**RFP SOLICITATION INSTRUCTIONS**

1. **INTRODUCTION**

- (a) The Authority seeks to award a Contract and Lease to a qualified vendor to provide **non-revenue medium duty dump trucks, and mid-size skid-steer tractors equipped with angle brooms and dump buckets**. To that end, it is issuing this Request for Proposals (RFP) to solicit proposals from qualified firms and individuals who can satisfy the requirements described herein.
- (b) Since this is a Best Value solicitation, award of a Contract/Lease hereunder shall be to the offeror whose proposal provides the best overall value to the Authority, based upon application of the evaluation criteria set forth in herein.
- (c) The Authority contemplates award of a **firm fixed price** Contract and Lease agreement. Unless otherwise specified in the Price Schedule, the Authority reserves the right to make multiple awards pursuant to this solicitation.
- (d) In the event that the Contractor is unable or otherwise fails to provide goods or services within the time frames required in this Contract/Lease, the Authority reserves the right to procure them from any other source and in any other manner it deems appropriate. Nothing contained herein shall be deemed to waive, modify or impair the Authority's right to treat such failure as a material breach of the Contractor's obligations pursuant to the "Default" article under this Contract/Lease, or to pursue any other remedy to which the Authority may be entitled pursuant to this Contract, at law or in equity.

2. **GOODS TO BE FURNISHED/SERVICES TO BE SUPPLIED**

In preparing their proposals, offerors are advised that:

- (a) If "services" are to be performed pursuant to this solicitation, they must be provided in all respects as specified in the Contract/Lease and include the services to be furnished, together with any labor, materials or other work necessary for satisfactory and complete performance.
- (b) If "supplies" are to be provided pursuant to this solicitation, they must be delivered in all respects as specified in the Contract/Lease and include the items to be furnished, together with any labor, service or other work necessary for satisfactory and complete performance.

3. **COMMUNICATIONS WITH THE AUTHORITY**

Prospective offerors are advised that any and all communications with WMATA relating to this solicitation and made by, or on behalf of, a prospective offeror at any time between release of this Request for Proposals and award of a Contract/Lease hereunder, must be directed to the Contract Administrator as follows: Benjamin Kpadeh via email at [bkpadeh@wmata.com](mailto:bkpadeh@wmata.com).

A violation of this provision, deemed willful by the Authority, may result in a determination that an offeror is not responsible, and thus ineligible for award, for purposes of this and/or future Authority solicitations.

4. **PREPARATION OF OFFERS**

- (a) Offerors shall furnish all information requested by the solicitation and, in so doing, are expected to examine the Request for Proposals and all referenced documents carefully. Failure to do so will be at Offeror's risk.
- (b) The Offeror shall sign the solicitation and print or type its name on the Price Schedule and on each continuation sheet if an entry has been made. Erasures or other changes must be initialed by the person signing the offer.
- (c) N/A
- (d) In preparing its proposal, an offeror should be aware that all prices for the work shall be deemed to include the cost of all work, labor and materials required by the Contract/Lease including, without limitation, pick-up and delivery charges, insurance, maintenance and repair of all vehicles and attachments during the lease period or any other expenses required by this solicitation, as well as expenses associated with compliance with Federal, state or local laws or regulatory requirements. All prices are deemed to be F.O.B. Destination.

**5. EXPLANATIONS TO OFFERORS**

- (a) Any explanation desired by an offeror regarding the meaning or interpretation of this solicitation or Contract including, without limitation, the terms and conditions, technical specifications or Statement of Work, and Contract drawings, must be requested in writing with sufficient time allowed for a reply to reach all offerors before proposal closing. Absent extraordinary circumstances, all inquiries must be transmitted in a time frame to ensure the Contracting Officer's receipt at least ten (10) days prior to the date specified for proposal closing. All such requests must be submitted via e-mail or first class mail to the Contract Administrator identified in Paragraph 3. Include the RFP number and Contract title in any correspondence.
- (b) Any information that the Authority furnishes to a prospective offeror relating to the solicitation will be provided in writing to all prospective offerors in the form of an amendment if, in the Contracting Officer's judgment, the information is necessary to the preparation and/or submittal of proposals or the lack of such information would be otherwise prejudicial to other prospective offerors. Offerors must acknowledge receipt of all amendments on the form provided.
- (c) Offerors are advised that oral explanations, representations or instructions of any kind relating to the subject matter of this solicitation given at any time before award of the Contract/Lease by any employee, officer or agent of the Authority, will not be binding upon the Authority. The Authority does not assume responsibility for the accuracy of any such communication.
- (d) The failure of a prospective offeror to request an explanation will serve to preclude it from claiming any ambiguity, inconsistency or error that should have been discovered by a reasonably prudent offeror.

**6. PRE-PROPOSAL CONFERENCE (NOT APPLICABLE)**

**7. AMENDMENTS PRIOR TO DATE SET FOR RECEIPT OF PROPOSALS**

- (a) The Authority reserves the right to amend any of the terms of this RFP or the Contract/Lease, prior to the date set for the proposal closing. Copies of any such amendments as may be issued will be furnished in writing to all prospective proposers.
- (b) If, in the Contracting Officer's judgment, any amendment(s) would require material changes to price proposals and/or other substantive element(s) of the proposals, the date set for proposal closing may be postponed for such period as in the Contracting Officer's opinion will enable offerors to revise their proposals. In such instances, the amendment will include an announcement of the new date for proposal closing.
- (c) In the event of an amendment, all other terms and conditions of the solicitation shall remain unchanged.

**8. ACKNOWLEDGMENT OF AMENDMENTS**

Offerors are required to acknowledge receipt of all amendment(s) to the solicitation on the designated form to be submitted with their proposal. Failure to do so may, at the Contracting Officer's discretion, jeopardize the offeror's right to have its proposal reviewed by the Authority.

**9. SUBMISSION OF PROPOSALS**

Proposals, and any revisions thereto, shall be enclosed in sealed envelopes and addressed to the office specified in the solicitation. Proposals shall show the hour and date specified in the solicitation for receipt, the solicitation number, and offeror's name and address on the face of the envelope. The original of Volumes 1 and 2 shall be unbound. All copies of Volumes 1 and 2, as well as Volume 3, will be separately bound. All copies shall have the **RFP number CQ18002/BTK**, the proposer's identity, volume number, and volume title printed on the cover page. Volumes shall be submitted in the following order:

- (1) Volume I – Cost/Price - One (1) original and one (1) copy of the original required copies of the cost/price proposal
- (2) Volume II – Technical - One (1) original and three (3) copies of the original required copies of the technical proposal including Attachment A and Attachment B (**Shall not include cost/price information**)
- (3) Volume III – Contractual - One (1) original and two (2) copies of the original required copies of the completed, signed solicitation documents to include Representations, Certifications, Pre-Award Data, Certificate(s) of Insurance, and Offeror's proposed form of lease agreement that will incorporate all terms and conditions in this RFP as first in the order of precedence.

In addition to the printed original and copies above referenced, each proposal shall include two (2) USB Flash Drives. Flash Drive #1 shall contain the Technical Proposal only – no pricing or information. Flash Drive #2 shall contain the pricing and contract information.

- (b) Cost/Price. All information relating to cost or pricing data must be included in Volume I. Under no circumstances shall cost or pricing data be included elsewhere in the proposal.
- (c) Technical Proposal. The technical proposal should address the stated Evaluation Criteria in such a manner as to enable the Authority to engage in a thorough evaluation of its overall technical merit. Technical proposals shall be specific, detailed and complete and shall demonstrate that the offeror has a thorough knowledge and understanding of the Contract's requirements. Offerors shall avoid generalized statements that for example, paraphrase the specifications or attest that "standard procedures will be employed." The Authority wishes to be satisfied that the offeror maintains an understanding of the specific Contract requirements and maintains the means to fully satisfy them.
- (d) Contractual. The Contractual volume shall contain a completed, signed Solicitation, Offer and Award form and include Representations, Certifications, Pre-Award Data, Certificate(s) of Insurance, Attachment A, Attachment B, and any amendments. In the event that the offeror takes any exception to any of the Contract's terms and conditions, wishes to propose alternative Contract language or is otherwise unwilling or unable to satisfy any of the Contract's requirements such information should be clearly noted on the first page(s) of Volume III of the proposal. Failure to take exception shall constitute the offeror's acceptance. Offerors shall include a copy of their proposed form of lease agreement in this volume that incorporates the terms and conditions of this RFP and makes them first in the order of precedence. WMATA will negotiate an acceptable form of lease agreement with the successful offeror.

