Questions

Q1. On the schedule of prices, you are asking for a base year unit price and unit pricing for three more years. Is the unit pricing the total for the year or the per acre price? My last submission unit price was the per acre price with the total for the year for a particular item. If the unit price per year is the total cost for an item, then you are asking for the total of four years? The reason I am asking is that unit price to me is price per acre.

A. Please see updated Price Schedule Sheet.
