#	Question	Answer
1	For lines 001-004, the sample was a Conqueror brand shirt and those are no longer being produced (the company has closed down). The equivalent Blauer numbers (since you have Blauer listed as an acceptable brand would be: 001 - Blauer 8431W 002 - Blauer 8341W 003 - Blauer 8421 004 - Blauer 8421W	Yes
2	005 - The item was described by Sgt Britt at the meeting and I have a pretty good idea what it is but I'd like to request a picture if possible.	Please refer to QM
3	006 - I saw a sample of this at the meeting and it said "M.T.P." not "MTPD" - please update the bid.	M.T.P. is correct not M.T.P.D.
4	008 - 011 - As noted in the meeting - Blauer does not make dress blouses / matching trousers. The sample presented in the meeting had a Muscatello label because these are custom made to order uniforms. We'd like to request that the manufacturer be changed to "Custom/Made To Order per sample available from agency". Also - when it comes to samples on these items - we request that you change the sample policy on these items only to - "sample will be requested from apparent low bidder and not required with the bid". We produce similar garments for many agencies in the area and do not have an issue with providing samples in general but on these items, it is a larger cost factor for us to produce a sample versus Muscatello's who already has a sample on hand from previously doing business with you.	This is fair. This request is approved.
5	012 - Blauer does not make neck ties. Please provide manufacturer currently being used.	Please make an offer for this item will not be factor in the IFB.
6	013 - Blauer does not make the Blue Service Cap. The tag did not have a brand but it looked like a Rothco brand.	Please make an offer for this item will not be factor in the IFB.
7	014 - Please include that the sweaters require epaulets sewn on. We will be sure to factor in patches on all garments as requested in the meeting.	This is fair. This request is approved.
8	015 - 020 - Per samples from the meeting - these are Propser items not Blauer.	Please refer to QM
9	022 - Same request for sample policy as noted in 008-011. We can produce custom trousers but would like to go thru the expense if we are apparent low bidder.	Please make an offer for this item will not be factor in the IFB.
10	023 - Should be Blauer 8133	Replace 023 - with Blauer 8133
11	024 - Should be Blauer 8143	Replace 024 - with Blauer 8143
12	025 - On lines 016, 017, and 018 - you split up the lines so we can provide oversize prices on those garments. This is helpful as manufacturers do charge us oversize prices on larger sizes. For this line 025, we would like to request splitting it up so we can provide prices on sizes 28-42, 44-50, 52-54, and 56-60. Or we can submit a separate oversize charges sheet in general as an attachment to our bid if you will allow it? Please advise if that is acceptable? That way you don't have to break out specific lines to accommodate this.	Please make a single price offer because MTPD requires customized products and customer service rather than off the shelf product.
13	031-036 and 037-042 - Based on the quantities on other items and taking into account that you have 635 total officers, 150 units of each belt size looks high. Furthermore, even if you do buy 900 total belts, most likely you won't be buying the same amount of XS or 2X versus Med or Large. We bring this up because high quantities like these open the door for other vendors to submit unbalanced bids and that puts us at a disadvantage.	Please make an offer for this item will not be factor in the IFB.
14	I wanted to confirm that we cannot substitute items?	Substitutes will be considered if are equal to the items listed.
15	Can you please provide a response to this issue as Blauer is not offering pricing to resellers and not allowing their distributors to offer pricing to resellers. Is this bid fairly open to the public? If so please allow us to substitute the Blauer items as there are other uniform manufacturers that offer similar items.	Substitutes will be considered if are equal to the items listed.
16	Part III TECHNICAL SPECIFICATIONS describes the process of ordering, record keeping requirements, delivery requirement, ect.; however there are no specifications that pertain to the items listed in the PRICE SCHEDULE. Will the department provide detailed specifications for the products they wish to purchase? Also would the specifications reference emblems, if and where they need to be affixed to the uniforms? This will ensure that potential vendors bid the products the department wishes to purchase.	This is considered overhead and or customer service and or account management and or administrative. This should be built into each bidders price for each item.
17	Can I schedule time to visit the supply room to inspect the uniforms that are currently being ordered and delivered?	No.
18	008 - 011 - As noted in the meeting - Blauer does not make dress blouses / matching trousers. The sample presented in the meeting had a Muscatello label because these are custom made to order uniforms. We'd like to request that the manufacturer be changed to "Custom/Made To Order per sample available from agency". Also - when it comes to samples on these items - we request that you change the sample policy on these items only to - "sample will be requested from apparent low bidder and not required with the bid". We produce similar garments for many agencies in the area and do not have an issue with providing samples in general but on these items, it is a larger cost factor for us to produce a sample versus Muscatello's who already has a sample on hand from previously doing business with you.	This is fair. This request is approved.
19	014 - Please include that the sweaters require epaulets sewn on. We will be sure to factor in patches on all garments as requested in the meeting.	This is fair. This request is approved.