#### 11. LATE SUBMISSIONS AND REVISIONS OF PROPOSALS

- (a) Any proposal or revision received at the office designated in the solicitation after the time specified for receipt will not be considered unless it was sent, properly addressed:
  - (1) By registered or certified U.S. or Canadian mail not later than the fifth (5<sup>th</sup>) day before the date specified for proposal closing. (e.g. A proposal or revision relating to a solicitation with a closing date of the 20<sup>th</sup> of a month must have been placed in registered or certified mail by not later than the 15<sup>th</sup> of such month.);
  - (2) By first class mail, if the Contracting Officer determines that the late receipt was due solely to the Authority's mishandling after delivery on its premises; or
  - (3) By U.S. Postal Service, Express Mail, Next Day Service, not later than 5:00 p.m. at the place of mailing two (2) business days prior to the date specified for proposal closing; or
- (b) A revision submitted after the date and time set for proposal closing will only be accepted if the Contracting Officer authorizes it. A submission in the nature of a Best and Final Offer ("BAFO") received after the time and date specified in the Contracting Officer's request for BAFOs will not be considered unless received before award and, in Contracting Officer's judgment, the late delivery was not attributable to the offeror's acts or omissions.

- (c) The only acceptable evidence to establish the time of receipt by the Authority is the time/date stamp of that event on the proposal or any other documentary evidence of receipt maintained by the Authority.
- (d) A proposal received after proposal closing may be considered if it is the only proposal received for the solicitation, or if a late revision of any otherwise successful proposal makes its terms more favorable to the Authority.

**12. WITHDRAWAL OF PROPOSALS**

Proposals may be withdrawn by written notice received by the Authority before award. Proposals may be withdrawn in person by an offeror or an authorized representative, if the representative's identity is appropriately demonstrated and the representative signs a receipt for the proposal before award. A proposal may not be withdrawn after ninety (90) days from proposal closing without the Contracting Officer's written approval.

**13. RECEIPT AND REVIEW OF PROPOSALS BY THE AUTHORITY**

- (a) There will be no public opening of proposals for this solicitation. Proposals will be opened by the designated Authority representative and copies of the three (3) volumes of the proposal will be distributed for review by Authority designated personnel only, as appropriate. All reasonable efforts will be made to ensure confidentiality of the information contained in the proposals, consistent with applicable provisions of law.
- (b) The Authority may award a Contract/Lease on the basis of the initial proposals as evaluated in accordance with the Evaluation Criteria without discussions. Accordingly, the initial proposal should contain the offeror's best terms from both a price and technical standpoint.
- (c) Notwithstanding a determination by the Authority to proceed without conducting substantive negotiations or discussions with offerors, the Authority may engage in communications with one (1) or more offerors relating to clarification(s) of their proposals.
- (d) The Contracting Officer may, in his or her discretion engage in oral or written discussions with one (1) or more offerors regarding the Authority's understanding of the proposals and/or to discuss deficiencies in the initial proposals. In determining those offerors with whom he or she chooses to engage in discussions, the Contracting Officer shall first make a determination regarding the initial proposals that he or she deems to be within the competitive range for Contract/Lease award. The Contracting Officer shall conduct discussions with all offerors submitting proposals that are within the competitive range.
- (e) The Contracting Officer may, following such discussions, direct those offerors whose proposals are within the competitive range to submit Best and Final Offers ("BAFOs"). In such instances, the Contracting Officer shall award the Contract/Lease based upon his or her review of the BAFOs in accordance with the Evaluation Criteria. Nothing contained herein shall limit, modify or impair the Contracting Officer's right to engage in any additional oral or written discussions or other communications relating to the solicitation that may, be consistent with the Authority's best interests.
- (f) The Authority maintains the right to waive informalities and minor irregularities in proposals at any time during the solicitation process.

14. **EVALUATION CRITERIA AND BASIS FOR AWARD**

**BEST VALUE**

The Authority will award a Contract/Lease to the responsible offeror whose proposal conforms to the solicitation and is judged to be the most advantageous to the Authority based on an overall assessment of technical merit and price in accordance with the Evaluation Criteria. In conducting this assessment:

**Price Considerations Most Important:**

The Authority is more concerned with making an award at the lowest overall cost than with obtaining superior technical or business management features. However, the Authority will not make an award based on a proposal with significantly less favorable technical or business management features in order to achieve a relatively small savings in cost/price.

**Proposals will be evaluated based upon application of the following Evaluation Criteria:**

**a. Price**

There **must be no hidden costs** in the lease agreement. All leases must include unlimited mileage. All fees should be clearly stated in the pricing proposal.

Maintenance and repair costs for the trucks and equipment for the duration of the lease must be included in the pricing proposal. In case the trucks or equipment malfunction or need repair, the Contractor will be responsible for all of the repairs, including replacement parts at no additional cost to the Authority.

**b. Trucks and Equipment Specifications**

Offers must submit the manufacturer's truck and equipment specifications, (Appendix A and B) with their technical proposals to show that they comply with Washington Metropolitan Area Transit Authority's (WMATA) truck and equipment specifications. Offerors must check the box in column "B" if their proposal meets the WMATA's specifications. Offerors' proposals will not be considered as meeting WMATA's specification requirements if box "B" is not checked.

**c. Lease Agreement/Terms**

A proposed form of a Lease Agreement **must be submitted** with pricing and technical proposals. Lease terms and conditions are subject to further negotiation with WMATA.

**d. Past Performance**

Offerors must have experience on projects of the same or similar nature and degree of complexity as the proposed project. Offerors must demonstrate experience in being responsive to the Authority's needs as in the statement of work (SOW), including pick-up and delivery and maintenance and repair. Please provide three (3) references for evaluation who will confirm offeror's ability to perform. References should include the following: company name, mailing address, telephone number and email address and phone number of contact name.

**15. RATINGS FOR PROPOSAL EVALUATION CRITERIA – (BEST VALUE)**

Each criterion will be rated using the adjectival scoring method as follows:

Definition of adjectival rankings:

- |              |  |
|--------------|--|
| Exceptional  | Exceeds specified performance or capability in a beneficial way to WMATA, and has no weakness.   |
| Acceptable   | Meets evaluation standards required under the technical provisions. Weaknesses are correctable.  |
| Marginal     | Fails to meet evaluation standard; however any significant deficiencies are correctable. Lacks essential information to support a proposal.  |
| Unacceptable | Fails to meet an acceptable evaluation standard and the deficiency is uncorrectable. Proposal would have to undergo a major revision to become acceptable. Demonstrated lack of understanding of WMATA's requirements or omissions of major areas. |

A rating of "Acceptable" or higher is required to be eligible for award consideration. Offerors are cautioned to be aware of this standard when preparing proposals.

**16. RATINGS FOR ACCEPTABILITY CRITERIA (LOW PRICE, TECHNICALLY ACCEPTABLE, ONLY): NOT APPLICABLE**

**17. PRICE PROPOSAL EVALUATION**

- (a) The Contracting Officer will evaluate price proposals for reasonableness, completeness, and realism as appropriate. Costs will be evaluated in terms of the following:
- (1) Submittal of proposed prices for both the base year (s) and the option year(s), if any;
  - (2) Any offer that is materially unbalanced may be rejected. An unbalanced offer is one (1) that is based on prices that are significantly overstated for some items and understated for other items;
  - (3) The Contracting Officer will compare the price proposals to the Authority's estimate and otherwise determine reasonableness by performing a price analysis, if adequate competition exists. If, in the Contracting Officer's judgment, adequate price competition does not exist, he or she will conduct a cost analysis in order to ascertain whether the proposed price is fair and reasonable;
- (b) The offeror shall provide certified cost or pricing data if the Contracting Officer requests it.

**18. TECHNICAL PROPOSAL EVALUATION**

**FOR LOWEST PRICE, IF TECHNICALLY ACCEPTABLE RFPs: NOT APPLICABLE**

**FOR BEST VALUE RFPs:**

The Authority will evaluate the technical proposal in accordance with the "Evaluation Criteria" set forth in paragraph 14 and render an assessment as to the overall technical merit of the proposal. The proposal's failure to demonstrate that it meets or surpasses an acceptable level with respect to any such element may result in a determination that the proposal is unacceptable and thus ineligible for award.

**19. PRE-AWARD INFORMATION/CONTRACTOR RESPONSIBILITY**

- (a) In order to be eligible for award of a Contract/Lease, a proposer must affirmatively demonstrate to the Contracting Officer's satisfaction that it is responsible for purposes of this Solicitation. Such demonstration must include a showing that it maintains the requisite integrity, overall technical expertise and experience, (including prior performance on other Authority contracts/leases or contracts/leases with other government agencies), and sufficient financial resources to perform the Contract/Lease in a timely, satisfactory and appropriate manner.
- (b) The Contracting Officer may conduct a pre-award survey and/or take other actions to obtain information regarding the proposer's responsibility, if its offer is in the competitive range or is otherwise under consideration for award. The proposer shall promptly supply information that the Contracting Officer requests regarding its responsibility in such manner and form as he or she requests.
- (c) Among other items, a proposer shall furnish the following when the Contracting Officer requests:
  - (1) A completed and signed "Pre-Award Evaluation Data" form (copy attached), including all referenced financial statements and information;
  - (2) Evidence of good standing in the System for Award Management (SAM) at [www.sam.gov](http://www.sam.gov).

