure. It shall organize annually by the election of a Chairman and Vice-Chairman from among its members. Meetings of the Board shall be held as frequently as the Board deems that the proper performance of its duties requires and the Board shall keep minutes of its meetings. The Board shall adopt rules and regulations governing its meeting, minutes and transactions.

8. Quorum and Actions by the Board^{4(8a)}

- (a) Four Directors or alternates consisting of at least one Director or alternate appointed from each Signatory, shall constitute a quorum and no action by the Board shall be effective unless a majority of the Board present and voting, which majority shall include at least one Director or alternate from each Signatory, concur therein; provided, however, that a plan of financing may be adopted or a mass transit plan adopted, altered, revised or amended by the unanimous vote of the Directors representing any two Signatories.
- (b) The actions of the Board shall be expressed by motion or resolution. Actions dealing solely with internal management of the Authority shall become effective when directed by the Board, but no other action shall become effective prior to the expiration of thirty days following its adoption; provided, however, that the Board may provide for the acceleration of any action upon a finding that such acceleration is required for the proper and timely performance of its functions.

9. Officers⁵

- (a) The officers of the Authority, none of whom shall be members of the Board, shall consist of a general manager, a secretary, a treasurer, a comptroller, an inspector general, and a general counsel and such other officers as the Board may provide. The Board shall fix and determine the compensation to be paid to all officers and, except for the general manager who shall be a full-time employee, all other officers may be hired on a full-time or part-time basis and may be compensated on a salary or fee basis, as the Board may determine. All employees and such officers as the Board may designate shall be appointed and removed by the general manager under such rules of procedure and standards as the Board may determine.

- (b) The general manager shall be the chief administrative officer of the Authority and, subject to policy direction by the Board, shall be responsible for all activities of the Authority.
- (c) The treasurer shall be the custodian of the funds of the Authority, shall keep an account of all receipts and disbursements and shall make payments only upon warrants duly and regularly signed by the Chairman or Vice-Chairman of the Board, or other person authorized by the Board to do so, and by the secretary or general manager; provided, however, that the Board may provide that warrants not exceeding such amounts or for such purposes as may from time to time be specified by the Board may be signed by the general manager or by persons designated by him.
- (d) The inspector general shall report to the Board and head the Office of the Inspector General, an independent and objective unit of the Authority that conducts and supervises audits, program evaluations, and investigations relating to Authority activities; promotes economy, efficiency, and effectiveness in Authority activities; detects and prevents fraud and abuse in Authority activities; and keeps the Board fully and currently informed about deficiencies in Authority activities as well as the necessity for and progress of corrective action.

- (c) Any contract or agreement made in contravention of this section may be declared void by the Board.

ARTICLE VI—PLANNING

13. Mass Transit Plan

- (a) The Board shall develop and adopt, and may from time to time review and revise, a mass transit plan for the immediate and long-range needs of the Zone. The mass transit plan shall include one or more plans designating (1) the transit facilities to be provided by the Authority, including the locations of terminals, stations, platforms, parking facilities and the character and nature thereof; (2) the design and location of such facilities; (3) whether such facilities are to be constructed or acquired by lease, purchase, or condemnation; (4) a timetable for the provision of such facilities; (5) the anticipated capital costs; (6) estimated operating expenses and revenues relating thereto; and (7) the various other factors and considerations, which, in the opinion of the Board, justify and require the projects therein proposed. Such plan shall specify the type of equipment to be utilized, the areas to be served, the routes and schedules of service expected to be provided and the probable fares and charges therefor.
- (b) In preparing the mass transit plan, and in any review of revision thereof, the Board shall make full utilization of all data, studies, reports and information available from the National Capital Transportation Agency and from any other agencies of the federal government, and from Signatories and the political subdivisions thereof.

14. Planning Process^{7(14b)}

- (a) The mass transit plan, and any revisions, alterations or amendments thereof, shall be coordinated, through the procedures hereinafter set forth, with
 - (1) other plans and programs affecting transportation in the Zone in order to achieve a balanced system of transportation, utilizing each mode to its best advantage;
 - (2) the general plan or plans for the development of the Zone; and
 - (3) the development plans of the various political subdivisions embraced within the Zone.
- (b) It shall be the duty and responsibility of each member of the Board to serve as liaison between the Board and the body which appointed him to the Board. To provide a framework for regional participation in the planning process, the Board shall create technical committees concerned with planning and collection and analyses of data relative to decision-making in the transportation planning process and the Mayor and

Council of the District of Columbia, the component governments of the Northern Virginia Transportation District and the Washington Suburban Transit District shall appoint representatives to such technical committees and otherwise cooperate with the Board in the formulation of a mass transit plan, or in revisions, alterations or amendments thereof.

- (c) The Board, in the preparation, revision, alteration or amendment of a mass transit plan, shall
 - (1) consider data with respect to current and prospective conditions in the Zone, including, without limitation, land use, population, economic factors affecting development plans, goals or objectives for the development of the Zone and the separate political subdivisions, transit demands to be generated by such development, travel patterns, existing and proposed transportation and transit facilities, impact of transit plans on the dislocation of families and businesses, preservation of the beauty and dignity of the Nation's Capital, factors affecting environmental amenities and aesthetics and financial resources;
 - (2) cooperate with and participate in any continuous, comprehensive transportation planning process cooperatively established by the highway agencies of the Signatories and the local political subdivisions in the Zone to meet the planning standards now or hereafter prescribed by the Federal-Aid Highway Acts; and
 - (3) to the extent not inconsistent with or duplicative of the planning process specified in subparagraph (2) of this paragraph (c), cooperate with the National Capital Planning Commission, the National Capital Regional Planning Council, the Washington Metropolitan Council of Governments, the Washington Metropolitan Area Transit Commission, the highway agencies of the Signatories, the Maryland-National Capital Park and Planning Commission, the Northern Virginia Regional Planning and Economic Development Commission, the Maryland State Planning Department and the Commission of Fine Arts. Such cooperation shall include the creation, as necessary, of technical committees composed of personnel, appointed by such agencies, concerned with planning and collection and analysis of data relative to decision-making in the transportation planning process.

- (a) Before a mass transit plan is adopted, altered, revised or amended, the Board shall transmit such proposed plan, alteration, revision or amendment for comment to the following and to such other agencies as the Board shall determine:
 - (1) the Mayor and Council of the District of Columbia, the Northern Virginia Transportation Commission and the Washington Suburban Transit Commission;
 - (2) the governing bodies of the counties and cities embraced within the Zone;

- (b) A copy of the proposed mass transit plan, amendment or revision, shall be kept at the office of the Board and shall be available for public inspection. Information with respect thereto shall be released to the public. After thirty days' notice published once a week for two successive weeks in one or more newspapers of general circulation within the Zone, a public hearing shall be held with respect to the proposed plan, alteration, revision or amendment. The thirty days' notice shall begin to run on the first day the notice appears in any such newspaper. The Board shall consider the evidence submitted and statements and comments made at such hearing and may make any changes in the proposed plan, amendment or revision which it deems appropriate and such changes may be made without further hearing.

ARTICLE VII—FINANCING

16. Policy

With due regard for the policy of Congress for financing a mass transit plan for the Zone set forth in Section 204(g) of the National Capital Transportation Act of 1960 (74 Stat. 537), it is hereby declared to be the policy of this Title that, as far as possible, the payment of all costs shall be borne by the persons using or benefiting from the Authority's facilities and services and any remaining costs shall be equitably shared among the federal, District of Columbia and participating local governments in the Zone. The allocation among such governments of such remaining costs shall be determined by agreement among them and shall be provided in the manner hereinafter specified.

17. Plan of Financing

- (a) The Authority, in conformance with said policy, shall prepare and adopt a plan for financing the construction, acquisition and operation of facilities specified in a mass transit plan adopted pursuant to Article VI hereof, or in any alteration, revision or amendment thereof. Such plan of financing shall specify the facilities to be constructed or acquired, the cost thereof, the principal amount of revenue bonds, equipment trust certificates and other evidences of debt proposed to be issued, the principal terms and provisions of all loans and underlying agreements and indentures, estimated operating expenses and revenues and the proposed allocation among the federal, District of Columbia, and participating local governments of the remaining costs and deficits, if any, and such other information as the Commission may consider appropriate.
- (b) Such plan of financing shall constitute a proposal to the interested governments for financial participation and shall not impose any obligation on any government and such obligations shall be created only as provided in Section 18 of this Article VII.

18. Commitments for Financial Participation^{9(18c); 10(18d)}

- (a) Commitments on behalf of the portion of the Zone located in Virginia shall be by contract or agreement by the Authority with the Northern Virginia Transportation District, or its component governments, as authorized in the Transportation District Act of 1964 (Ch. 631, 1964 Virginia Acts of Assembly), to contribute to the capital required for the construction and/or acquisition of facilities specified in a mass transit plan adopted as provided in Article VI, or any alteration, revision or amendment thereof, and for meeting expenses and obligations in the operation of such facilities. No such contract or agreement, however, shall be entered into by the Authority with the Northern Virginia Transportation District unless said District has entered into the contracts or agreements with its member governments, as contemplated by Section 1(b)(4) of Article 4 of said Act, which contracts or agreements expressly provide that such contracts or agreements shall inure to the benefit of the Authority and shall be enforceable by the Authority in accordance with the provisions of Section 2, Article 5 of said Act, and such contracts or agreements are acceptable to the Board. The General Assembly of Virginia hereby authorizes and designates the Authority as the agency to plan for and provide transit facilities and services for the area of Virginia encompassed within the Zone within the contemplation of Article 1, Section 3(c) of said Act.
- (b) Commitments on behalf of the portion of the Zone located in Maryland shall be by contract or agreement by the Authority with the Washington Suburban Transit District, pursuant to which the Authority undertakes to provide transit facilities and service in consideration for the agreement by said District to contribute to the capital required for the construction and/or acquisition of facilities specified in a mass transit plan adopted as provided in Article VI, or in any alteration, revision or amendment thereof, and for meeting expenses and obligations incurred in the operation of such facilities.
- (c) With respect to the District of Columbia and the federal government, the commitment or obligation to render financial assistance shall be created by appropriation or in such other manner, or by such other legislation, as the Congress shall determine. If prior to making such commitment by or on behalf of the District of Columbia, legislation is enacted by the Congress granting the governing body of the District of Columbia plenary power to create obligations and levy taxes, the commitment by the District of Columbia shall be by contract or agreement between the governing body of the District of Columbia and the Authority, pursuant to which the Authority undertakes, subject to the provisions of Section 20 hereof, to provide transit facilities and service in consideration for the undertaking by the District of Columbia to contribute to the capital required for the construction and/or acquisition of facilities specified in a mass transit plan adopted as provided in Article VI, or in any alteration, revision or amendment thereof, and for meeting expenses and obligations incurred in the operation of such facilities.
- (d) (1) All payments made by the local signatory governments for the Authority for the purpose of matching federal funds appropriated in any given year as authorized under Title VI, Section 601, Pub. L. 110-432 regarding funding of capital and preventative maintenance projects of the Authority shall be made from amounts derived from dedicated funding sources.
(2) For the purposes of this paragraph (d), a “dedicated funding source” means any source of funding that is earmarked or required under State or local law to be used to

match federal appropriations authorized under Title VI, Section 601, Pub. L. 110-432 for payments to the Authority.

