

CLARIFICATIONS AND INTERPRETATIONS
Request for Proposal CQ15208/JAD
Drum Brake Shoe and Lining Assemblies
June 16, 2015

Question Numbers 1 thru 2

The following clarifications and/or interpretation are provided in response to questions that have been received in reference to RFP CQ15208/JAD:

1. DANA Shoes.

On the first two items the brake shoes are ONLY available from DANA Corporation. They are cast iron shoes that are no longer in active use on any new axles. As you bid is for one award the inability to bid the DANA shoes would not allow any distributor to bid the majority of the items without being a DANA distributor. DANA was only in the transit market for a short period of time. I would recommend splitting these shoes to procurement so you can receive more competitive bids on the majority of the shoes. On another point Brake Pro has been out of business for several years.

1. 921-49-0001

Manufacture Name

Part Number

2. VE921-49-0001

Manufacture Name

Part Number

3. 921-49-0001

Manufacture Name

Part Number

4. VE921-49-0001

Manufacture Name

Part Number

Answer: See Amendment 001

2. Regarding RFP No.: CQ15208/JAD, is it possible for a bid to be made on the parts alone and not on the re-lining portion of the bid.

Please let me know if this is something WMATA would consider.

Answer: See Page 6 - The Authority will make one award for all line items from this solicitation.