**20. PRE-AWARD MEETING [FOR BEST VALUE PROCUREMENTS] (NOT APPLICABLE)**

The Authority reserves the right to require that a pre-award meeting be held with the apparent successful offeror prior to Contract/Lease award in order to review the offeror's understanding of the Contract's requirements and/or further assist the Authority in determining the offeror's responsibility for purposes of award. The Contractor shall be represented at such meeting by individual(s) fully familiar with the Contractual/lease requirements.

**21. SITE VISIT/INSPECTION OFFEROR'S FACILITIES**

**NOT APPLICABLE**

**22. CONTRACT AWARD**

- (a) **FOR BEST VALUE AWARDS** At the conclusion of the technical and price evaluation processes, the Contracting Officer will award a Contract to the responsible offeror whose

proposal conforms to the solicitation and is the most advantageous to the Authority based upon application of the Evaluation Criteria. Such determination shall be based upon the initial proposals received where the Contracting Officer determines not to conduct discussions or shall be based upon the BAFOs, if the Contracting Officer directs their submission.

- (b) A written award mailed or otherwise furnished to the successful offeror at any time prior to withdrawal of the proposal shall result in a binding Contract without further action by either party. Discussions conducted after receipt of an offer do not constitute the Authority's rejection or counteroffer.
- (b) The Authority reserves the right to reject any all proposals received and decline to enter into a Contract pursuant to this solicitation, if it deems such action is in the Authority's best interests.
- (c) After the apparent successful offeror is chosen through the best value process, the Authority will negotiate a lease with the apparent successful offeror based upon the offeror's proposed form of lease agreement and the Authority's exceptions thereto. Since negotiation of an acceptable lease agreement is a condition precedent to forming this Contract/Lease agreement, there will be no legally binding agreement if the parties fail to agree on an acceptable form of lease.

**23. PERFORMANCE/PAYMENT BONDS**

NOT APPLICABLE

**24. OPPORTUNITY FOR DISADVANTAGED BUSINESS ENTERPRISES TO PROPOSE**

The Washington Metropolitan Area Transit Authority hereby notifies all prospective offerors that it will affirmatively ensure that disadvantaged minority business enterprises will be afforded full opportunity to submit proposals in response to this solicitation and will not be discriminated against on the basis of race, color, creed, sex, religion, national origin, disability, sexual preference or gender identity in consideration for award.

**25. WMATA'S TAX EXEMPT STATUS**

- (a) Pursuant to Article XVI, Paragraph 78, of the Washington Metropolitan Area Transit Authority's Compact, as adopted by the State of Maryland, the District of Columbia, and the Commonwealth of Virginia, with the authorization and consent of the Congress of the United States, the Authority has been accorded exemption from taxes as follows:

"The Authority and the Board shall not be required to pay taxes or assessments upon any of the property acquired by it or under its jurisdiction, control, possession or supervision, or upon its activities in the operation and maintenance of any transit facility or upon any revenues therefrom, and the property and income derived therefrom shall be exempted from all Federal, State, District of Columbia, municipal, and local taxation. This exemption shall include without limitation, all motor vehicle license fees, sales taxes and motor fuel taxes."

- (b) By submission of its proposal, the offeror certifies that none of the taxes that the Authority is exempt from are included in its cost proposal.

**26. RESTRICTION ON DISCLOSURE AND USE OF DATA**

The Authority shall provide all reasonable precautions to ensure that proprietary, technical and pricing information remains within the review process. Offerors shall attach to any proprietary data submitted with the proposal the following legend:

- (a) "This data furnished pursuant to this RFP shall not be disclosed outside the Authority, be duplicated, or used, in whole or in part, for any purpose other than to evaluate the offer. If a Contract/Lease is awarded on the basis of this offer, the Authority shall have the right to duplicate, use, and disclose this data, in any manner and for any purpose whatsoever.
- (b) This information does not limit the Authority's right to use information contained in this data, if the Authority obtains it from another independent, legitimate source.
- (c) Except for the foregoing limitation, the Authority or its agents may duplicate, use, and disclose in any manner and for any purpose whatsoever, all data furnished in response to this solicitation."

**27. ENGLISH LANGUAGE AND UNITED STATES CURRENCY**

With respect to both this solicitation and the resultant Contract/Lease:

- (a) All communications (oral, written, electronic and otherwise including but, not limited to, software coding) shall be in the English language.
- (b) All pricing shall be in United States dollars.

**28. BRAND NAME OR EQUAL**

- (a) If items called for by this RFP have been identified by a "brand name or equal" description, such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products that will be satisfactory. Proposals offering "equal" products including products of the brand name manufacturer other than the one (1) described by brand name will be considered for award, if such products are clearly identified in the proposals and the Authority determines them to fully meet the salient characteristics (physical, functional, or performance) requirements in the Statement of Work (SOW).
- (b) Unless the offeror clearly indicates in its proposal that it is offering an "equal" product, the proposal shall be considered as offering a brand name product referenced in the RFP.
- (c) If the offeror proposes to furnish an "equal" product, the brand name, if any, of the product to be furnished in the space provided in the RFP, or such product shall be otherwise clearly identified in the proposal. The determination as to equality of the product offered shall be at the Authority's sole discretion.

**CAUTION TO OFFERORS.** WMATA is not responsible for locating or securing any information that is not identified in the proposal and reasonably available to the Authority. The offeror must furnish as a part of its proposal all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the Authority to determine whether the product offered meets the salient characteristics of the RFP.

The information furnished may incorporate by specific reference, information previously furnished or otherwise available to the Authority. If the Offeror proposes to modify a product to make it conform to the RFP, it shall include in the proposal, a clear description of such proposed modifications, and clearly mark any descriptive material to show the proposed modifications.

**29. REQUESTS FOR RECORDS**

The Washington Metropolitan Area Transit Authority (WMATA), in the regular course of business, may receive from the public, including prospective vendors and bidders, requests for records on a variety of topics. It is WMATA's policy to make official agency records, including electronic records, available to the public, unless specifically prohibited by WMATA's policy or applicable laws.

- (a) "Records" means any existing writings, drawings, maps, recordings, tapes, film, microfilm, correspondence, forms, cards, photographs, optical disks, photo copies, and records stored by computer (electronic records) that are made or received by WMATA in connection with a public Contract/Lease. A record does not include uncirculated personal notes, papers, electronic records and any other records that were created and retained solely as work papers for personal use of the Contracting Officer, Contract Administrator or other WMATA employee.
- (b) WMATA's contracting process allows for the release/posting of certain information concerning this Contract after its award. This includes the name of the successful offeror and the amount of the award. This information is available on WMATA's website under "Business with Metro" or directly from the Contract Administrator.
- (c) Upon WMATA's request, the successful offeror shall be required to provide a redacted copy of the successful technical and price proposals with confidential and proprietary information redacted.
- (d) After the award is announced, the winning proposal may be subject to release under WMATA's Public Access to Records Policy (PARP).
- (e) When WMATA determines that a successful proposal will be of wide public interest, WMATA will post the redacted proposal on its website. When WMATA receives three (3) or more requests for a successful proposal, WMATA will post the redacted proposal on its website.
- (f) Requests for Records that are not made available during the procurement process and that are not generally made available during the de-briefing process will be submitted in accordance with the PARP. Requests must be in writing and sent by mail to the Office of General Counsel, Washington Metropolitan Area Transit Authority, 600 Fifth Street, NW, Washington, D.C. 20001, or by electronic mail at [parpprivreq@wmata.com](mailto:parpprivreq@wmata.com) or by facsimile to the attention of the PARP Administrator at (202) 962-2550. If a request for records is sent directly from the requestor to a Contract Administrator, department, or independent office, that entity shall immediately forward the request to the PARP Administrator in the Office of General Counsel. If records are subject to a PARP request, a member of the PARP team will contact the company to begin the PARP document review process, which includes providing detailed written justifications for any information for which exemptions are claimed.
- (g) Neither WMATA's proposal/debriefing process nor the PARP process generally allow for the release of information that would cause competitive harm to the proposers, other

organizations, WMATA's employees, or interests. Information that will be withheld includes the following:

- (1) The names of unsuccessful offerors;
  - (2) The technical and price proposals of unsuccessful offerors;
  - (3) Personal information (this does not include education and qualifications which are released) about the successful offeror or its employees that is not available to the public on the website of the successful offeror;
  - (4) Unit price details of the successful price proposal (this does not include the bottom line price, which is released);
  - (5) WMATA's technical evaluation of any proposals submitted to WMATA pursuant to a solicitation;
  - (6) The names of the vendors who file a protest to the solicitation or its award;
  - (7) The written adjudication of any protests;
  - (8) Personal information concerning WMATA's employees; and
  - (9) Trade secrets and confidential commercial or financial information obtained from an offeror.
- (h) If your company's records are subject to a PARP request (i.e., if it is the successful offeror), a broad claim of confidentiality for the entire proposal or pages of the proposal is rarely acceptable, and will likely be rejected during the PARP process. Therefore, WMATA suggests that you narrowly identify your confidential/proprietary information based on the following guidance:
- (i) Information that may be withheld/redacted:
- (1) Detailed pricing except bottom line offer amounts;
  - (2) Trade Secrets;
  - (3) Unique proprietary solutions not publicly known;
  - (4) Employee/personnel names below the executive level; however, information regarding qualifications of employees is released; and
  - (5) Subcontractor/vendor identities, if not publicly known.
- (j) Public information subject to release:
- (1) Any information on your company's website;
  - (2) Publicly known information (even if not on your company's website);
  - (3) General company background;
  - (4) Mere compliance with RFP requirement; and
  - (5) Anything standard to the industry.