19. Administrative Expenses

Prior to the time the Authority has receipts from appropriations and contracts or agreements as provided in Section 18 of this Article VII, the expenses of the Authority for administration and for preparation of a mass transit and financing plan, including all engineering, financial, legal and other services required in connection therewith, shall, to the extent funds for such expenses are not provided through grants by the federal government, be borne by the District of Columbia, by the Washington Suburban Transit District and the component governments of the Northern Virginia Transportation District. Such expenses shall be allocated among such governments on the basis of population as reflected by the latest available population statistics of the Bureau of the Census; provided, however, that upon the request of any Director the Board shall make the allocation upon estimates of population acceptable to the Board. The allocations shall be made by the Board and shall be included in the annual current expense budget prepared by the Board.

20. Acquisition of Facilities From Federal or Other Agencies

- (a) The Authority is authorized to acquire by purchase, lease or grant or in any manner other than condemnation, from the federal government, or any agency thereof, from the District of Columbia, Maryland or Virginia, or any political subdivision or agency thereof, any transit and related facilities, including real and personal property and all other assets, located within the Zone, whether in operation or under construction. Such acquisition shall be made upon such terms and conditions as may be agreed upon and subject to such authorization or approval by the Congress and the governing body of the District of Columbia, as may be required; provided, however, that if such acquisition imposes or may impose any further or additional obligation or liability upon the Washington Suburban Transit District, the Northern Virginia Transportation District, or any component government thereof, under any contract with the Authority, the Authority shall not make such acquisition until any such affected contract has been appropriately amended.
- (b) For such purpose, the Authority is authorized to assume all liabilities and contracts relating thereto, to assume responsibility as primary obligor, endorser or guarantor on any outstanding revenue bonds, equipment trust certificates or other form of indebtedness authorized in this Act issued by such predecessor agency or agencies and, in connection therewith, to become a party to, and assume the obligations of, any indenture or loan agreement underlying or issued in connection with any outstanding securities or debts.

21. Temporary Borrowing¹¹

The Board may borrow, in anticipation of receipts, from any Signatory, the Washington Suburban Transit District, the Northern Virginia Transportation District, or any component government thereof, or from any lending institution for any purposes of this Title, including administrative expenses. Such loans shall be for a term not to exceed two years and such rates of

interest as shall be acceptable to the Board. The Signatories and any such political subdivision or agency may, in its discretion, make such loans from any available money.

22. Funding

The Board shall not construct or acquire any of the transit facilities specified in a mass transit plan adopted pursuant to the provisions of Article VI of this Title, or in any alteration, revision or amendment thereof, nor make any commitments or incur any obligations with respect thereto until funds are available therefor.

ARTICLE VIII—BUDGET

23. Capital Budget

The Board shall annually adopt a capital budget, including all capital projects it proposes to undertake or continue during the budget period, containing a statement of the estimated cost of each project and the method of financing thereof.

24. Current Expense Budget

The Board shall annually adopt a current expense budget for each fiscal year. Such budget shall include the Board's estimated expenditures for administration, operation, maintenance and repairs, debt service requirements and payments to be made into any funds required to be maintained. The total of such expenses shall be balanced by the Board's estimated revenues and receipts from all sources, excluding funds included in the capital budget or otherwise earmarked for other purposes.

25. Adoption and Distribution of Budgets

- (a) Following the adoption by the Board of annual capital and current expense budgets, the general manager shall transmit certified copies of such budget to the principal budget officer of the federal government, the District of Columbia, the Washington Suburban Transit District and of the component governments of the Northern Virginia Transportation Commission at such time and in such manner as may be required under their respective budgetary procedures.
- (b) Each budget shall indicate the amounts, if any, required from the federal government, the government of the District of Columbia, the Washington Suburban Transit District and the component governments of the Northern Virginia Transportation District, determined in accordance with the commitments made pursuant to Article VII, Section 18 of this Title, to balance each of said budgets.

26. Payments

Subject to such review and approval as may be required by their budgetary or other applicable processes, the federal government, the Government of the District of Columbia, the Washington Suburban Transit District and the component governments of the Northern Virginia

Transportation District shall include in their respective budgets next to be adopted and appropriate or otherwise provide the amounts certified to each of them as set forth in the budgets.

ARTICLE IX—REVENUE BONDS

27. Borrowing Power

The Authority may borrow money for any of the purposes of this Title, may issue its negotiable bonds and other evidences of indebtedness in respect thereto and may mortgage or pledge its properties, revenues and contracts as security therefor.

All such bonds and evidences of indebtedness shall be payable solely out of the properties and revenues of the Authority. The bonds and other obligations of the Authority, except as may be otherwise provided in the indenture under which they were issued, shall be direct and general obligations of the Authority and the full faith and credit of the Authority are hereby pledged for the prompt payment of the debt service thereon and for the fulfillment of all other undertakings of the Authority assumed by it to or for the benefit of the holders thereof.

28. Funds and Expenses

The purposes of this Title shall include, without limitation, all costs of any project or facility or any part thereof, including interest during a period of construction and for a period not to exceed two years thereafter and any incidental expenses (legal, engineering, fiscal, financial, consultant and other expenses) connected with issuing and disposing of the bonds; all amounts required for the creation of an operating fund, construction fund, reserve fund, sinking fund or other special fund; all other expenses connected with administration, the planning, design, acquisition, construction, completion, improvement or reconstruction of any facility or any part thereof; and reimbursement of advances by the Board or by others for such purposes and for working capital.

29. Credit Excluded; Officers, State, Political Subdivisions and Agencies

The Board shall have no power to pledge the credit of any signatory party, political subdivision or agency thereof, or to impose any obligation for payment of the bonds upon any signatory party, political subdivision or agency thereof, but may pledge the contracts of such governments and agencies; provided, however, that the bonds may be underwritten in whole or in part as to principal and interest by the United States, or by any political subdivision or agency of any Signatory; provided, further, that any bonds underwritten in whole or in part as to principal and interest by the United States shall not be issued without approval of the Secretary of the Treasury. Neither the Directors nor any person executing the bonds shall be liable personally on the bonds of the Authority or be subject to any personal liability or accountability by reason of the issuance thereof.

30. Funding and Refunding

Whenever the Board deems it expedient, it may fund and refund the bonds and other obligations of the Authority whether or not such bonds and obligations have matured. It may

provide for the issuance, sale or exchange of refunding bonds for the purpose of redeeming or retiring any bonds (including the payment of any premium, duplicate interest or cash adjustment required in connection therewith) issued by the Authority or issued by any other issuing body, the proceeds of the sale of which have been applied to any facility acquired by the Authority or which are payable out of the revenues of any facility acquired by the Authority. Bonds may be issued partly to refund bonds and other obligations then outstanding, and partly for any other purpose of the Authority. All provisions of this Title applicable to the issuance of bonds are applicable to refunding bonds and to the issuance, sale or exchange thereof.

31. Bonds; Authorization Generally

Bonds and other indebtedness of the Authority shall be authorized by resolution of the Board. The validity of the authorization and issuance of any bonds by the Authority shall not be dependent upon nor affected in any way by: (i) the disposition of bond proceeds by the Board or by contract, commitment or action taken with respect to such proceeds; or (ii) the failure to complete any part of the project for which bonds are authorized to be issued. The Authority may issue bonds in one or more series and may provide for one or more consolidated bond issues, in such principal amounts and with such terms and provisions as the Board may deem necessary. The bonds may be secured by a pledge of all or any part of the property, revenues and franchises under its control. Bonds may be issued by the Authority in such amount, with such maturities and in such denominations and form or forms, whether coupon or registered, as to principal alone or as to both principal and interest, as may be determined by the Board. The Board may provide for redemption of bonds prior to maturity on such notice and at such time or times and with such redemption provisions, including premiums, as the Board may determine.

32. Bonds; Resolutions and Indentures Generally

The Board may determine and enter into indentures or adopt resolutions providing for the principal amount, date or dates, maturities, interest rate, or rates, denominations, form, registration, transfer, interchange and other provisions of the bonds and coupons and the terms and conditions upon which the same shall be executed, issued, secured, sold, paid, redeemed, funded and refunded. The resolution of the Board authorizing any bond or any indenture so authorized under which the bonds are issued may include all such covenants and other provisions not inconsistent with the provisions of this Title, other than any restriction on the regulatory powers vested in the Board by this Title, as the Board may deem necessary or desirable for the issue, payment, security, protection or marketing of the bonds, including without limitation covenants and other provisions as to the rates or amounts of fees, rents and other charges to be charged or made for use of the facilities; the use, pledge, custody, securing, application and disposition of such revenues, of the proceeds of the bonds and of any other moneys or contracts of the Authority; the operation, maintenance, repair and reconstruction of the facilities and the amounts which may be expended therefor; the sale, lease or other disposition of the facilities; the insuring of the facilities and of the revenues derived therefrom; the construction or other acquisition of other facilities; the issuance of additional bonds or other indebtedness; the rights of the bondholders and of any trustee for the bondholders upon default by the Authority or otherwise; and the modification of the provisions of the indenture and of the bonds. Reference on the face of the bonds to such resolution or indenture by its date of adoption or the apparent date

on the face thereof is sufficient to incorporate all of the provisions thereof and of this Title into the body of the bonds and their appurtenant coupons. Each taker and subsequent holder of the bonds or coupons, whether the coupons are attached to or detached from the bonds, has recourse to all of the provisions of the indenture and of this Title and is bound thereby.

33. Maximum Maturity

No bond or its terms shall mature in more than fifty years from its own date and in the event any authorized issue is divided into two or more series or divisions, the maximum maturity date herein authorized shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series or division of any authorized issue.

34. Tax Exemption

All bonds and all other evidences of debt issued by the Authority under the provisions of this Title and the interest thereon shall at all times be free and exempt from all taxation by or under authority of any signatory parties, except for transfer, inheritance and estate taxes.

35. Interest¹²

Bonds shall bear interest at such rate or rates as may be determined by the Board, payable annually or semiannually.

36. Place of Payment

The Board may provide for the payment of the principal and interest of bonds at any place or places within or without the signatory states, and in any specified lawful coin or currency of the United States of America.

