**GENERATOR AND BATTERY COMPONENTS FOR USE IN THE MAINTENANCE OF
WMATA'S BUS FLEET**

CQ18096

Questions

Answers

1. Hardware – bolts, washers – these are typically sold in packages, not individually.

For example Item 871550094 bolt with annual qty of 75 pn A9-828. Niehoff (the manufacturer) sells A9-828 in packages of 10. Would WMATA be ordering 75 pkgs of 10 or 75 bolts ?

1. WMATA will be ordering with unit of measure of each, so it would be 75 bolts each in this case.

2. Item 871550033 is a kit. What exactly are the contents of this kit ?

For WMATA part **871550033**, the only approved part showing is a vendor specific part – Esscenkit#1. Is there a breakdown of what goes into that kit?

2. WMATA P/N 871550033
- (1) Bearing Ball P/N A9-218
 - (1) Bearing Ball P/N A9-219
 - (1) Small Parts Kit P/N A9-129

3. For the below item on CQ18096, will there be a core return program involved, or are we to quote full price and not expect return of cores?

876720041 BATTERY, AGM: AMPERAGE: 1150 CCA, FEATURES: 3/8 THREADED POST, SIZE: GROUP 31, VOLTAGE: 12 VOLT

3. Please quote at full price for this particular item.

4. I did not see where the bid called for Brand name only as specified on page 16 of the bid documents, paragraph 31. I prefer selling Delco Brand name only, but I can not find that explicitly specified. For the following WMATA part numbers, are the parts required to be Brand Name Delco parts only, or are aftermarket parts considered:

871390067	872490001	872400011
871390068	872400023	872400008
871400007	872400020	872400016
872400005	872400017	

4. WMATA will review and consider “Approved Equal” product. Each “Approved Equal” request will need to be vetted and approved. Please provide a spec sheets for all “Approved Equal” requests.