**30. NOTICE OF PROTEST POLICY**

- (a) The Authority's procedure for the administrative resolution of protests is set forth in Chapter 17 of the Procurement Procedures Manual. The procedures contain strict rules for filing a timely protest, for responding to a notice that a protest has been filed, and other procedural matters.
- (b) Alleged violations must be submitted to the Contracting Officer who will administratively decide the protest.
- (c) The United States District Courts for the Districts of Maryland, Virginia and the District of Columbia, and the local courts in Maryland, Virginia and the District of Columbia have jurisdiction over court actions concerning protest decisions.

The Authority's obligation for performance of this Contract/Lease beyond that date is contingent upon the availability of funds from which payment for Contract/Lease purposes can be made. The Authority's legal liability for any payment cannot arise for performance under this Contract/Lease, until funds are made available to the Contracting Officer for performance and until he or she notifies the

Contractor of the availability, in writing. Any option exercised by the Authority that will be performed, in whole or in part, in a subsequent fiscal year is subject to availability of funds in that year and will be governed by the terms of this article.

**10. CONTRACTING OFFICER'S TECHNICAL REPRESENTATIVE (COTR)**

- (a) The work will be conducted under the Contracting Officer's general directions. Authority will be delegated to the Contracting Officer's Technical Representative (COTR) to take the following actions;

**CHAPTER II – TIME/DELAYS/LIQUIDATED DAMAGES**

**1. PERIOD OF PERFORMANCE**

The period of performance is a Contract/Lease period of **five (5) months** commencing on November 1<sup>st</sup> following the execution of the lease and ending on March 31<sup>st</sup> of the following calendar year.

In addition, there will be four (4) option periods of **five (5) months** each from November – March, exercisable at the sole-discretion of WMATA. Be advised that **all Contract/Lease periods are subject to the availability of operating funds approved by the WMATA Board of Directors in its operating budget for each subsequent year.**

The Authority may exercise the options by written notice to the Contractor, prior to commencement of the option period. The Authority shall give the Contractor a preliminary notice of its intent to exercise an option within a reasonable time before the Contract/Lease expires. The preliminary notice does not commit the Authority to exercise an option.

**1. OPTIONS – EVALUATION**

In awarding this Contract/Lease, the Contracting Officer shall evaluate offers for any option quantities or periods contained in a solicitation in accordance with PPM §§ 4-21 through 4-23.

**2. OPTIONS – EXERCISE**

- (a) When exercising an option, the Contracting Officer shall provide written notice to the Contractor within a reasonable amount of time before exercising the option.
- (b) When the Contract/Lease provides for economic price adjustment and the Contractor requests a revision of the price, the Contracting Officer shall determine the effect of the adjustment on prices under the option before the option is exercised.
- (c) In accordance with PPM § 4-23, the Contracting Officer may exercise options only after determining that—
  - (1) Funds are available;
  - (2) The requirement covered by the option fulfills an existing WMATA need;
  - (3) The exercise of the option is the most advantageous method of fulfilling WMATA's needs, when price and other factors are considered.
  - (4) Contractor is not listed in the System for Award Management's Exclusions (See [www.sam.gov](http://www.sam.gov)).
  - (5) The Contractor's past performance evaluations on other Contract/Lease actions have been considered; and
  - (6) The Contractor's performance on this Contract/Lease has been acceptable in that it received satisfactory ratings.
- (d) The Contracting Officer, after considering price and other factors, shall make the determination on the basis of one (1) of the following:

- (1) A new solicitation fails to produce a better price or a more advantageous offer than that offered by the option. If it is anticipated that the best price available is the option price or that this is the more advantageous offer, the Contracting Officer should not use this method of testing the market.
  - (2) An informal analysis of prices or an examination of the market indicates that the option price is better than prices available in the market or that the option is the more advantageous offer.
  - (3) The time between the award of the Contract/Lease containing the option and the exercise of the option is so short that it indicates the option price is the lowest price obtainable or the more advantageous offer. The Contracting Officer shall take into consideration such factors as market stability and comparison of the time since award with the usual duration of Contracts/Leases for such supplies or services.
- (e) The determination of other factors under subparagraph (d), should take into account WMATA's need for continuity of operations and potential costs of disrupting operations.
- (f) Before exercising an option, the Contracting Officer shall make a written determination for the Contract file that the exercise is in accordance with the terms of the option, and the requirements of this clause. To satisfy requirements for full and open competition, the option must have been evaluated as part of the initial competition and be exercisable at an amount specified in or reasonably determinable from the terms of the basic Contract/Lease, such as:
- (1) A specific dollar amount;
  - (2) An amount to be determined by applying provisions (or a formula) provided in the basic Contract/Lease, but not including renegotiation of the price for work in a fixed-price type contract;
  - (3) In the case of a cost-type contract, if—
    - (a) The option contains a fixed or maximum fee; or
    - (b) The fixed or maximum fee amount is determinable by applying a formula contained in the contract;
  - (4) A specific price that is subject to an economic price adjustment provision; or
  - (5) A specific price that is subject to change as the result of changes to prevailing labor rates provided by the U.S. Secretary of Labor.
- (g) The Contract modification or other written document that notifies the Contractor of the exercise of the option shall cite this article as authority.

**4. OPTION FOR INCREASED OR DECREASED QUANTITIES OF SUPPLIES**

WMATA may increase or decrease the quantities of supplies called for in the Price Schedule, at the unit price specified. WMATA may also require the delivery of a numbered line item, identified in the Price Schedule as an option item, in the quantity and at the price stated in the Price Schedule. The Contracting Officer may exercise the option by written notice to the

Contractor within a reasonable amount of time before exercising the option. Delivery of the added items shall continue at the same rate as the like items called for under the Contract/Lease, unless the parties agree otherwise.

**5. OPTIONS TO EXTEND SERVICES**

WMATA may require continued performance of any services within the limits and at the rates specified in this Contract/Lease. These rates may be adjusted only as a result of revisions to the prevailing labor rates provided by the U.S. Secretary of Labor. This option provision may be exercised more than once, but the total extension of performance thereunder shall not exceed six (6) months. The Contracting Officer may exercise the option by written notice to the Contractor within a reasonable amount of time exercising the option.

**6. OPTION TO EXTEND THE TERM OF THE CONTRACT/LEASE**

- (a) WMATA may extend the term of this Contract/Lease by written notice to the Contractor within a reasonable amount of time exercising the option, provided that WMATA gives the Contractor a preliminary notice of its intent to extend within a reasonable amount of time before this Contract/Lease expires. The preliminary notice does not commit WMATA to the extension.
- (b) If WMATA exercises this option, the extended Contract/Lease shall include this option article.
- (c) The total duration of this Contract/Lease, including any options under this article shall be reasonable as determined by the Contracting Officer in consultation with counsel (COUN).

**7. OPTIONS EXERCISED OUT OF SEQUENCE**

WMATA may exercise options at any time, including during the base period, and in any sequence, even if it varies from the sequence stated in the Price Schedule. The Contractor may be entitled to an equitable adjustment in the Contract/Lease price, if exercising the option out of sequence causes any undue delay in performance of this Contract/Lease.

**8. LIQUIDATED DAMAGES FOR DELAY**

**NOT APPLICABLE**

**9. EXTENSIONS OF TIME/FORCE MAJEURE**

- (a) For purposes of this clause, the term "force majeure" shall mean an unforeseen event or circumstance, beyond the control of, and not occasioned by the fault or negligence of, the Contractor or the Authority, that gives rise to a delay in the progress of the Contract /Lease, including, without limitation, acts of God, acts of war or insurrection, unusually severe weather, fires, floods, strikes, freight embargoes or other events or circumstances of like nature.