37. Execution¹³

The Board may provide for the execution and authentication of bonds by the manual, lithographed or printed facsimile signature of members of the Board, and by additional authentication by a trustee or fiscal agent appointed by the Board; provided, however, that one of such signatures shall be manual. If any of the members whose signatures or countersignatures appear upon the bonds or coupons cease to be members before the delivery of the bonds or coupons, their signatures or countersignatures are nevertheless valid and of the same force and effect as if the members had remained in office until the delivery of bonds and coupons.

38. Holding Own Bonds

The Board shall have power out of any funds available therefor to purchase its bonds and may hold, cancel or resell such bonds.

39. Sale¹⁴

The Board may fix terms and conditions for the sale or other disposition of any authorized issue of bonds. The Board may sell bonds at less than their par or face value but no issue of bonds may be sold at an aggregate price below the par or face value thereof if such sale would result in a net interest cost to the Authority calculated upon the entire issue so sold in excess of the applicable rate determined by the Board, payable semiannually, computed with relation to the absolute maturity of the bonds according to standard tables of bond values, deducting the amount of any premiums to be paid on the redemption of any bonds prior to maturity. All bonds issued and sold pursuant to this Title may be sold in such manner, either at public or private sale, as the Board shall determine.

40. Negotiability

All bonds issued under the provision of this Title are negotiable instruments.

41. Bonds Eligible for Investment and Deposit

Bonds issued under the provisions of this Title are hereby made securities in which all public officers and public agencies of the Signatories and their political subdivisions and all banks, trust companies, savings and loan associations, investment companies and others carrying on a banking business, all insurance companies and insurance associations and others carrying on an insurance business, all administrators, executors, guardians, trustees and other fiduciaries, and all other persons may legally and properly invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any officer of any Signatory, or of any agency or political subdivision of any Signatory, for any purpose for which the deposit of bonds or other obligations of such Signatory is now or may hereafter be authorized by law.

42. Validation Proceedings

Prior to the issuance of any bonds, the Board may institute a special proceeding to determine the legality of proceedings to issue the bonds and their validity under the laws of any of the signatory parties. Such proceeding shall be instituted and prosecuted in rem and the final judgment rendered therein shall be conclusive against all persons whomsoever and against each of the signatory parties.

43. Recording

No indenture need be recorded or filed in any public office, other than the office of the Board. The pledge of revenues provided in any indenture shall take effect forthwith as provided therein and irrespective of the date of receipt of such revenues by the Board or the indenture trustee. Such pledge shall be effective as provided in the indenture without physical delivery of the revenues to the Board or to the indenture trustee.

44. Pledged Revenues

Bond redemption and interest payments shall, to the extent provided in the resolution or indenture, constitute a first, direct and exclusive charge and lien on all revenues received from the use and operation of the facility, and on any sinking or other funds created therefrom. All such revenues, together with interest thereon, shall constitute a trust fund for the security and payment of such bonds and except as and to the extent provided in the indenture with respect to the payment therefrom of expenses for other purposes including administration, operation, maintenance, improvements or extensions of the facilities or other purposes shall not be used or pledged for any other purpose so long as such bonds, or any of them, are outstanding and unpaid.

45. Remedies

The holder of any bond may for the equal benefit and protection of all holders of bonds similarly situated: (1) by mandamus or other appropriate proceedings require and compel the performance of any of the duties imposed upon the Board or assumed by it, its officers, agents or employees under the provisions of any indenture, in connection with the acquisition, construction, operation, maintenance, repair, reconstruction or insurance of the facilities, or in connection with the collection, deposit, investment, application and disbursement of the revenues derived from the operation and use of the facilities, or in connection with the deposit, investment and disbursement of the proceeds received from the sale of bonds; or (2) by action or suit in a court of competent jurisdiction of any signatory party require the Authority to account as if it were the trustee of an express trust, or enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the bonds. The enumeration of such rights and remedies does not, however, exclude the exercise or prosecution of any other rights or remedies available to the holders of bonds.

ARTICLE X—EQUIPMENT TRUST CERTIFICATES

46. Power

The Board shall have power to execute agreements, leases and equipment trust certificates with respect to the purchase of facilities or equipment such as cars, trolley buses and motor buses, or other craft, in the form customarily used in such cases and appropriate to effect such purchase, and may dispose of such equipment trust certificates in such a manner as it may determine to be for the best interests of the Authority. Each vehicle covered by an equipment trust certificate shall have the name of the owner and lessor plainly marked upon both sides thereof, followed by the words “Owner and Lessor.”

47. Payments

All monies required to be paid by the Authority under the provisions of such agreements, leases and equipment trust certificates shall be payable solely from the revenue to be derived from the operation of the transit system or from such grants, loans, appropriations or other revenues, as may be available to the Board under the provisions of this Title. Payment for such facilities or equipment, or rentals thereof, may be made in installments, and the deferred

installments may be evidenced by equipment trust certificates as aforesaid, and title to such facilities or equipment may not vest in the Authority until the equipment trust certificates are paid.

48. Procedure

The agreement to purchase facilities or equipment by the Board may direct the vendor to sell and assign the equipment to a bank or trust company, duly authorized to transact business in any of the signatory states, or to the Housing and Home Finance Administrator, as trustee, lessor or vendor, for the benefit and security of the equipment trust certificates and may direct the trustee to deliver the facilities and equipment to one or more designated officers of the Board and may authorize the trustee simultaneously therewith to execute and deliver a lease of the facilities or equipment to the Board.

49. Agreements and Leases

The agreements and leases shall be duly acknowledged before some person authorized by law to take acknowledgments of deeds and in the form required for acknowledgment of deeds and such agreements, leases and equipment trust certificates shall be authorized by resolution of the Board and shall contain such covenants, conditions and provisions as may be deemed necessary or appropriate to insure the payment of the equipment trust certificates from the revenues to be derived from the operation of the transit system and other funds.

The covenants, conditions and provisions of the agreements, leases and equipment trust certificates shall not conflict with any of the provisions of any resolution or trust agreement securing the payment of bonds or other obligations of the Authority then outstanding or conflict with or be in derogation of the rights of the holders of any such bonds or other obligations.

50. Law Governing

The equipment trust certificates issued hereunder shall be governed by Laws of the District of Columbia and for this purpose the chief place of business of the Authority shall be considered to be the District of Columbia. The filing of any documents required or permitted to be filed shall be governed by the Laws of the District of Columbia.

ARTICLE XI—OPERATION OF FACILITIES

51. Operation by Contract or Lease¹⁵

Any facilities and properties owned or controlled by the Authority may be operated by the Authority directly or by others pursuant to contract or lease as the Board may determine.

52. The Operating Contract

Without limitation upon the right of the Board to prescribe such additional terms and provisions as it may deem necessary and appropriate, the operating contract shall:

- (a) specify the services and functions to be performed by the Contractor;

- (b) provide that the Contractor shall hire, supervise and control all personnel required to perform the services and functions assumed by it under the operating contract and that all such personnel shall be employees of the Contractor and not of the Authority;
- (c) require the Contractor to assume the obligations of the labor contract or contracts of any transit company which may be acquired by the Authority and assume the pension obligations of any such transit company;
- (d) require the Contractor to comply in all respects with the labor policy set forth in Article XIV of this Title;
- (e) provide that no transfer of ownership of the capital stock, securities or interests in any Contractor, whose principal business is the operating contract, shall be made without written approval of the Board and the certificates or other instruments representing such stock, securities or interests shall contain a statement of this restriction;
- (f) provide that the Board shall have the sole authority to determine the rates or fares to be charged, the routes to be operated and the service to be furnished;
- (g) specify the obligations and liabilities which are to be assumed by the Contractor and those which are to be the responsibility of the Authority;
- (h) provide for an annual audit of the books and accounts of the Contractor by an independent certified public accountant to be selected by the Board and for such other audits, examinations and investigations of the books and records, procedures and affairs of the Contractor at such times and in such manner as the Board shall require, the costs of such audits, examinations and investigations to be borne as agreed by the parties in the operating contract; and
- (i) provide that no operating contract shall be entered into for a term in excess of five years; provided, that any such contract may be renewed for successive terms, each of which shall not exceed five years. Any such operating contract shall be subject to termination by the Board for cause only.

53. Compensation for Contractor

Compensation to the Contractor under the operating contract may, in the discretion of the Board, be in the form of (1) a fee paid by the Board to the Contractor for services, (2) a payment by the Contractor to the Board for the right to operate the system, or (3) such other arrangement as the Board may prescribe; provided, however, that the compensation shall bear a reasonable relationship to the benefits to the Authority and to the estimated costs the Authority would incur in directly performing the functions and duties delegated under the operating contract; and provided, further, that no such contract shall create any right in the Contractor (1) to make or change any rate or fare or alter or change the service specified in the contract to be provided or (2) to seek judicial relief by any form of original action, review or other proceedings from any rate or fare or service prescribed by the Board. Any assertion, or attempted assertion, by the Contractor of the right to make or change any rate or fare or service prescribed by the Board shall constitute cause for termination of the operating contract. The operating contract may provide incentives for efficient and economical management.

54. Selection of Contractor

The Board shall enter into an operating contract only after formal advertisement and negotiations with all interested and qualified parties, including private transit companies rendering transit service within the Zone; provided, however, that, if the Authority acquires transit facilities from any agency of the federal or District of Columbia governments, in accordance with the provisions of Article VII, Section 20 of this Title, the Authority shall assume the obligations of any operating contract which the transferor agency may have entered into.

ARTICLE XII—COORDINATION OF PRIVATE AND PUBLIC FACILITIES

55. Declaration of Policy

It is hereby declared that the interest of the public in efficient and economical transit service and in the financial well-being of the Authority and of the private transit companies requires that the public and private segments of the regional transit system be operated, to the fullest extent possible, as a coordinated system without unnecessary duplicating service.

56. Implementation of Policy^{16(56e)}

In order to carry out the legislative policy set forth in Section 55 of this Article XII

(a) The Authority—

- (1) except as herein provided, shall not, directly or through a Contractor, perform transit service by bus or similar motor vehicles;
- (2) shall, in cooperation with the private carriers and WMATC, coordinate to the fullest extent practicable, the schedules for service performed by its facilities with the schedules for service performed by private carriers; and
- (3) shall enter into agreements with the private carriers to establish and maintain, subject to approval by WMATC, through routes and joint fares and provide for the division thereof, or, in the absence of such agreements, establish and maintain through routes and joint fares in accordance with orders issued by WMATC directed to the private carriers when the terms and conditions for such through service and joint fares are acceptable to it.