20	<p>025 - On lines 016, 017, and 018 - you split up the lines so we can provide oversize prices on those garments. This is helpful as manufacturers do charge us oversize prices on larger sizes. For this line 025, we would like to request splitting it up so we can provide prices on sizes 28-42, 44-50, 52-54, and 56-60. Or we can submit a separate oversize charges sheet in general as an attachment to our bid if you will allow it? Please advise if that is acceptable? That way you don't have to break out specific lines to accommodate this.</p>	<p>Please make a single price offer because MTPD requires customized products and customer service rather than off the shelf product.</p>
21	<p>Item 010 and 011 - you have provided Muscatello's number TJ046 but this refers to a cargo pocket trouser and not a dress trousers. This is also an issue because cargo pocket trousers typically do not get a stripe thru them because they are not used for dress purposes. The TJ046 refers to a Horace Small brand trouser (not a Muscatello's brand). If the brand is correct, Horace Small makes a variety of dress trousers that can be striped. Based on the update, we also request to see a sample of this item with the gold leg stripe so we can bid appropriately.</p>	<p>This is fair. This request is approved.</p>

MTPD Uniforms and Accessories

Introduction

The Washington Metropolitan Area Transit Authority (WMATA), Metro Transit Police Department (MTPD) needs a contractor to provide police uniforms and equipment to approximately six hundred twenty five (625) sworn and active police officers and recruits on an as-needed basis.

Background

The MTPD workforce is dispersed throughout the Washington Metro region. MTPD operates 7 facilities in the District of Columbia, Virginia, and Maryland. The MTPD headquarters is located in the District of Columbia. The potential vendor shall provide at a minimum an e-commerce distribution solution that covers the extent of the region. Consideration shall also be given to showroom locations (e.g. mobile or fixed) for distribution and transactions within a 35 mile radius of corporate headquarters.

MTPD is a Tri-jurisdictional police department that has arrest power throughout the 1,500 square miles of the Transit zone that includes Maryland, Virginia and the District of Columbia. MTPD currently has four (4) uniforms for sworn members and two (2) for Special Police are issued. These are customized uniforms for the department.

The Class "A" uniform is the ceremonial uniform consists of a fully buttoned long sleeve white shirt which has the MTPD patch, badge, nameplate, "MTP" insignia and the appropriate insignia based on rank (i.e. Chief, Deputy Chief, Captain, Lieutenant & Sergeant).

The Class "B" uniform is the same uniform as the Class "A" uniform, with the option of being worn with a long sleeve or short sleeve white shirt.

The Class "C" uniform is the utility uniform or what is called a BDU. This uniform includes a name plate (metal) or a name tape (embroidered), cloth badge, rank of Sergeant should be sewn. The final uniform is the Class "D" uniform which is a high visibility uniform. The uniform shirt is a dri-fit material, two tone color (upper neon yellow, lower portion is a navy blue). The uniform is similar to the Class "C" has a patch on the shoulder and an embroidered name tape. The pants are a navy blue pants and/or shorts.

In 2016 the MTPD implemented a high visibility Class D uniform as part of the General Manager's FY2017 Customer Accountability Report (CARE). MTPD successfully met the initial needs of the department for the high visibility Class D uniform through a US Communities vendor. MTPD intends to transition to a Quartermaster system where quantities and deliveries will be indefinite over the next 5 years.

1. Requirements Contract

MTPD will purchase its requirements of the articles or services included herein from the Contractor. The estimated quantities stated herein reflect the best estimates available. The estimate shall not be construed as a representation that the estimated quantity will be required or ordered, or that conditions affecting requirements will be stable. The estimated quantities shall not be construed to limit the quantities which may be ordered from the Contractor by the MTPD or to relieve the Contractor of its obligation to fill all such orders.

- a. There is no limit on the number of orders that may be issued. MTPD may issue orders requiring delivery to multiple destinations or performance at multiple locations. If the MTPD urgently requires delivery before the earliest date that delivery may be specified under this contract, and if the Contractor shall not accept an order providing for the accelerated delivery, the MTPD may acquire the urgently required goods and equipment from another source.
- b. Any order issued during the effective period of this contract but not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and MPTD's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period. Provided that the Contractor shall not be required to make any deliveries under this contract after the expiration date of contract.

2. Price Schedule - Requirements

The Contractor shall provide the manufacturer name, stock number and fixed unit bid prices for the line item specified in Section 2.a of the solicitation and in accordance with technical product specifications.

SPECIFICATIONS/WORK STATEMENT

Scope:

The Washington Metropolitan Area Transit Authority (WMATA), Metro Transit Police Department (MTPD) needs a contractor to provide police uniforms and equipment to approximately six hundred twenty five (625) sworn and active police officers and recruits on an as-needed basis.

MTPD's objective is to purchase uniforms and equipment during various timeframes. The Contractor is responsible for providing same day services, have a variety of on-the-shelf stock sizing with the ability to provide additional sizes with a short "turn-around" period and maintain sufficient stock on hand to provide a significant portion of MTPD officers with the required supplies and equipment in the event of an emergency.