- (b) If the Contractor is delayed at any time during the performance of this Contract/Lease, by the Authority's negligence or by a force majeure event, then the Contracting Officer shall extend the time for completion and/or the affected delivery date(s) in the following circumstances:
- (1) The cause of the delay arises after the award of the Contract/Lease and neither was nor could have been anticipated by the Contractor by reasonable investigation before such award;
  - (2) The Contractor demonstrates to the Contracting Officer that the completion of the work and/or affected delivery(ies) will be actually and necessarily delayed;
  - (3) The delay cannot be avoided or mitigated by the exercise of all reasonable precautions, efforts and measures available to the Contractor, whether before or after the cause of delay; and
  - (4) The Contractor makes a written request and provides other information to the Contracting Officer, as described below.
- (c) If the Contractor will be delayed at any time or for any period by two (2) or more of the above-mentioned causes, the Contractor shall not be entitled to a separate extension for each cause, but shall be entitled to only one (1) period of extension for the cumulative effects of the delay.
- (d) The Contracting Officer may rescind or shorten any extension previously granted, if he or she subsequently determines that any information that the Contractor provided in support of a request for an extension of time was erroneous, if, accurate information would have resulted in a denial of the request for an excusable delay. The Contracting Officer will not rescind or shorten any extension previously granted, if the Contractor acted in reliance upon it and if, in his or her judgment, such extension was based on information that the Contractor submitted in good faith, even if it is later determined to be erroneous.
- (e) The request for an extension of time shall be made within ten (10) days after the Contractor knows or should know of any cause for which it may claim an excusable delay. The Contractor's request shall contain any potential basis for an extension of time, describing, as fully as possible, the nature and projected duration of the delay and its effect on the completion of the work identified in the request. Within thirty (30) days after his or her receipt of all such information, the Contracting Officer shall advise the Contractor of his or her decision on such requested extension. Where it is not reasonably practicable for the Contracting Officer to render his or her decision in the thirty (30) day period, he or she shall, prior to the expiration of such period, advise the Contractor that he or she will require additional time and state the approximate date upon which he or she expects to render a decision.
- (f) In no event shall a delay in performance of the Contract/Lease occasioned solely by a force majeure event or the acts or omissions of any party outside of the Contractor's control be the basis for a termination for default pursuant to this Contract/Lease. In no event shall a subcontractor at any tier be deemed a party outside of the Contractor's control.

**10. THE AUTHORITY'S DELAY**

- (a) If the performance of all or any part of this Contract/Lease is delayed in a material manner or extent by the Authority's acts or omissions that are not expressly or impliedly authorized by this Contract or by applicable provisions of law, the Contracting Officer shall make an adjustment (excluding profit) for any increase in the cost of performance of this Contract/Lease caused by such delay and shall modify the Contract/Lease, in writing. The Contracting Officer shall make an adjustment to the delivery or performance dates and to any other Contract/Lease provision, if such delay or interruption affected Contract/Lease compliance. The Contracting Officer shall make no adjustment under this Contract/Lease for any delay or interruption, if performance was or could have been delayed by any other cause, including, without limitation: (i) the fault or negligence of the Contractor or any subcontractor; (ii) an act constituting a force majeure event pursuant to this Contract/Lease; or (iii) any other cause for which an adjustment is provided under any other article of this Contract/Lease, at law or in equity.
- (b) An adjustment pursuant to paragraph (a) shall not be allowed:
  - (1) For any costs incurred more than twenty (20) days before the Contractor notifies the Contracting Officer, in writing, of the delay.
  - (2) Unless the claim, in a sum certain, is asserted in writing as soon as practicable after the termination of the delay. In no event, shall a Contractor assert a delay claim later than thirty (30) days after its termination. The delay claim shall be accompanied by appropriate documentation, specifically supporting the nature and extent of the claimed impact upon the cost and/or time required for performance. In any instance where it is not possible for the Contractor to fully project such impact within the thirty (30) day period, it shall support the claim with such documentation as is then reasonably available, along with a statement of the anticipated time frame when the Contractor expects to provide the additional materials. The Contracting Officer shall maintain the right throughout the process to request such additional materials as he or she shall reasonably require in consideration of the claim and shall be under no obligation to conclude his or her consideration of the claim prior to review of all relevant materials. Any adjustment to the Contract/Lease price pursuant this clause must be determined prior to final payment under this Contract/Lease.

**11. NOTICE TO THE AUTHORITY OF LABOR DISPUTES**

- (a) Whenever the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this Contract/Lease, the Contractor shall immediately give notice thereof, including all relevant information with respect thereto, to the Contracting Officer.
- (b) The Contractor agrees to insert the substance of this article, including this paragraph (b), in any subcontract hereunder if a labor dispute may delay the timely performance of this Contract/Lease.

**CHAPTER III – ACCEPTANCE/INSPECTIONS/DEFICIENCIES**

**1. INSPECTION OF SERVICES**

- (a) The Contractor shall provide and maintain an inspection system acceptable to the Authority covering the services under this Contract/Lease. The Contractor shall maintain complete records of all inspection work it performs and make them available to the Authority during Contract/Lease performance in the manner and in accordance with the time periods set forth in the "Audit and Inspection of Records" article of this Contract.
- (b) The Authority has the right to inspect and test all services called for by this Contract/Lease, at all times and places reasonably practicable during the term of this Contract/Lease. The Authority shall perform inspection and tests in a manner that will not unduly delay the Contract/Lease.
- (c) If the Authority performs inspections or tests on the Contractor's or subcontractor's premises, the Contractor shall furnish, and shall require subcontractors to furnish, without cost, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.
- (d) If any of the services performed do not conform to the Contract's/lease's requirements, the Authority may require the Contractor to perform them again in conformity with the Contract's/Lease's requirements, without additional cost. When the defects in performance cannot reasonably be corrected by such further performance, the Authority may:
  - (1) Direct the Contractor to take necessary action to ensure that future performance conforms to this Contract's/Lease's requirements; and/or
  - (2) Reduce the Contract/Lease price to reflect the reduced value of the services performed.
- (e) If the Contractor fails to comply with the provisions of paragraph (d), the Authority may:
  - (1) By Contract/Lease or otherwise, perform the services and charge to the Contractor any cost thereby incurred by the Authority; and/ or
  - (2) In the event that the Contracting Officer deems such failure to comply a material breach, terminate the Contract/Lease for default.
- (f) Nothing contained herein shall be deemed to preclude the Contracting Officer from reducing the Contract/Lease price due to the reduced value of nonconforming services to the Authority.

**2. INSPECTION OF SUPPLIES**

- (a) The Contractor shall provide and maintain an inspection system acceptable to the Authority covering supplies under this Contract/Lease and shall tender to the Authority for acceptance only supplies that have been inspected in accordance with

the inspection system and that the Contractor determines to be in conformity with this Contract's/Lease's requirements. As part of the system, the Contractor shall prepare records evidencing the nature and result of all inspections. These records shall be made available to the Authority during the term of the Contract/Lease and thereafter in accordance with the "Audit and Inspection of Records" article of this Contract. The Authority may perform reviews and evaluations as reasonably necessary to ascertain compliance with this article. These reviews and evaluations shall be conducted in a manner that will not unduly delay the Contract/Lease. Reviews, whether exercised or not, do not relieve the Contractor of its obligations under this Contract/Lease.

- (b) The Authority has the right to inspect and test all supplies under this Contract/Lease, to the extent practicable, at all places and times, including during manufacturing, and before acceptance. The Authority shall perform inspections and tests in a manner that will not unduly delay the Contract/Lease. The Authority assumes no Contractual obligation to perform any inspection and/or test nor shall the Authority's failure to perform any inspection and/ or test relieve the Contractor of any obligation under this Contract/Lease.
- (c) If the Authority performs inspection(s) or test(s) on the Contractor's or subcontractor's premises, the Contractor shall furnish, and shall require subcontractors to furnish, without additional cost, all reasonable facilities and assistance for the safe and convenient performance of these inspections or tests.
- (d) When supplies are not ready at the time specified for inspection or testing, the Contracting Officer may charge the Contractor for any additional, associated costs. The Contracting Officer may also charge the Contractor for any additional costs of inspection or testing when prior rejection makes re-inspection or retesting necessary.