(b) The WMATC, upon application, complaint, or upon its own motion, shall—

- (1) direct private carriers to coordinate their schedules for service with the schedules for service performed by facilities owned or controlled by the Authority;
- (2) direct private carriers to improve or extend any existing services or provide additional service over additional routes;
- (3) authorize a private carrier, pursuant to agreement between said carrier and the Authority, to establish and maintain through routes and joint fares for transportation to be rendered with facilities owned or controlled by the Authority if, after hearing held upon reasonable notice, WMATC finds that such through routes and joint fares are required by the public interest; and
- (4) in the absence of such an agreement with the Authority, direct a private carrier to establish and maintain through routes and joint fares with the Authority, if, after

hearing held upon reasonable notice, WMATC finds that such through service and joint fares are required by the public interest; provided, however, that no such order, rule or regulation of WMATC shall be construed to require the Authority to establish and maintain any through route and joint fare.

- (c) WMATC shall not authorize or require a private carrier to render any service, including the establishment or continuation of a joint fare for a through route service with the Authority which is based on a division thereof between the Authority and private carrier which does not provide a reasonable return to the private carrier, unless the carrier is currently earning a reasonable return on its operation as a whole in performing transportation subject to the jurisdiction of WMATC. In determining the issue of reasonable return, WMATC shall take into account any income attributable to the carrier, or to any corporation, firm or association owned in whole or in part by the carrier, from the Authority whether by way of payment for services or otherwise.
- (d) If the WMATC is unable, through the exercise of its regulatory powers over the private carriers granted in paragraph (b) hereof or otherwise, to bring about the requisite coordination of operations and service between the private carriers and the Authority, the Authority may in the situations specified in paragraph (b) hereof, cause such transit service to be rendered by its Contractor by bus or other motor vehicle, as it shall deem necessary to effectuate the policy set forth in Section 55 hereof. In any such situation, the Authority, in order to encourage private carriers to render bus service to the fullest extent practicable, may, pursuant to agreement, make reasonable subsidy payments to any private carrier.
- (e) The Authority may acquire the capital stock or the transit facilities of any private transit company and may perform transit service, including service by bus or similar motor vehicle, with transit facilities so acquired, or with transit facilities acquired pursuant to Article VII, Section 20. Upon acquisition of the capital stock or the transit facilities of any private transit company, the Authority shall undertake the acquisition, as soon as possible, of the capital stock or the transit facilities of each of the other private transit companies within the Zone requesting such acquisition. Lack of such request, however, shall not be construed to preclude the Authority from acquiring the capital stock or the transit facilities of any such company pursuant to Section 82 of Article XVI.

57. Rights of Private Carriers Unaffected

Nothing in this Title shall restrict or limit such rights and remedies, if any, that any private carrier may have against the Authority arising out of acts done or actions taken by the Authority hereunder. In the event any court of competent jurisdiction shall determine that the Authority has unlawfully infringed any rights of any private carrier or otherwise caused or permitted any private carrier to suffer legally cognizable injury, damages or harm and shall award a judgment therefor, such judgment shall constitute a lien against any and all of the assets and properties of the Authority.

58. Financial Assistance to Private Carriers

- (a) The Board may accept grants from and enter into loan agreements with the Housing and Home Finance Administrator, pursuant to the provisions of the Urban Mass

Transportation Act of 1964 (78 Stat. 302), or with any successor agency or under any law of similar purport, for the purpose of rendering financial assistance to private carriers.

- (b) An application by the Board for any such grant or loan shall be based on and supported by a report from WMATC setting forth for each private carrier to be assisted (1) the equipment and facilities to be acquired, constructed, reconstructed or improved, (2) the service proposed to be rendered by such equipment and facilities, (3) the improvement in service expected from such facilities and equipment, (4) how the use of such facilities and equipment will be coordinated with the transit facilities owned by the Authority, (5) the ability of the affected private carrier to repay any such loans or grants and (6) recommended terms for any such loans or grants.
- (c) Any equipment or facilities acquired, constructed, reconstructed or improved with the proceeds of such grants or loans shall be owned by the Authority and may be made available to private carriers only by lease or other agreement which contain provisions acceptable to the Housing and Home Finance Administrator assuring that the Authority will have satisfactory continuing control over the use of such facilities and equipment.

ARTICLE XIII—JURISDICTION; RATES AND SERVICE

59. Washington Metropolitan Area Transit Commission

Except as provided herein, this Title shall not affect the functions and jurisdiction of WMATC, as granted by Titles I and II of this Compact, over the transportation therein specified and the persons engaged therein and the Authority shall have no jurisdiction with respect thereto.

60. Public Facilities

Service performed by transit facilities owned or controlled by the Authority, and the rates and fares to be charged for such service, shall be subject to the sole and exclusive jurisdiction of the Board and, notwithstanding any other provision in this Compact contained, WMATC shall have no authority with respect thereto, or with respect to any contractor in connection with the operation by it of transit facilities owned or controlled by the Authority. The determinations of the Board with respect to such matters shall not be subject to judicial review nor to the processes of any court.

61. Standards

Insofar as practicable, and consistent with the provision of adequate service at reasonable fares, the rates and fares and service shall be fixed by the Board so as to result in revenues which will:

- (a) pay the operating expenses and provide for repairs, maintenance and depreciation of the transit systems owned or controlled by the Authority;
- (b) provide for payment of all principal and interest on outstanding revenue bonds and other obligations and for payment of all amounts to sinking funds and other funds as may be required by the terms of any indenture or loan agreement;

- (c) provide for the purchase, lease or acquisition of rolling stock, including provisions for interest, sinking funds, reserve funds or other funds required for payment of any obligations incurred by the Authority for the acquisition of rolling stock; and
- (d) provide funds for any purpose the Board deems necessary and desirable to carry out the purposes of this Title.

62. Hearings¹⁷

- (a) The Board shall not raise any fare or rate, nor implement a major service reduction, except after holding a public hearing with respect thereto.
- (b) Any Signatory, any political subdivision thereof, any agency of the federal government and any person, firm or association served by or using the transit facilities of the Authority and any private carrier may file a request with the Board for a hearing with respect to any rates or charges made by the Board or any service rendered with the facilities owned or controlled by the Authority. Such request shall be in writing, shall state the matter on which a hearing is requested and shall set forth clearly the matters and things on which the request relies. As promptly as possible after such a request is filed, the Board, or such officer or employee as it may designate, shall confer with the protestant with respect to the matters complained of. After such conference, the Board, if it deems the matter meritorious and of general significance, may call a hearing with respect to such request.
- (c) The Board shall give at least fifteen days' notice for all public hearings. The notice shall be given by publication in a newspaper of daily circulation throughout the Transit Zone and such notice shall be published once a week for two successive weeks. The notice period shall start with the first day of publication. Notices of public hearings shall be posted in accordance with regulations promulgated by the Board.
- (d) Prior to calling a hearing on any matter specified in this section, the Board shall prepare and file at its main office and keep open for public inspection its report relating to the proposed action to be considered at such hearing. Upon receipt by the Board of any report submitted by WMATC, in connection with a matter set for hearing, pursuant to the provisions of Section 63 of this Article XIII, the Board shall file such report at its main office and make it available for public inspection. For hearings called by the Board pursuant to paragraph (b), above, the Board also shall cause to be lodged and kept open for public inspection the written request upon which the hearing is granted and all documents filed in support thereof.

63. Reference of Matters to WMATC

To facilitate the attainment of public policy objectives for operation of the publicly and privately owned or controlled transit facilities as stated in Article XII, Section 55, prior to the hearings provided for by Section 62 hereof—

- (a) The Board shall refer to WMATC for its consideration and recommendations, any matter which the Board considers may affect the operation of the publicly and privately owned or controlled transit facilities as a coordinated regional transit system and any matter for which the Board has called a hearing, pursuant to Section 62 of this Article XIII, except

that temporary or emergency changes in matters affecting service shall not be referred; and

- (b) WMATC, upon such reference of any matter to it, shall give the referred matter preference over any other matters pending before it and shall, as expeditiously as practicable, prepare and transmit its report thereon to the Board. The Board may request WMATC to reconsider any part of its report or to make any supplemental reports it deems necessary. All of such reports shall be advisory only.
- (c) Any report submitted by WMATC to the Board shall consider, without limitation, the probable effect of the matter or proposal upon the operation of the publicly and privately owned or controlled transit facilities as a coordinated regional system, passenger movements, fare structures, service and the impact on the revenues of both the public and private facilities.

ARTICLE XIV—LABOR POLICY

64. Construction

The Board shall take such action as may be necessary to insure that all laborers and mechanics employed by contractors or subcontractors in the construction, alteration or repair, including painting and decorating, of projects, buildings and works which are undertaken by the Authority or are financially assisted by it, shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a-276a-5), and every such employee shall receive compensation at a rate not less than one and one-half times his basic rate of pay for all hours worked in any workweek in excess of eight hours in any workday or forty hours in any workweek, as the case may be. A provision stating the minimum wages thus determined and the requirement that overtime be paid as above provided shall be set out in each project advertisement for bids and in each bid proposal form and shall be made a part of the contract covering the project, which contract shall be deemed to be a contract of the character specified in Section 103 of the Contract Work Hours Standards Act (76 Stat. 357), as now or as may hereafter be in effect. The Secretary of Labor shall have, with respect to the administration and enforcement of the labor standards specified in this provision, the supervisory, investigatory and other authority and functions set forth in Reorganization Plan No. 14 of 1950 (15 F.R. 3176, 64 Stat. 1267, 5 U.S.C. 133z-15), and section 2 of the Act of June 13, 1934, as amended (48 Stat. 948, as amended; 40 U.S.C. 276(c)). The requirements of this section shall also be applicable with respect to the employment of laborers and mechanics in the construction, alteration or repair, including painting and decorating, of the transit facilities owned or controlled by the Authority where such activities are performed by a contractor pursuant to agreement with the operator of such facilities.

65. Equipment and Supplies

Contracts for the manufacture or furnishing of materials, supplies, articles and equipment shall be subject to the provisions of the Walsh-Healey Public Contracts Act (41 U.S.C. 35 et seq.), as now or as may hereafter be in effect.