General Requirements

1. The Contractor shall conform to the product specifications and guarantee that all garments will fit and satisfy authorized representatives in accordance with the specification of this contract.
2. The Contractor shall ensure that all uniforms and equipment delivered comply with the technical specifications described in the Deliverables Section.
3. The Contractor shall safeguard all items. All missing items shall be reported within 24 hours of noticing their disappearance to the COTR.
4. The Contractor shall furnish all department emblems, patches, fabric decals and embroidery services as specified in the technical product specification of contract. The Contractor shall affix (sew) all emblems in the appropriate places on the uniform prior to delivery.
5. The Contractor shall maintain a composite stock of uniforms to equal a minimum of twenty percent (10%) of the total annual requirements at contractor's own secured facility site. At the start of the last month of this contract and option years, the composite stock may decline to ten percent (5%) of the total annual requirement. MTPD will not purchase remaining stock at the end of the contract or option years.
6. The Contractor shall fulfill uniform and equipment work order requests upon receipt of an official voucher form indicating an expiration date 14 calendar days from the issuance date. The Contractor shall not honor any expired voucher forms without prior approval of the COTR.

7. The Contractor shall provide a facility that is capable of performing alteration for uniforms during the term of the contract. Alterations shall include services. The Contractor's facility shall be set up in a manner that will allow authorized personnel to walk-in and have their measurements taken for new uniforms or to exchange a product item due to incorrect clothing sizes and flaws. The Contractor's facility shall serve as the central location site for fitting, alteration, and distribution of uniforms. The facility shall include at a minimum, the following:
 - a. The facility shall be open for business from 8:00 a.m. through 5:00 p.m., Monday through Friday.
 - b. The Contractor shall maintain experienced and qualified personnel to fit the uniforms and make required alterations of uniforms, as deemed necessary. Fittings and alterations must be completed no more than 10 calendar days from initial order.

Delivery

- 1 The Contractor shall not deliver uniforms or equipment to any person(s) other than those duly authorized to receive said goods. Goods delivered to unauthorized personnel will not receive payment and solely at the contractor's own expense. The Contractor shall immediately notify the CA of requests for any unauthorized delivery orders and report any unauthorized deliveries for security purposes.
- 2 The Contractor shall deliver all items ordered in accordance with the WMATA/MTPD general order standards for uniforms and equipment. In addition the Contractor shall ensure authorized items are available at the Contractor's location for pick-up.
- 3 MTPD will return any garment received in unusable condition to the Contractor at the Contractor's expense for replacement.
- 4 The Contractor shall ensure all shipped and delivered merchandise, throughout the duration of the contract, contains a detailed packing slip to include the Officer's Name, Item numbers and quantities.
- 5 The Contractor shall offer access to a web-based shipment tracking system on all orders shipped through any package delivery company or postal service agency. The web based access should provide an ordering history archive and monthly report of ordering history.

- 6 The Contractor shall prepare and submit a monthly voucher report detailing the quantity, type of voucher received, cost and date issued. The report shall be issued by the 15th of each month. The report shall be placed in a MS-Excel spreadsheet format and be transmitted electronically to the COTR.
- 7 The Contractor shall not exceed twenty-one (21) calendar days in completing all backorders.

Brand Name or Equal

1. As used in this clause, the term "brand name" includes identification of products by make and model.
2. If items called for by this IFB have been identified in the schedule by a "brand name or equal" descriptions, such identification is intended to be descriptive, but not restrictive and is to indicate the quality and characteristics of products that will be satisfactory.
3. Bids offering "equal" products will be considered for award if such products are clearly identified in the bids and are determined by the WMATA/MTPD to be equal in all material respects to the brand name products referenced in the IFB.
4. Unless the bidder clearly indicates in his bid that he is offering an "equal" product, his bid shall be considered as offering a brand name product referenced in the IFB.
5. If the bidder proposes to furnish an "equal" product, the brand name, if any, of the product to be furnished shall be inserted in the space provided in the IFB, or such product shall be otherwise clearly identified in the bid.
6. The evaluation of bids and determination as to equality of the product offered shall be the responsibility of the WMATA/MTPD and will be based on information furnished by the bidder or identified in his bid as well as other information reasonably available to the purchasing authority. **CAUTION TO BIDDERS:** WMATA/MTPD is not responsible for locating or securing any information which is not identified in the bid and not reasonably available to the WMATA/MTPD.
7. Accordingly, to insure that sufficient information is available, the bidder must furnish as a part of his bid all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the MTPD to:
 - a. Determine the product offered meets the requirements of the IFB, and
 - b. Establish exactly what the bidder proposes to furnish and what the MPTD would be binding itself to purchasing by making an award. The information furnished may include specific reference to information previously furnished or to information otherwise available to the MTPD.

8. If the bidder proposes to modify a product so as to make it conform to the requirements of the IFB, it shall:
 - a. Include in its bid a clear description of such proposed modifications, and
 - b. Clearly mark any descriptive material to show the proposed modifications.
9. Modifications proposed after bid opening to make a product conform to a brand name product referenced in the IFB will not be considered.