**3. ACCEPTANCE OF SUPPLIES**

- (a) The Authority shall accept or reject tendered supplies as promptly as practicable after delivery, unless otherwise provided in this Contract/Lease. The Authority's failure to inspect and/or accept or reject the supplies shall not relieve the Contractor from responsibility, nor impose liability upon the Authority, for nonconforming supplies.
- (b) The Authority's acceptance shall be deemed conclusive, except for latent defects, fraud, willful misconduct, gross mistakes amounting to fraud or as otherwise provided in this Contract/Lease. In such instances, the Authority, in addition to any other rights and remedies it has under this Contract/Lease, at law or in equity, shall have the right:
  - (1) To direct the Contractor, at no increase in Contract/Lease price, to correct or replace the defective or nonconforming supplies at the original point of delivery or, if the Contracting Officer determines, at the Contractor's facility, in accordance with a reasonable delivery schedule as may be agreed upon between the parties. The Contracting Officer may reduce the Contract/Lease price, if the Contractor fails to meet such delivery schedule; or
  - (2) Within a reasonable time after the Contractor's receipt of a Notice of Defects or Nonconformance, the Contracting Officer may reduce the Contract/Lease price, as is equitable under the circumstances, if he or she elects not to

require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the costs of transportation.

**4. NEW MATERIAL [SUPPLIES]**

Unless this Contract/Lease specifies otherwise, the Contractor represents that any supplies and components to be provided under this Contract/Lease are new (not used or reconditioned, and not of such age or so deteriorated as to impair their usefulness or safety). If at any time during the performance of this Contract/Lease, the Contractor believes that furnishing supplies or components that are not new is in the Authority's best interests, the Contractor shall notify the Contracting Officer immediately, in writing. The Contractor's notice shall include the reasons for the request, along with any proposed price reduction, that the Authority may take if the Contracting Officer agrees to authorize such supplies or components. The Contracting Officer's authorization to use such supplies or components shall be final and binding and not subject to further review pursuant to the "Disputes" article of this Contract/Lease or otherwise.

**5. WARRANTY**

- (a) All workmanship, parts and materials furnished for this Contract/Lease shall be unconditionally warranted against failures or defects for the period of the manufacturer's warranty, or if the remaining manufacturer's warranty is less than one year or nonexistent, then for a period of five (5) months after the Authority accepts them or places them in service, whichever is earlier. Any existing warranty will cover each subsequent 5 month period in each of the option periods. The Contractor shall accept the Authority's records regarding the date the item was placed in service. The Contractor shall provide the Authority with written evidence of the existing warranties on all vehicles and equipment when delivered.
- (b) In the event that any work covered by the warranty provisions fails during the warranty period, the Contractor shall repair or replace the work within three (3) days without cost or expense to the Authority.
- (c) Should the Contractor shall fail to repair or replace any part or do any work in accordance with the terms of this warranty, or if immediate replacement or work is necessary to maintain operations, the Authority shall have the right to cause such replacement to be made, utilizing its own forces and/or those of third parties as the Authority shall reasonably deem appropriate, at Contractor's expense.
- (d) Each piece of equipment, component or part thereof that the Contractor replaces, repairs, adjusts or services in any manner under the terms of this warranty during the warranty period shall be reported to the Contracting Officer on the Authority's forms. Each report shall indicate in detail all repairs, adjustments and servicing to each and every component, unit or part thereof.
- (e) Any warranty work shall be accomplished with minimum disruption to the Authority's operations and to its maintenance and service facilities. The Authority shall at its sole discretion determine the availability of facilities for warranty work.

- (f) The Contractor shall make adequate service facilities available, along with spare parts, for all the items under warranty. Trained technical service personnel shall be available to the Authority sufficient to meet the Contractor's warranty obligations.
  - (1) The Contractor shall provide field service representatives who are competent and fully qualified in the maintenance and operation of the warranted items. These field service representatives shall assist the Authority in overcoming any difficulties in the operation or maintenance of the warranted items. They shall further serve as the Contractor's on-site representatives for any component failure claims or warranty claims under this Contract/Lease.
  - (2) During the warranty period, a field service representative shall be available within twenty four (24) hours.
- (g) The Authority's rights set forth in this article shall be in addition to those set forth elsewhere in this Contract/Lease or otherwise at law or in equity.

### **WARRANTY OF SERVICES**

(a) *Definitions.*

"Acceptance," as used in this clause, means the act(s) of WMATA's authorized representative by which WMATA approves specific services, in partial or complete performance of the Contract/Lease.

- (b) Notwithstanding inspection and acceptance by WMATA or any provision concerning the conclusiveness thereof, the Contractor warrants that all services performed under this Contract/Lease will, at the time of acceptance, be free from defects in workmanship and conform to the requirements of this contract. The Contracting Officer shall give written notice of any defect or nonconformance to the Contractor within thirty (30) days from the date of acceptance by WMATA. This notice shall state either –
  - (1) That the Contractor shall correct or re-perform any defective or nonconforming services; or
  - (2) That WMATA does not require correction or re-performance.
- (c) If the Contractor is required to correct or re-perform, it shall be at no cost to WMATA, and any services corrected or re-performed by the Contractor shall be subject to this clause to the same extent as work initially performed. If the Contractor fails or refuses to correct or re-perform, the Contracting Officer may, by contract, lease or otherwise, correct or replace the services with similar services and charge the Contractor with the cost, or make an equitable adjustment to the Contract/Lease price.
- (d) If WMATA does not require correction or re-performance, the Contracting Officer shall make an equitable adjustment to the Contract/Lease price.

**6. CORRECTION OF DEFICIENCIES**

- (a) The Contractor must replace materials or correct workmanship not conforming to the Contract's/lease's requirements at no additional cost to WMATA. In addition, the Contractor is subject to any actual damages incurred by WMATA. If the Contractor fails to correct deficiencies, the Contracting Officer, may take specific action as follows:
- (1) Replace or correct the item or work at the Contractor's expense. This may be accomplished by award of a new Contract/Lease or by use of WMATA's own resources.
  - (2) Accept the items with a reduction in price. This action will be accomplished by formal modification to this Contract/Lease. The reduced price will be based upon the reasonable value of the item, considering the possible cost of correcting the item.
  - (3) Terminate this Contract/Lease for default. If the item or work must be re-procured, the Contractor is normally liable for excess costs incurred by WMATA in accordance with the "Termination for Default" article of this Contract/Lease.

**7. FIRST ARTICLE INSPECTION**

**NOT APPLICABLE**

**8. F.O.B. DESTINATION**

- (a) Unless otherwise specified, the Contractor shall furnish all supplies to be delivered under this Contract/Lease "F.O.B. Destination." As used herein, "F.O.B. Destination" means:
- (1) Free of expense to WMATA on board the carrier's conveyance, at a specified delivery point where WMATA's facility (plant, warehouse, store, lot, or other location to which shipment can be made) is located; and
  - (2) Supplies shall be delivered to WMATA's warehouse unloading platform, or receiving dock, at the Contractor's expense. WMATA shall not be liable for any delivery, storage, demurrage, accessorial, or other charges involved before the actual delivery of the supplies to the destination, unless such charges are caused by WMATA's acts or omissions, acting in its Contractual capacity. If the Contractor uses a rail carrier or freight forwarder for less than full carload shipments, the Contractor shall assure that the carrier will furnish tailgate delivery, if transfer to truck is required to complete delivery to WMATA.
- (b) The Contractor shall:
- (1) Pack and mark the shipment to comply with this Contract's/lease's specifications;

- (2) In the absence of specifications, prepare the shipment in conformance with carrier requirements;
- (3) Prepare and distribute commercial bills of lading;
- (4) Deliver the shipment in good order and condition to the delivery point specified in the Contract/Lease;
- (5) Be responsible for any loss of and/or damage to the goods occurring before receipt of the shipment by WMATA at the delivery point specified in the Contract/Lease;
- (6) Furnish a delivery schedule and designate the mode of delivering carrier; and
- (7) Pay and bear all charges to the specified point of delivery.

**9. QUALITY ASSURANCE/QUALITY CONTROL**

The Contractor shall be responsible for quality assurance and for assuring that the work conforms to the requirements of this Contract. The Contractor shall maintain an effective and economical quality control program planned and developed in conjunction with other Contractor functions necessary to satisfy this Contract's/Lease's requirements. The quality control program shall establish and implement procedures to ensure that only acceptable supplies or services are tendered to the Authority for acceptance, and shall demonstrate both recognition of the Contract's/Lease's quality requirements and an organized approach to satisfying them. The program shall ensure that quality requirements are satisfied throughout all phases of Contract/Lease performance, including, as applicable, purchasing, fabrication, processing, assembly, inspection, testing, packaging, delivery, and storage and shall provide for the early detection of actual or potential deficiencies, trends, or conditions that could result in unsatisfactory quality.