66. Operations¹⁸

- (a) The rights, benefits and other employee protective conditions and remedies of section 13(c) of the Urban Mass Transportation Act of 1964, as amended (49 U.S.C. 1609(c)), as determined by the Secretary of Labor, shall apply to the operation by the Washington Metropolitan Area Transit Authority of any mass transit facilities owned or controlled by it and to any contract or other arrangement for the operation of transit facilities. Whenever the Authority shall operate any transit facility or enter into any contractual or other arrangements for the operation of such transit facility the Authority shall extend to employees of affected mass transportation systems first opportunity for transfer and appointment as employees of the Authority in accordance with seniority, in any nonsupervisory job in respect to such operations for which they can qualify after a reasonable training period. Such employment shall not result in any worsening of the employee's position in his former employment nor any loss of wages, hours, working conditions, seniority, fringe benefits and rights and privileges pertaining thereto.
- (b) The Authority shall deal with and enter into written contracts with employees as defined in section 152 of Title 29, United States Code, through accredited representatives of such employees or representatives of any labor organization authorized to act for such employees concerning wages, salaries, hours, working conditions and pension or retirement provisions.
- (c) In case of any labor dispute involving the Authority and such employees where collective bargaining does not result in agreement, the Authority shall submit such dispute to arbitration by a board composed of three persons, one appointed by the Authority, one appointed by the labor organization representing the employees, and a third member to be agreed upon by the labor organization and the Authority. The member agreed upon by the labor organization and the Authority shall act as chairman of the board. The determination of the majority of the board of arbitration, thus established shall be final and binding on all matters in dispute. If after a period of ten days from the date of the appointment of the two arbitrators representing the Authority and the labor organization, the third arbitrator has not been selected, then either arbitrator may request the Federal Mediation and Conciliation Service to furnish a list of five persons from which the third arbitrator shall be selected. The arbitrators appointed by the Authority and the labor organization, promptly after the receipt of such list shall determine by lot the order of elimination, and thereafter each shall in that order alternatively eliminate one name until only one name remains. The remaining person on the list shall be the third arbitrator. The term "labor dispute" shall be broadly construed and shall include any controversy concerning wages, salaries, hours, working conditions, or benefits including health and welfare, sick leave, insurance or pension or retirement provisions but not limited thereto, and including any controversy concerning any differences or questions that may arise between the parties including but not limited to the making or maintaining of collective bargaining agreements, the terms to be included in such agreements, and the interpretation or application of such collective bargaining agreements and any grievance that may arise and questions concerning representation. Each party shall pay one-half of the expenses of such arbitration.
- (d) The Authority is hereby authorized and empowered to establish and maintain a system of pensions and retirement benefits for such officers and employees of the Authority as may

be designated or described by resolution of the Authority; to fix the terms of and restrictions on admission to such system and the classifications therein; to provide that persons eligible for admission in such pension system shall not be eligible for admission to, or receive any benefits from, any other pension system (except Social Security benefits), which is financed or funded, in whole or in part, directly or indirectly by funds paid or appropriated by the Authority to such other pension system, and to provide in connection with such pension system, a system of benefits payable to the beneficiaries and dependents of any participant in such pension system after the death of such participant (whether accidental or otherwise, whether occurring in the actual performance of duty or otherwise, or both) subject to such exceptions, conditions, restrictions and classifications as may be provided by resolution of the Authority. Such pension system shall be financed or funded by such means and in such manner as may be determined by the Authority to be economically feasible. Unless the Authority shall otherwise determine, no officer or employee of the Authority and no beneficiary or dependent of any such officer or employee shall be eligible to receive any pension or retirement or other benefits both from or under any such pension system and from or under any pension or retirement system established by an acquired transportation system or established or provided for, by or under the provisions of any collective bargaining agreement between the Authority and the representatives of its employees.

- (e) Whenever the Authority acquires existing transit facilities from a public or privately owned utility either in proceeding by eminent domain or otherwise, the Authority shall assume and observe all existing labor contracts and pension obligations. When the Authority acquires an existing transportation system, all employees who are necessary for the operation thereof by the Authority shall be transferred to and appointed as employees of the Authority, subject to all the rights and benefits of this Title. These employees shall be given seniority credit and sick leave, vacation, insurance and pension credits in accordance with the records or labor agreements from the acquired transportation system. Members and beneficiaries of any pension or retirement system or other benefits established by the acquired transportation system shall continue to have rights, privileges, benefits, obligations and status with respect to such established system. The Authority shall assume the obligations of any transportation system acquired by it with regard to wages, salaries, hours, working conditions, sick leave, health and welfare and pension or retirement provisions for employees. It shall assume the provisions of any collective bargaining agreement between such acquired transportation system and the representatives of its employees. The Authority and the employees, through their representatives for collective bargaining purposes, shall take whatever action may be necessary to have pension trust funds presently under the joint control of the acquired transportation system and the participating employees through their representative transferred to the trust fund to be established, maintained and administered jointly by the Authority and the participating employees through their representatives. No employee of any acquired transportation system who is transferred to a position with the Authority shall by reason of such transfer be placed in any worse position with respect to workmen's compensation, pension, seniority, wages, sick leave, vacation, health and welfare insurance or any other benefits, than he enjoyed as an employee of such acquired transportation system.

ARTICLE XV—RELOCATION ASSISTANCE

67. Relocation Program and Payments

Section 7 of the Urban Mass Transportation Act of 1964, and as the same may from time to time be amended, and all regulations promulgated thereunder, are hereby made applicable to individuals, families, business concerns and non-profit organizations displaced from real property by actions of the Authority without regard to whether financial assistance is sought by or extended to the Authority under any provision of that Act; provided, however, that in the event real property is acquired for the Authority by an agency of the federal government, or by a State or local agency or instrumentality, the Authority is authorized to reimburse the acquiring agency for relocation payments made by it.

68. Relocation of Public or Public Utility Facilities

Notwithstanding the provisions of Section 67 of this Article XV, any highway or other public facility or any facilities of a public utility company which will be dislocated by reason of a project deemed necessary by the Board to effectuate the authorized purposes of this Title shall be relocated if such facilities are devoted to a public use, and the reasonable cost of relocation, if substitute facilities are necessary, shall be paid by the Board from any of its monies.

ARTICLE XVI—GENERAL PROVISIONS

69. Creation and Administration of Funds¹⁹

- (a) The Board may provide for the creation and administration of such funds as may be required. The funds shall be disbursed in accordance with rules established by the Board and all payments from any fund shall be reported to the Board. Monies in such funds and other monies of the Authority shall be deposited, as directed by the Board, in any branch or subsidiary of any state or national bank which has operations within the Zone, and having a total paid-in capital of at least one million dollars (\$1,000,000). The trust department of any state or national bank may be designated as a depository to receive any securities acquired or owned by the Authority. The restriction with respect to paid-in capital may be waived for any such bank which agrees to pledge federal securities to protect the funds and securities of the Authority in such amounts and pursuant to such arrangements as may be acceptable to the Board.
- (b) Any monies of the Authority may, in the discretion of the Board and subject to any agreement or covenant between the Authority and the holders of any of its obligations limiting or restricting classes of investments, be invested in:
 - (1) Direct obligations of or obligations guaranteed by the United States of America;
 - (2) Bonds, debentures, notes or other evidences of indebtedness issued by agencies of the United States of America, including but not limited to the following: Bank for Cooperatives; Federal Intermediate Credit Banks; Federal Home Loan Bank System; Export-Import Bank of the United States; Federal Land Banks; Federal National Mortgage Association; Student Loan Marketing Association; Government National Mortgage Association; Tennessee Valley Authority; or United States Postal Service;

- (4) Domestic and Eurodollar certificates of deposits; and
- (5) Bonds, debentures, notes or other evidences of indebtedness issued by a domestic corporation, such as a corporation organized under the laws of one of the states of the United States, provided that such obligations are nonconvertible and at the time of their purchase are rated in the highest rating categories by a nationally recognized bond rating agency.

70. Annual Independent Audit^{20(70a)}

- (a) As soon as practical after the closing of the fiscal year, an audit shall be made of the financial accounts of the Authority. The audit shall be made by qualified certified public accountants selected by the Board, who shall have no personal interest direct or indirect in the financial affairs of the Authority or any of its officers or employees. The report of audit shall be prepared in accordance with generally accepted auditing principles and shall be filed with the Chairman and other officers as the Board shall direct. Copies of the report shall be distributed to each Director, to the Congress, to the Mayor and Council of the District of Columbia, to the Governors of Virginia and Maryland, to the Washington Suburban Transit Commission, to the Northern Virginia Transportation Commission and to the governing bodies of the political subdivisions located within the Zone which are parties to commitments for participation in the financing of the Authority and shall be made available for public distribution.
- (b) The financial transactions of the Board shall be subject to audit by the United States General Accounting Office in accordance with the principles and procedures applicable to commercial corporate transactions and under such rules and regulations as may be prescribed by the Comptroller General of the United States. The audit shall be conducted at the place or places where the accounts of the Board are kept.
- (c) Any Director, officer or employee who shall refuse to give all required assistance and information to the accountants selected by the Board or who shall refuse to submit to them for examination such books, documents, records, files, accounts, papers, things or property as may be requested shall, in the discretion of the Board forfeit his office.

71. Reports

The Board shall make and publish an annual report on its programs, operations and finances, which shall be distributed in the same manner provided by Section 70 of this Article XVI for the report of annual audit. It may also prepare, publish and distribute such other public reports and informational materials as it may deem necessary or desirable.

72. Insurance

The Board may self-insure or purchase insurance and pay the premiums therefor against loss or damage to any of its properties; against liability for injury to persons or property; and against

loss of revenue from any cause whatsoever. Such insurance coverage shall be in such form and amount as the Board may determine, subject to the requirements of any agreement arising out of issuance of bonds or other obligations by the Authority.

