III. Definitions

1. Average Number – the number obtained by dividing the sum of a group or numbers by the quantity of numbers in the group. For example, of 3, 7, and 14, the average number is 8.
2. Backlog – the number of requests or administrative appeals that are pending at the end of the quarter which have exceeded the statutory time period for a response.
3. Complex Requests – a request for records that generates voluminous records (more than 1,000 pages) and/or requires coordination with several office and/or third parties (e.g., requests for contracts).

4. Denial – an agency decision not to release any part of a record or records in response to a PARP/Privacy Policy request because all of the information in the requested records is determined by WMATA to be exempt under one or more of the PARP exemptions, or for some procedural reason (e.g., no responsive records are located).
5. Expedited Processing – processing a PARP request on an expedited basis after a requester demonstrates an exceptional need or urgency for the records based on criteria established in PARP § 7.10.2 that warrants prioritization of the request over other earlier requests.
6. Grant – a decision to disclose records without redaction in response to a PARP request.
7. Initial Request – a request to WMATA for access to records under the PARP.
8. Median Number – the middle number, not an average number. For example, for 1, 5, and 17, the median number is 5.
9. Non-perfected – a request that is not processed because WMATA is waiting for supporting documentation (e.g., a notarized release) or payment from the requester.
10. PARP Appeal – a request asking for administrative review of a full or partial denial of a request for records and/or denial of a request for fee waiver.
11. PARP Request – a request for records concerning WMATA, a third party, or a particular topic.
12. Partial Grant – a decision to disclose part of a record in response to a PARP request, redacting information determined to be exempt under one or more of the PARP exemptions; or a decision to disclose some records completely, but to withhold others in whole or in part.
13. Pending Request – a request for which WMATA has not yet taken final action.
14. Perfected Request – a request for records meeting all the published criteria (i.e., record description, fees, etc.) so that WMATA can respond.
15. Processed Request Or Appeal – a request for which WMATA has taken final action.