**CHAPTER IV—CHANGES/ PRICING ADJUSTMENTS**

**1. CHANGE ORDERS**

- (a) The Contracting Officer may at any time, by a written order, direct and implement change orders, within the general scope of this Contract/Lease, including but not limited to one or more of the following:
  - (1) Nature and/or extent of services to be performed or supplies to be furnished;
  - (2) Time of performance (i.e., hours of the day, days of the week, etc.); or
  - (3) Place of performance of the services or delivery of the supplies.
- (b) If, in the Contracting Officer's judgment, any change causes an increase or decrease in the cost of, or the time required for, the performance of any part of this Contract/Lease, whether or not directly changed by the order, he or she shall make an equitable adjustment to the Contract/Lease price, the delivery schedule, or both, and shall modify the Contract/Lease, in writing, accordingly.
- (c) In any instance where the Contractor asserts a right to an adjustment in the Contract/Lease price or time required for performance as the result of a change, it must submit a written claim advising the Authority within thirty (30) days from the date of receipt of the written order directing the change. The claim shall be accompanied by appropriate documentation, supporting the nature and extent of the claimed impact upon the Contract/Lease price and/or time required for performance. In any instance where it is not reasonably practicable to fully project such impact within the thirty (30) day period, the Contractor shall accompany its claim with such supporting documentation as is then reasonably available as along with a statement of the anticipated time frame when the Contractor expects to provide the additional materials. The Contracting Officer shall maintain the right throughout the process to request such additional materials as he or she shall reasonably require in consideration of the claim and shall be under no obligation to conclude his or her consideration of the claim prior to review of all relevant materials. Any adjustment to the Contract/Lease price pursuant to this article must be agreed upon or otherwise determined prior to final payment.
- (d) If the Contractor's proposed price adjustment includes the cost of property rendered obsolete or excess by the change, the Contracting Officer shall have the right to prescribe the manner of property disposition.
- (e) Disagreement regarding either party's right to any adjustment in price or time for performance as the result of a change implemented pursuant to this article shall be subject to adjudication in accordance with the "Disputes" article of this Contract/Lease. Notwithstanding the pendency of any such dispute, the Contractor expressly acknowledges that it shall remain fully obligated to perform the Contract/Lease as so changed.
- (f) The Contractor shall promptly notify the Contracting Officer of matters, whether implemented as change orders or otherwise, that the Contractor believes may reasonably result in either an increase or decrease in the Contract/Lease price or the

time required for performance of any part of the Contract/Lease and shall take action as the Contracting Officer directs. The Contractor's failure to provide such notification shall constitute a waiver of its right to seek an adjustment in the Contract/Lease price or time required for such performance.

- (g) In no event shall the Contractor be entitled to payment for change orders, additional or extra supplies or services or other modifications to this Contract/Lease, unless the Contracting Officer authorizes, it in writing.

**2. PRICING OF ADJUSTMENTS**

- (a) The parties agree that, notwithstanding any interpretation of contract cost principles to the contrary, the Authority will not be liable for interest, however represented, on or as a part of any claim, request, proposal or adjustment, including equitable adjustments, whether it arises under the Contract/Lease or otherwise.
- (b) As part of its proposal for any Contract/Lease modification requiring a price adjustment in excess of \$100,000, the Contractor shall submit to the Contracting Officer, cost or pricing data under the conditions described in this paragraph and certify that, to the best of its knowledge and belief, the cost or pricing data submitted is accurate, complete and current as of the date submitted. At the Contracting Officer's discretion, the Contractor, may be required to submit cost or pricing data for price adjustments less than \$100,000.
- (c) The Contractor shall ensure that this article is included in all subcontracts at any tier, if the value of the subcontracted work exceeds \$100,000.

**3. ACCOUNTING AND RECORD KEEPING FOR ADJUSTMENTS**

- (a) **Applicability.** This article shall apply to any adjustment in the Contract/Lease price initiated by the Contractor or the Authority.
- (b) **Forward Price Adjustments.** Unless waived in writing, the Contractor shall furnish to the Contracting Officer, a proposed price adjustment in advance of performance of any work for which the price adjustment is requested. The Contractor shall generate such records as are necessary to substantiate all elements of the proposed adjustment, which records shall be specifically segregated and identified in the Contractor's accounting system as being applicable to the pricing adjustment request.
- (c) **Post Price Adjustments.** This paragraph shall be applicable to price adjustments that either (i) are expected to exceed \$50,000; or (ii) arise in connection with a Contract/Lease with a base sum in excess of \$1,000,000. In addition to the records required pursuant to paragraph (b) above, if pricing of an adjustment under this Contract/Lease is not agreed upon between the parties prior to the commencement of work for which the pricing adjustment is requested, the Contractor and any subcontractor engaged in the work shall maintain accounts and original cost records specifically segregated and identified by job order or other appropriate accounting categories that the Contracting Officer approves for all incurred, segregable costs related to the work for which the pricing adjustment is requested. The Contractor shall maintain accounts and records that segregate and account for the costs of all work associated with that part of the Contract for which the pricing adjustment is requested. The Contractor shall allocate the costs so accumulated between: (1) work required

under the base Contract/Lease; (2) work requested to be reimbursed under the pricing adjustment; and (3) work claimed or determined to be related to other actual or proposed adjustments, including but not limited to, changes orders, differing site conditions, and the like. The accounts and records so established shall accumulate such costs under logical costs groups, such as material, labor, equipment, subcontracts, field overhead and the like. The Contractor shall record these costs on a form approved by the Contracting Officer.

- (e) **Access to Records.** As a condition to the Authority's obligation to consider any claim for a potential price adjustment under any provision of this Contract, the Contractor shall grant the Authority access to review and ascertain the validity of the accounting records being maintained for segregation of costs, including base cost records, and to audit any such costs as the Contracting Officer deems appropriate.
  
- (f) **Limitation on Price Adjustments.** If the Contractor or any subcontractor fails to generate, maintain, or make available any records required under this Contract/Lease, in addition to any rights to which the Authority may be entitled, the Contracting Officer shall determine whether such failure is willful, deliberate or otherwise precipitated by the Contractor's bad faith, in which case the Contractor shall not be entitled to any price adjustment for the work in question. Where the Contracting Officer determines that the failure was not the result of the Contractor's bad faith, he or she shall determine the reasonable direct costs of the work for which records are not available, and add a single mark-up for indirect expenses not to exceed ten percent (10%) of the direct costs based on:
  - (1) An audit of the Contractor's or subcontractor's records made available to the Authority; and/or
  - (2) The Authority's estimate as the Contracting Officer adopts or modifies.
  
- (a) In no event shall the Contractor and/or subcontractor be allowed any profit on claimed work for which records are not made available in accordance with its obligations under this Contract/Lease.
  
- (h) **Flow-down clause.** The Contractor shall ensure the inclusion of this article in all subcontracts issued under this Contract/Lease, modified as necessary, for proper identification of the contracting parties and the Contracting Officer.

**CHAPTER V – INVOICES/PAYMENTS/ DEDUCTIONS**

**1. BILLING AND PAYMENT**

- (a) The Authority shall pay and the Contractor shall accept the amounts set forth in the Price Schedule as full compensation for all costs and expenses of completing the this Contract/Lease, including, but not limited to, all labor and material required to be furnished under this Contract/Lease, all overhead, expenses, fees and profits including the cost of providing storage yards or facilities; all risks and obligations set forth in this Contract; any applicable fees; and all expenses due to any unforeseen difficulties encountered in the prosecution of the work.

- (d) The Authority shall remit payment, generally within thirty (30) days of its receipt and acceptance of an invoice satisfying the requirements of paragraphs (b) and (c), at the prices stipulated in the Contract/Lease for supplies delivered and accepted or services rendered and accepted, less any applicable deductions.

**2. PRICE REDUCTION FOR DEFECTIVE COST OR PRICING DATA – MODIFICATIONS**

If the Contracting Officer determines that any price, including profit or fee, previously negotiated in connection with any modification to this Contract/Lease involving changes in cost plus applicable profit in excess of \$100,000 was based upon the Contractor's or subcontractor's cost or pricing data that was not complete, accurate or current, such that the amount the Authority paid to the Contractor for such price adjustment was greater than the Contractor would have been entitled based upon accurate and complete data, the Authority shall be entitled to an adjustment in an amount equal to such overpayment. The Authority's rights hereunder shall be in addition to any other rights it may have under this Contract/Lease, at law or in equity.

**3. SUBCONTRACTOR PAYMENTS- (NOT APPLICABLE)**

**4. GARNISHMENT OF PAYMENTS**

Payments under this Contract/Lease shall be subject to any garnishment, attachment orders, and/ or levies issued pursuant to the laws of the United States, Maryland, Virginia, and the District of Columbia.