73. Contracting and Purchasing²¹

- (a)(1) Except as provided in subsections (b), (c) and (f) of this section, and except in the case of procurement procedures otherwise expressly authorized by statute, the Authority in conducting a procurement of property, services or construction shall:
 - (A) obtain full and open competition through the use of competitive procedures in accordance with the requirements of this section; and
 - (B) use the competitive procedure or combination of competitive procedures that is best suited under the circumstances of the procurement.
- (2) In determining the competitive procedure appropriate under the circumstances, the Authority shall:
 - (A) solicit sealed bids if:
 - (i) time permits the solicitation, submission and evaluation of sealed bids;
 - (ii) the award will be made on the basis of price and other price-related factors;
 - (iii) it is not necessary to conduct discussions with the responding sources about their bids; and
 - (iv) there is a reasonable expectation of receiving more than one sealed bid; or
 - (B) request competitive proposals if sealed bids are not appropriate under clause (A) of this paragraph.
- (b) The Authority may provide for the procurement of property, services or construction covered by this section using competitive procedures but excluding a particular source in order to establish or maintain an alternative source or sources of supply for that property, service or construction if the Authority determines that excluding the source would increase or maintain competition and would likely result in reduced overall costs for procurement of property, services or construction.
- (c) The Authority may use procedures other than competitive procedures if:
 - (1) the property, services or construction needed by the Authority is available from only one responsible source and no other type of property, services or construction will satisfy the needs of the Authority; or
 - (2) the Authority's need for the property, services or construction is of such an unusual and compelling urgency that the Authority would be seriously injured unless the Authority limits the number of sources from which it solicits bids or proposals; or
 - (3) the Authority determines that it is necessary in the public interest to use procedures other than competitive procedures in the particular procurement; or
 - (4) the property or services can be obtained through federal or other governmental sources at reasonable prices.
- (d) For the purpose of applying subsection (c)(1) of this section:
 - (1) in the case of a contract for property, services or construction to be awarded on the basis of acceptance of an unsolicited proposal, the property, services or construction shall be deemed to be available from only one responsible source if the source has submitted an unsolicited proposal that demonstrates a concept:

- (A) that is unique and innovative or, in the case of a service, for which the source demonstrates a unique capability to provide the service; and
- (B) the substance of which is not otherwise available to the Authority and does not resemble the substance of a pending competitive procurement.
- (2) in the case of a follow-on contract for the continued development or production of a major system or highly specialized equipment or the continued provision of highly specialized services, the property, services or construction may be deemed to be available from only the original source and may be procured through procedures other than competitive procedures if it is likely that award to a source other than the original source would result in:
 - (A) substantial duplication of cost to the Authority that is not expected to be recovered through competition; or
 - (B) unacceptable delays in fulfilling the Authority's needs.
- (e) If the Authority uses procedures other than competitive procedures to procure property, services or construction under subsection (c)(2) of this section, the Authority shall request offers from as many potential sources as is practicable under the circumstances.
- (f) (1) To promote efficiency and economy in contracting, the Authority may use simplified acquisition procedures for purchases of property, services and construction.
- (2) For the purposes of this subsection, simplified acquisition procedures may be used for purchases for an amount that does not exceed the simplified acquisition threshold adopted by the federal government.
- (3) A proposed purchase or contract for an amount above the simplified acquisition threshold may not be divided into several purchases or contracts for lesser amounts in order to use the procedures under paragraph (1) of this subsection.
- (4) In using simplified acquisition procedures, the Authority shall promote competition to the maximum extent practicable.
- (g) The Board shall adopt policies and procedures to implement this section. The policies and procedures shall provide for publication of notice of procurements and other actions designed to secure competition where competitive procedures are used.
- (h) The Authority in its discretion may reject any and all bids or proposals received in response to a solicitation.

74. Rights of Way

The Board is authorized to locate, construct and maintain any of its transit and related facilities in, upon, over, under or across any streets, highways, freeways, bridges and any other vehicular facilities, subject to the applicable laws governing such use of such facilities by public agencies. In the absence of such laws, such use of such facilities by the Board shall be subject to such reasonable conditions as the highway department or other affected agency of a signatory party may require; provided, however, that the Board shall not construct or operate transit or related facilities upon, over or across any parkways or park lands without the consent of, and except upon the terms and conditions required by, the agency having jurisdiction with respect to such parkways and park lands, but may construct or operate such facilities in a subway under such parkways or park lands upon such reasonable terms and conditions as may be specified by the agency having jurisdiction with respect thereto.

75. Compliance with Laws, Regulations and Ordinances

The Board shall comply with all laws, ordinances and regulations of the Signatories and political subdivisions and agencies thereof with respect to use of streets, highways and all other vehicular facilities, traffic control and regulation, zoning, signs and buildings.

76. Police^{22(76a & c); 23(76b & e)}

- (a) The Authority is authorized to establish and maintain a regular police force, to be known as the Metro Transit Police, to provide protection for its patrons, personnel, and transit facilities. The Metro Transit Police shall have the powers and duties and shall be subject to the limitations set forth in this section. It shall be composed of both uniformed and plainclothes personnel and shall be charged with the duty of enforcing the laws of the Signatories, and the laws, ordinances and regulations of the political subdivisions thereof in the Transit Zone, and the rules and regulations of the Authority. The jurisdiction of the Metro Transit Police shall be limited to all the transit facilities (including bus stops) owned, controlled or operated by the Authority, but this restriction shall not limit the power of the Metro Transit Police to make arrests in the Transit Zone for violations committed upon, to or against such transit facilities committed from within or outside such transit facilities, while in hot or close pursuit or to execute traffic citations and criminal process in accordance with subsection (c) below. The members of the Metro Transit Police shall have concurrent jurisdiction in the performance of their duties with the duly constituted law enforcement agencies of the Signatories and of the political subdivisions thereof in which any transit facility of the Authority is located or in which the Authority operates any transit service. Nothing contained in this section shall either relieve any Signatory or political subdivision or agency thereof from its duty to provide police, fire and other public safety service and protection, or limit, restrict or interfere with the jurisdiction of or the performance of duties by the existing police, fire and other public safety agencies. For purposes of this section, “bus stop” means that area within 150 feet of a metrobus bus stop sign, excluding the interior of any building not owned, controlled or operated by the Washington Metropolitan Area Transit Authority.
- (b) A member of the Metro Transit Police shall have the same powers, including the power of arrest, and shall be subject to the same limitations, including regulatory limitations, in the performance of his duties as a member of the duly constituted police force of the political subdivision in which the Metro Transit Police member is engaged in the performance of his duties. A member of the Metro Transit Police is authorized to carry and use only such weapons, including handguns, as are issued by the Authority. A member of the Metro Transit Police is subject to such additional limitations in the use of weapons as are imposed on the duly constituted police force for the political subdivision in which he is engaged in the performance of his duties.
- (c) Members of the Metro Transit Police shall have power to execute on the transit facilities owned, controlled or operated by the Authority any traffic citation or any criminal process issued by any court of any Signatory or of any political subdivision of a Signatory, for any felony, misdemeanor or other offense against the laws, ordinances, rules or regulations specified in subsection (a). However, with respect to offenses committed upon, to, or against the transit facilities owned, controlled or operated by the

Authority, the Metro Transit Police shall have power to execute criminal process within the Transit Zone.

- (d) Upon the apprehension or arrest of any person by a member of the Metro Transit Police pursuant to the provisions of subsection (b), the officer, as required by law of the place of apprehension or arrest, shall either issue a summons or a citation against the person, book the person, or deliver the person to the duly constituted police or judicial officer of the Signatory or political subdivision where the apprehension or arrest is made, for disposition as required by law.
- (e) The Authority shall have the power to adopt rules and regulations for the safe, convenient and orderly use of the transit facilities owned, controlled or operated by the Authority, including the payment and the manner of the payment of fares or charges therefor, the protection of the transit facilities, the control of traffic and parking upon the transit facilities, and the safety and protection of the riding public. In the event that any such rules and regulations contravene the laws, ordinances, rules or regulations of a Signatory or any political subdivision thereof which are existing or subsequently enacted, these laws, ordinances, rules or regulations of the Signatory or the political subdivision shall apply and the conflicting rule or regulation, or portion thereof, of the Authority shall be void within the jurisdiction of that Signatory or political subdivision. In all other respects, the rules and regulations of the Authority shall be uniform throughout the Transit Zone. The rules or regulations established under this subsection shall be adopted by the Board following public hearings held in accordance with section 62(c) and (d) of this Compact. The final regulation shall be published in a newspaper of general circulation within the Zone at least 15 days before its effective date. Any person violating any rule or regulation of the Authority shall be subject to arrest and, upon conviction by a court of competent jurisdiction, shall pay a fine of not more than \$250 and costs. Criminal violations of any rule or regulation of the Authority shall be prosecuted by the Signatory or political subdivision in which the violation occurred, in the same manner by which violations of law, ordinances, rules and regulations of the Signatory or political subdivision are prosecuted.
- (f) With respect to members of the Metro Transit Police, the Authority shall
 - (1) establish classifications based on the nature and scope of duties, and fix and provide for their qualifications, appointment, removal, tenure, term, compensation, pension and retirement benefits;
 - (2) provide for their training and for this purpose, the Authority may enter into contracts or agreements with any public or private organization engaged in police training, and this training and the qualifications of the uniformed and plainclothes personnel shall at least equal the requirements of each Signatory and of the political subdivisions therein in the Transit Zone for their personnel performing comparable duties; and
 - (3) prescribe distinctive uniforms to be worn.
- (g) The Authority shall have the power to enter into agreements with the Signatories, the political subdivisions thereof in the Transit Zone, and public safety agencies located therein, including those of the federal government, for the delineation of the functions and responsibilities of the Metro Transit Police and the duly constituted police, fire and other public safety agencies, and for mutual assistance.

- (h) Before entering upon the duties of office, each member of the Metro Transit Police shall take or subscribe to an oath or affirmation, before a person authorized to administer oaths, faithfully to perform the duties of that office.

77. Exemption from Regulation

Except as otherwise provided in this Title, any transit service rendered by transit facilities owned or controlled by the Authority and the Authority or any corporation, firm or association performing such transit service pursuant to an operating contract with the Authority, shall, in connection with the performance of such service, be exempt from all laws, rules, regulations and orders of the Signatories and of the United States otherwise applicable to such transit service and persons, except that laws, rules, regulations and orders relating to inspection of equipment and facilities, safety and testing shall remain in force and effect; provided, however, that the Board may promulgate regulations for the safety of the public and employees not inconsistent with the applicable laws, rules, regulations or orders of the Signatories and of the United States.

78. Tax Exemption

It is hereby declared that the creation of the Authority and the carrying out of the corporate purposes of the Authority is in all respects for the benefit of the people of the signatory states and is for a public purpose and that the Authority and the Board will be performing an essential government function, including, without limitation, proprietary, governmental and other functions, in the exercise of the powers conferred by this Title. Accordingly, the Authority and the Board shall not be required to pay taxes or assessments upon any of the property acquired by it or under its jurisdiction, control, possession or supervision or upon its activities in the operation and maintenance of any transit facilities or upon any revenues therefrom and the property and income derived therefrom shall be exempt from all federal, state, District of Columbia, municipal and local taxation. This exemption shall include, without limitation, all motor vehicle license fees, sales taxes and motor fuel taxes.

79. Reduced Fares²⁴

The District of Columbia, the Northern Virginia Transportation District, the Washington Suburban Transit District and the component governments thereof, may enter into contracts or agreements with the Authority to make equitable payments for fares lower than those established by the Authority pursuant to the provisions of Article XIII hereof for any specified class or category of riders.

80. Liability for Contracts and Torts

The Authority shall be liable for its contracts and for its torts and those of its Directors, officers, employees and agent committed in the conduct of any proprietary function, in accordance with the law of the applicable Signatory (including rules on conflict of laws), but shall not be liable for any torts occurring in the performance of a governmental function. The exclusive remedy for such breach of contracts and torts for which the Authority shall be liable, as herein provided, shall be by suit against the Authority. Nothing contained in this Title shall be

construed as a waiver by the District of Columbia, Maryland, Virginia and the counties and cities within the Zone of any immunity from suit.

