22. TECHNICAL PROPOSAL EVALUATION CRITERIA

Technical Proposals will be evaluated based on the following criteria:

a. Qualifications

(1) Technical and Project Management

Offerors must identify, in their proposals, the specific project managers and project staff that will perform the work under this contract and provide resumes that demonstrate that they have successfully performed services involving installation of vehicle electrical systems, deinstallation and installation of bus CCTV camera systems being proposed on a minimum of three contracts involving 100 or more transit buses, over the road motor coaches and school buses, with preference given to transit buses, vehicle fleets within the last seven years. The resumes must include references with contact person name and telephone numbers, email addresses, list electrical and electronic licenses and certifications. ##

(2) Technician Proficiency

Offerors must demonstrate that technicians performing work as required by the Scope of Work had the ability to perform the work with minimal supervision and at maximum proficiency. Technicians will have all required training, certification and licenses required to perform the work detailed in the Scope of Work. Offerors must submit the resumes of all technicians who will be working on the project. Technician resumes must include formal electrical or electronic training either through a technical training school, college, or military training; and references. References must include company's name and complete address, point of contact name, title and email address, telephone number, and list electrical and electronic licenses and certifications.

b. Company's Work Experience

Offerors must demonstrate the company has a minimum of three years of experience with installation of vehicle electrical systems to include radio transmissions and GPS coordination. Offerors must demonstrate the company has a minimum of three years of experience with installation of bus CCTV systems, which include DVR recordings and download capabilities to external sources, camera clarity, and integration to other required bus electrical/electronic systems.

Offerors must include in their demonstration for company's experience a minimum of four references demonstrating that the same or similar work (de-installation of existing CCTV system and installation of bus CCTV camera systems) has been successfully performed within the last five years. Each referenced project shall contain the following information:

(1) Organization, transit agency or company name and complete address, point of contact name, title and email address, telephone number.

Amendment No. 003