81. Jurisdiction of Courts²⁵

The United States District Courts shall have original jurisdiction, concurrent with the Courts of Maryland, Virginia and the District of Columbia, of all actions brought by or against the Authority and to enforce subpoenas issued under this Title. Any such action initiated in a State or District of Columbia Court shall be removable to the appropriate United States District Court in the manner provided by Act of June 25, 1948, as amended (28 U.S.C. 1446).

82. Condemnation^{26(82a)}

- (a) The Authority shall have the power to acquire by condemnation, whenever in its opinion it is necessary or advantageous to the Authority to do so, any real or personal property, or any interest therein, necessary or useful for the transit system authorized herein, except property owned by the United States, by a Signatory, or any political subdivision thereof, whenever such property cannot be acquired by negotiated purchase at a price satisfactory to the Authority.
- (b) Proceedings for the condemnation of property in the District of Columbia shall be instituted and maintained under the Act of December 23, 1963 (77 Stat. 577-581, D.C. Code 1961, Supp. IV, Sections 1351-1368). Proceedings for the condemnation of property located elsewhere within the Zone shall be instituted and maintained, if applicable, pursuant to the provisions of the Act of August 1, 1888, as amended (25 Stat. 357, 40 U.S.C. 257) and the Act of June 25, 1948 (62 Stat. 935 and 937, 28 U.S.C. 1358 and 1403) or any other applicable act; provided, however, that if there is no applicable federal law, condemnation proceedings shall be in accordance with the provisions of the state law of the Signatory in which the property is located governing condemnation by the highway agency of such State. Whenever the words “real property,” “realty,” “land,” “easement,” “right-of-way,” or words of similar meaning are used in any applicable federal or state law relating to procedure, jurisdiction and venue, they shall be deemed, for the purpose of this Title, to include any personal property authorized to be acquired hereunder.
- (c) Any award or compensation for the taking of property pursuant to this Title shall be paid by the Authority, and none of the signatory parties nor any other agency, instrumentality or political subdivision thereof shall be liable for such award or compensation.

83. Enlargement and Withdrawal; Duration

- (a) When advised in writing by the Northern Virginia Transportation Commission or the Washington Suburban Transit Commission that the geographical area embraced therein has been enlarged, the Board, upon such terms and conditions as it may deem appropriate, shall by resolution enlarge the Zone to embrace the additional area.
- (b) The duration of this Title shall be perpetual but any Signatory thereto may withdraw therefrom upon two years' written notice to the Board.

- (c) The withdrawal of any Signatory shall not relieve such Signatory, any transportation district, county or city or other political subdivision thereof from any obligation to the Authority, or inuring to the benefit of the Authority, created by contract or otherwise.

84. Amendments and Supplements²⁷

Amendments and supplements to this Title to implement the purposes thereof may be adopted by legislative action of any of the signatory parties concurred in by all of the others. When one Signatory adopts an amendment or supplement to an existing section of the Compact, that amendment shall not be immediately effective, and the previously enacted provision or provisions shall remain in effect in each jurisdiction until the amendment or supplement is approved by the other Signatories and is consented to by Congress.

85. Construction and Severability

The provisions of this Title and of the agreements thereunder shall be severable and if any phrase, clause, sentence or provision of this Title or any such agreement is declared to be unconstitutional or the applicability thereof to any signatory party, political subdivision or agency thereof is held invalid, the constitutionality of the remainder of this Title or any such agreement and the applicability thereof to any other signatory party, political subdivision or agency thereof or circumstance shall not be affected thereby. It is the legislative intent that the provisions of this Title be reasonably and liberally construed.

86. Effective Date; Execution²⁸

This Title shall be adopted by the Signatories in the manner provided by law therefor and shall be signed and sealed in four duplicate original copies. One such copy shall be filed with the Secretary of State of each of the signatory parties or in accordance with laws of the State in which the filing is made, and one copy shall be filed and retained in the archives of the Authority upon its organization. This Title shall become effective ninety days after the enactment of concurring legislation by or on behalf of the District of Columbia, Maryland and Virginia and consent thereto by the Congress and all other acts or actions have been taken, including the signing and execution of the Title by the Governors of Maryland and Virginia and the Commissioners of the District of Columbia.

CONSENT LEGISLATION

Whereas Congress heretofore has declared in the National Capital Transportation Act of 1960 (Public Law 86-669, 74 Stat. 537) and in the National Capital Transportation Act of 1965 (Public Law 89-173, 79 Stat. 663) that a coordinated system of rail rapid transit, bus transportation service, and highways is essential in the National Capital Region for the satisfactory movement of people and goods, the alleviation of present and future traffic congestion, the economic welfare and vitality of all parts of the Region, the effective performance of the functions of the United States Government located within the Region, the orderly growth and development of the Region, the comfort and convenience of the residents and visitors to the Region, and the preservation of the beauty and dignity of the Nation's Capital and that such a system should be developed cooperatively by the Federal, State, and local governments of the National Capital Region, with the costs of the necessary facilities financed, as far as possible, by persons using or benefiting from such facilities and the remaining costs shared equitably among the Federal, State, and local governments ;

Whereas in furtherance of this policy, Congress, in title III of the National Capital Transportation Act of 1960, authorized the District of Columbia, the Commonwealth of Virginia, and the State of Maryland to negotiate a Compact for the establishment of an organization, empowered, inter alia, to provide regional transportation facilities;

Whereas, it is the sense of the Congress that the Mass Transit Plan authorized by the Compact and this Act shall conform to the fullest extent practicable with the Comprehensive Plan for the National Capital and the general plan for the development of the National Capital Region prepared pursuant to the National Capital Planning Act of 1952 (Public Law 82-592, 66 Stat. 781); and

Whereas, the District of Columbia, the Commonwealth of Virginia and the State of Maryland, with a representative of the United States appointed by the President have negotiated such a Compact, known as the Washington Metropolitan Area Transit Authority Compact, which amends the Washington Metropolitan Area Transit Regulation Compact, heretofore consented to by the Congress (Public Law 86-794, 74 Stat. 1031, as amended by Public Law 87-767, 76 Stat. 764), by adding thereto a title III and said Compact has been enacted by Maryland (Ch. 869, Acts of General Assembly 1965) and in substantially the same language by Virginia (Ch. 2, 1966 Acts of Assembly) : Now, therefore,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Congress hereby consents to, adopts and enacts for the District of Columbia an amendment to the Washington Metropolitan Area Transit Regulation Compact, for which Congress heretofore has granted its consent (Public Law 86-794, 74 Stat. 1031, as amended by Public Law 87-767, 76 Stat. 764) by adding thereto title III, known as the Washington Metropolitan Area Transit Authority Compact (herein referred to as title III), substantially as follows:

TITLE III

* * *

[Text of Title III, the Washington Metropolitan Area Transit Authority Compact, Omitted]

* * *

Section 2.

The Commissioners of the District of Columbia are authorized and directed to enter into and execute an amendment to the Compact substantially as set forth above with the States of Virginia and Maryland and are further authorized and directed to carry out and effectuate the terms and provisions of said Title III, and there are hereby authorized to be appropriated out of District of Columbia funds such amounts as are necessary to carry out the obligations of the District of Columbia in accordance with the terms of the said Title III.

Section 3.

- (a) To assure uninterrupted progress in the development of the facilities authorized by the National Capital Transportation Act of 1965, the transfer of the functions and duties of the National Capital Transportation Agency (herein referred to as the Agency) to the Washington Metropolitan Area Transit Authority (herein referred to as the Authority) as required by Section 301 (b) of the National Capital Transportation Act of 1960 shall take place on September 30, 1967.
- (b) Upon the effective date of the transfer of functions and duties and authorized by subsection (a) of this section, the President is authorized to transfer to the Authority such real and personal property, studies, reports, records, and other assets and liabilities as are appropriate in order that the Authority may assume the functions and duties of the Agency and, further, the President shall make provision for the transfer to the Authority of the unexpended balance of the appropriations, and of other funds, of the Agency for use by the Authority but such unexpended balances so transferred shall be used only for the purpose for which such appropriations were originally made. Subsequent to said effective date, there is authorized to be appropriated to the Department of Housing and Urban Development, for payment to the Authority, any unappropriated portion of the authorization specified in Section 5(a)(1) of the National Capital Transportation Act of 1965. There is also authorized to be appropriated to the District of Columbia out of the general fund of the District of Columbia, for payment to the Authority, any unappropriated portion of the authorization specified in Section 5(a)(2) of such Act. Any such appropriations shall be used only for the purposes for which such authorizations were originally made.
- (c) Pending the assumption by the Authority of the functions and duties of the Agency, the Agency is authorized and directed, in the manner herein set forth, fully to cooperate with and assist the Authority, the Northern Virginia Transportation Commission and the Washington Suburban Transit Commission in the development of plans for the extensions, new lines and related facilities required to expand the basic system authorized by the National Capital Transportation Act of 1965 into a regional system, but, pending such transfer of functions and duties, nothing in this Act shall be construed to impair the

performance by the Agency of the functions and duties imposed by the National Capital Transportation Act of 1965.

- (d) In order to provide the cooperation and assistance specified in subsection (c) of this section, the Agency is authorized to perform, on a reimbursable basis, planning, engineering and such other services for the Authority, as the Authority may request, or to obtain such services by contract, but all such assistance and services shall be rendered in accordance with policy determinations made by the Authority and shall be advisory only.

⁹ Original and current subsection 18(c) as shown. A different version of subsection 18(c) appears in the Maryland Code and Virginia legislation, but the Maryland and Virginia version is not effective because it was not adopted by all three Signatories or consented to by Congress. The different and ineffective version of subsection 18(c) states, "With respect to the federal government, the commitment or obligation to render financial assistance shall be created by appropriation or in such other manner, or by such other legislation, as the Congress shall determine. Commitments by the District of Columbia shall be by contract or agreement between the governing body of the District of Columbia and the Authority, pursuant to which the Authority undertakes, subject to the provisions of Section 20 hereof, to provide transit facilities and service in consideration for the undertaking by the District of Columbia to contribute to the capital required for the construction and/or acquisition of facilities specified in a mass transit plan adopted as provided in Article VI, or in any alteration, revision or amendment thereof, and for meeting expenses and obligations incurred in the operation of such facilities." See, 1996 Laws of Maryland, Ch. 489 (also Md. Code Ann. Transp. §10-204 (2009)), and 1995 Acts of Assembly of Virginia, Ch. 150 (also 2009 Acts of Assembly of Virginia, Ch. 771).

Section 66 is entitled "Labor Standards" in the Maryland Code, but this title is not effective because it was not adopted by all three Signatories or consented to by Congress. See, Md. Code. Ann. Transp. §10-204 (2009).

A different version of Section 66 (different as to subsections (a)-(c) and inserting an additional subsection (f)) appears in the Virginia legislation, but the Virginia version is not effective because it was not adopted by all three Signatories or consented to by Congress. of Title 29, United States Code, through accredited representatives of such employees or representatives of any labor organization authorized to act for such employees concerning wages, salaries, hours, working conditions, and pension or retirement provisions. Each such contract entered into after the effective date of this act shall prohibit the contracting employees from engaging in any strike or an employer from engaging in any lockout.

"(c) In case of any labor dispute involving the Authority and such employees where collective bargaining does not result in agreement, either party may declare that an impasse has been reached between the parties and may, by written notification to the other party and to the Federal Mediation and Conciliation Service, request the Service to appoint a mediator for the purpose of assisting them in reconciling their differences and resolving the controversy on terms which are mutually acceptable. Within five days of the receipt of the request the Federal Mediation and Conciliation Service shall appoint a mediator in accordance with its rules and procedures for such appointment. The mediator shall meet with the parties forthwith, either jointly or separately, and shall take such steps as he or she deems appropriate to persuade the parties to resolve their differences and effect a mutually acceptable agreement. The mediator shall not, however, make findings of fact or recommend terms of settlement. Each party shall pay one-half of the expenses of such mediator. If the mediator is unable to effect settlement of the controversy within fifteen days after his or her appointment, the Authority shall submit such dispute to fact finding by a board composed of three persons, one appointed by the Authority, one appointed by the labor organization representing the employees, and a third member to be agreed upon by the labor organization and the Authority. The member agreed upon by the labor organization and the Authority shall act as chairman of the board. The determination of the majority of the fact finding board thus established shall be advisory as to all matters in dispute. If after a period of ten days from the date of the appointment of the two persons representing the Authority and the labor organization, the third person has not been selected, then either of the two persons may request the Federal Mediation and Conciliation Service to furnish a list of five persons from which the third person shall be selected; provided, however, that the list shall not include the name of the person who served as mediator unless inclusion of his or her name is mutually agreed to by both parties. The persons appointed by the Authority and the labor organization, promptly after the receipt of such list shall determine by lot the order of elimination, and thereafter each shall in that order alternately eliminate one name until only one name remains. The remaining person on the list shall be the third member of the fact finding board. The term 'labor dispute' shall

be broadly construed and shall include any controversy concerning wages, salaries, hours, working conditions, or benefits including health and welfare, sick leave, insurance or pension or retirement provisions but not limited thereto, and including any controversy concerning any differences or questions that may arise between the parties including but not limited to the making or maintaining of collective bargaining agreements, the terms to be included in such agreements, and the interpretation or application of such collective bargaining agreements. Each party shall pay one-half of the expenses of such fact finding. Under no circumstances may the parties resort to binding arbitration after the date of enactment of this act or the expiration date of any contract requiring binding arbitration, whichever is later. This prohibition against binding arbitration shall not be interpreted to preclude such arbitration of individual employee grievances.”

“(f) The Authority shall not require any person, as a condition of employment or continuation of employment, to join any labor union or labor organization. The Authority shall not require any person, as a condition of employment or continuation of employment, to pay any dues, fees, or other charges of any kind to any labor union or labor organization.”

²² Subsections 76(a) and 76(c) amended as shown by Washington Metropolitan Area Transit Regulation Compact Amendments of 1988, Pub. L. No. 100-285, 102 Stat. 82; 1984 Md. Laws, Chs. 674, 675; 1984 Virginia Acts of Assembly, Ch. 610, 1987 Virginia Acts of Assembly, Ch. 112, D.C. Law 5-122 (1984).

Subsections 76(a) and 76(c) previously read: (a) *The Authority is authorized to establish and maintain a regular police force, to be known as the Metro Transit Police, to provide protection for its patrons, personnel, and transit facilities. The Metro Transit Police shall have the powers and duties and shall be subject to the limitations set forth in this section. It shall be composed of both uniformed and plainclothes personnel and shall be charged with the duty of enforcing the laws of the signatories, the laws, ordinances, and regulations of the political subdivisions thereof in the Transit Zone, and the rules and regulations of the Authority. The jurisdiction of the Metro Transit Police shall be limited to all the transit facilities owned, controlled, or operated by the Authority, but this shall not limit the power of the Metro Transit Police to make arrests in the Transit Zone for violations committed upon, to, or against such transit facilities committed from within or outside such transit facilities while in hot or close pursuit, or to execute traffic citations and criminal process in accordance with subsection (c). The members of the Metro Transit Police shall have concurrent jurisdiction in the performance of their duties with the duly constituted law enforcement agencies of the signatories and of the political subdivisions thereof in which any transit facilities of the Authority is located or in which the Authority operates any transit service. Nothing contained in this section shall either relieve any signatory or political subdivision or agency thereof from its duty to provide police, fire, and other public safety service and protection, or limit, restrict, or interfere with the jurisdiction of or the performance of duties by the existing police, fire, and other public safety agencies.*

(c) *Members of the Metro Transit Police shall have power to execute on the transit facilities owned,*

controlled, or operated by the Authority any traffic citation or any criminal process issued by any court of any signatory or of any political subdivision of a signatory, for any felony, misdemeanor, or other offense against the laws, ordinances, rules, or regulations specified in subsection (a). However, with respect to offenses committed upon, to, or against the transit facilities owned, controlled, or operated by the Authority, the Metro Transit Police shall have power, except in the State of Maryland, to execute criminal process within the Transit Zone.

See, Metro Transit Police Act of 1976, Pub. L. No. 94-306, 90 Stat. 672 (1976); Maryland House Bill No. 733, Ch. 586, Sec. 317-76 (a)-(h) (1974); D.C. Law 1-67, 23 DCR 501 (1976); 1977 Virginia Acts of Assembly, Ch. 627.

Original text read: 76. The Board is authorized to employ watchmen, guards and investigators as it may deem necessary for the protection of its properties, personnel and passengers and such employees, when authorized by any jurisdiction within the Zone, may serve as special police officers in any such jurisdiction. Nothing contained herein shall relieve any signatory or political subdivision or agency thereof from its duty to provide police service and protection or to limit, restrict or interfere with the jurisdiction of or performance of duties by the existing police and law enforcement agencies.

Section 76 is entitled "Metro transit policy; rules and regulations" in the Maryland Code, and "Police Security" in Virginia legislation, but these titles is not effective because they were not adopted by all three Signatories or consented to by Congress. See, Md. Code. Ann. Transp. §10-204 (2009); 2009 Acts of Assembly of Virginia, Ch. 771.

An additional clause in 76(a) appears in the Virginia legislation, but Virginia clause is not effective because it was not adopted by all three Signatories or consented to by Congress. The additional but ineffective clause states, "On-duty Metro Transit Policy officers are authorized to make arrests off of Transit facilities within the Transit Zone when immediate action is necessary to protect the health, safety, welfare or property of an individual from actual or threatened harm or from an unlawful act." See, 1995 Acts of Assembly of Virginia, Ch. 150 (also 2009 Acts of Assembly of Virginia, Ch. 771).

An additional clause in the first sentence of 76(c) appears in the Maryland Code, but is not effective because it was not adopted by all three Signatories or consented to by Congress. The additional but ineffective clause states (underlined portion), "Members of the metro transit police shall have power to execute on the transit facilities owned, controlled, or operated by the Authority any traffic citation or any

criminal process issued by any court of any signatory or of any political subdivision of a signatory, for any felony, misdemeanor or other offense against laws, ordinances, rules, or regulations of the Authority or of the signatory or its political subdivisions as specified in subsection (a). See, Md. Code. Ann. Transp. §10-204 (2009).

²³ Subsections 76(b) and 76(e) amended as shown by Washington Metropolitan Area Transit Regulation Compact Amendments of 1997, Pub. L. No. 105-151, 111 Stat. 2686; 1997 Laws of Maryland, Ch. 699; 1995 Acts of Assembly of Virginia, Ch. 150; D.C. Law 11-138 (1996).

Subsections 76(b) and 76(e) previously read: (b) Except as otherwise provided in this section, a member of the Metro Transit Police shall have the same powers, including the power of arrest, and shall be subject to the same limitations, including regulatory limitations, in the performance of his duties as a member of the duly constituted police force of the political subdivision in which the Metro Transit Police member is engaged in the performance of his duties. However, a member of the Metro Transit Police is authorized to carry and use only such weapons, including handguns, as are issued by the Authority, and only in the performance of his duties or while on the transit facilities owned, controlled, or operated by the Authority in direct transit to and from a duty assignment. A member of the Metro Transit Police is authorized to carry such weapons only while in direct transit to and from a duty assignment and is subject to such additional limitations in the use of weapons as are imposed on the duly constituted police force for the political subdivision in which he is engaged in the performance of his duties.

(e) The Authority shall have the power to adopt rules and regulations for the safe, convenient, and orderly use of the transit facilities owned, controlled, or operated by the Authority, including the payment and the manner of the payment of fares or charges therefore, the protection of the transit facilities, the control of traffic and parking upon the transit facilities, and the safety and protection of the riding public. In the event that any such rules and regulations contravene the laws, ordinances, rules or regulations of a signatory or any political subdivision thereof which are existing or subsequently enacted, these laws, ordinances, rules, or regulations of the signatory or the political subdivision shall apply and the conflicting rule or regulation, or portion thereof, of the Authority shall be void within the jurisdiction of that signatory or political subdivision. In all other respects the rules and regulations of the Authority shall be uniform throughout the Transit Zone. The rules and regulations established under this subsection shall be adopted and published in accordance with all standards of due process, including, but not limited to,

the publishing or otherwise circulating of a notice of the intended action of the Authority and the affording to interested persons the opportunity to submit data or views orally or in writing, and the holding of a public hearing. Any person violating any rule or regulation of the Authority shall, upon conviction by a court of competent jurisdiction, pay a fine of not more than \$250 and costs.

Law 1-67, 23 DCR 501 (1976); 1977 Virginia Acts of Assembly, Ch. 627 (this legislation also adopted and consented to subsections 76(d), (f), (g) and (h) as shown).

Original text read: *81. The United States District Courts shall have original jurisdiction, concurrent with the Courts of Maryland and Virginia, of all actions brought by or against the Authority and to enforce subpoenas issued under this Title. Any such action initiated in a State Court shall be removable to the appropriate United States District Court in the manner provided by Act of June 25, 1948, as amended (28 U.S.C. 1446).*

The different and ineffective clause states (underlined portion), "including the signing an execution of the Title by the Governors of Maryland and Virginia and the Mayor and Council of the District of Columbia." See, Md. Code. Ann. Transp. §10-204 (2009), and 2009 Acts of Assembly of Virginia, Ch. 771.