**CHAPTER VI – CONTRACT TERMINATION/STOP WORK ORDERS/DISPUTES**

**1. STOP WORK ORDERS**

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part of the work for a period of up to ninety (90) days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a "Stop Work Order" ("SWO") issued under this article. Upon receipt of the SWO, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the SWO during the period of work stoppage. Within a period of ninety (90) days after an SWO is delivered to the Contractor, or within any extension of that period to which the parties agree, the Contracting Officer shall either:
  - (1) Cancel the SWO; or
  - (2) Terminate the work covered by the SWO as provided in this Contract/Lease, as appropriate.
- (b) If a SWO is cancelled or expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment to the delivery schedule or Contract/Lease price, or both, and shall modify the Contract in writing if, in his or her judgment:
  - (1) The SWO results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this Contract/Lease; and
  - (2) The Contractor submits a written claim for such adjustment within thirty (30) days after the end of the period of work stoppage. At the Contracting Officer's discretion, the Authority may act upon any claim submitted at any time before final payment under this Contract/Lease.
- (c) If an SWO is not cancelled and the work covered by the Contract/Lease is terminated for the convenience of the Authority, the Contracting Officer shall allow reasonable costs, if any, resulting from the SWO in arriving at the termination settlement pursuant this Contract/Lease.

**2. TERMINATION FOR DEFAULT**

- (a) The Contractor shall be in default if it commits a breach of any of its obligations under this Contract/Lease deemed material by the Contracting Officer. In addition to those instances specifically referred to in this Contract/Lease, the Contractor shall be in default in the following circumstances:
  - (1) It fails to begin, or abandons, the work of the Contract/Lease in accordance with the requirements;

SUPPLY AND SERVICE CONTRACT RFP-CQ18002/BTK

- (2) It fails to deliver the supplies or perform the services within the time specified in this Contract/Lease or any extension that the Contracting Officer approves;
  - (3) It fails to make progress in a manner that the Contracting Officer deems unreasonable so as to endanger performance of this Contract/Lease; or
  - (4) In the view of the Contracting Officer, the Contractor is willfully violating this Contract/Lease or is not executing it reasonably and in good faith.
- (b) In the event the Contractor's material breach pursuant to paragraph (a), the Contracting Officer is authorized to direct a written notice (a "Notice to Cure") to the Contractor, specifying the nature of the breach and stating that the Contractor has ten (10) days to cure the breach or such additional time as the Contracting Officer authorizes. If the Contractor fails to cure the breach in the time specified in the Notice to Cure, the Contracting Officer may terminate this Contract/Lease, in whole or designated part, for default after providing written notice to the Contractor.
- (c) Upon receipt of a "Notice of Default," the Contractor shall immediately cease performance of the work so terminated. The Authority shall have the right to take any action necessary to complete the work, including performing the work itself, or contracting with another party to do so. In the event the work is completed directly by the Authority or by a third party, the Contractor shall be liable for the additional costs and expenses necessary to complete the work, including, without limitation, labor, material costs, plant costs, tooling expenses, and equipment and property costs. The Authority may deduct the costs and expenses so charged and pay them out of any monies otherwise payable to the Contractor. Nothing contained herein shall be deemed to relieve the Contractor of its continuing obligation to perform any portion of this Contract/Lease that was not terminated.
- (d) The Contracting Officer may, at his or her sole discretion, waive a default by the Contractor, but such waiver shall not be deemed a waiver of any subsequent default.
- (e) Upon any termination for default, the Authority shall pay for supplies delivered and accepted and/or services rendered and accepted in accordance with the terms of this Contract/Lease. The Authority may also compensate the Contractor for actions that it reasonably takes at the Contracting Officer's direction for the protection and preservation of property. The Authority may withhold from these payments any sum that the Contracting Officer determines to be necessary to protect the Authority against loss because of outstanding or claimed liens, or pending or anticipated claims under the Contract/Lease.
- (f) If, at any time following the Authority's issuance of a termination for default hereunder, it is determined that the Contractor was not in default or that the default was excusable, the termination shall be converted to a termination for convenience and the rights and obligations of the parties shall be determined in accordance with the "Termination for Convenience" article of this Contract/Lease.
- (g) Any dispute or disagreement regarding any issue arising under this article shall be subject to adjudication in accordance with the "Disputes" article of this Contract/Lease. In no event shall the Authority's issuance of a "Notice to Cure"

pursuant to paragraph (b) be the basis of a dispute pursuant to the "Disputes" article or otherwise be subject to further review under this Contract/Lease or otherwise. The pendency of any dispute shall not constitute a basis for the delay or suspension of, or otherwise affect the Authority's right to proceed in accordance with this article, including without limitation, its right to complete the work or its right to insist that the Contractor complete any portion of the Contract/Lease that was not terminated.

- (i) The Authority's rights and remedies in this article are in addition to any other rights and remedies provided under this Contract/Lease, at law or in equity.

**3. TERMINATION FOR CONVENIENCE**

- (a) The Contracting Officer may terminate this Contract/Lease in whole, or in part, if he or she determines that a termination is in the Authority's interest. The Contracting Officer shall terminate by delivering a "Notice of Termination" to the Contractor specifying the extent of termination and its effective date.
- (b) Upon receipt of a Notice of Termination, except as the Contracting Officer otherwise directs, the Contractor shall immediately:
  - (1) Stop work as specified in the Notice of Termination;
  - (2) Complete performance of the work not terminated;
  - (3) Place no further subcontracts or orders for materials, services, or facilities, except as necessary to complete the remaining portion of the Contract/Lease;
  - (4) Terminate all subcontracts to the extent that they relate to the work terminated;
  - (5) Take any action that may be necessary, or as the Contracting Officer may direct, for the protection and preservation of the property related to this Contract/Lease that is in the Contractor's possession and in which the Authority has or may acquire an interest;
- (c) The Contractor shall submit complete termination inventory schedules not later than one hundred twenty (120) days from the effective date of termination, unless the Contracting Officer extends the time in writing.
- (d) As soon as reasonably practicable, and not later than twenty (20) business days following the Authority's issuance of a "Notice of Termination" pursuant to paragraph (a), the Contractor shall submit a termination settlement proposal (TSP) to the Contracting Officer in the form that he or she prescribes, detailing the costs to which it asserts entitlement pursuant to this article. If the Contractor fails to submit the TSP within the time prescribed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due to the Contractor as a result of the termination and shall pay the amount so determined.
- (e) Following submission of the Contractor's TSP pursuant to paragraph (d), the parties shall agree upon the whole, or any part, of the amount to be paid or remaining to be

WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY  
SUPPLY AND SERVICE CONTRACT RFP-CQ18002/BTK

paid as a result of the termination. The amount may include a reasonable allowance for profit on work completed. In no event shall the total amount to be paid to the Contractor pursuant to this article exceed the total Contract price as reduced by (1) payments previously made and (2) the Contract/Lease price of the remaining work, not terminated.

- (f) If the parties disagree on the whole amount to be paid because of the termination, the Contracting Officer shall pay the Contractor the amounts that he or she determines as follows, but without duplication of any amounts agreed upon under paragraph (e):
- (1) The Contract/Lease price for completed supplies or services that the Authority accepted not previously paid for, adjusted for any saving of freight and other charges.
  - (2) The total of:
    - (i) The costs incurred prior to termination in the performance of the work terminated, including initial costs and preparatory expenses allocable thereto, but excluding any costs attributable to items compensated or to be paid for under subparagraph (f)(1);
    - (ii) Termination costs under terminated subcontracts that are properly chargeable to the terminated portion of this Contract/Lease, if not excluded in subparagraph (f)(2)(i); and
    - (iii) A sum, representing profit on the items described in subparagraph (f)(2)(i) that the Contracting Officer determines to be fair and reasonable pursuant to Section 49.202 of the Federal Acquisition Regulation (FAR), in effect on the date of this Contract. If it appears that the Contractor would have sustained a loss on the entire Contract/Lease had it been completed, the Contracting Officer shall allow no profit under this subparagraph and shall reduce the settlement to reflect the projected rate of loss.
  - (3) The reasonable indirect costs of settlement of the work terminated, including:
    - (i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of TSP(s);
    - (ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and
    - (iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.
- (g) Except for normal spoilage, and except to the extent that the Authority expressly assumed the risk of loss, the Contracting Officer shall exclude from the amounts payable to the Contractor under paragraph (f), the fair value, as he or she determines of property that is unavailable or damaged and undeliverable to the Authority or to a third party.

- (h) The cost principles and procedures of FAR Part 31 in effect on the date of this Contract/Lease, shall govern all costs claimed, agreed to, or determined under this article, except that the Authority shall not be obligated to pay interest, however represented, on any claimed costs.
- (i) The Contractor shall have the right to appeal, under the "Disputes" article, from the Contracting Officer's determination under paragraphs (d) or (f). The Contractor's failure to submit the TSP within the time provided in paragraph (d), or to timely request an extension thereof, shall constitute a waiver of its right to appeal the Contracting Officer's determination pursuant to the "Disputes" article or any otherwise applicable Contractual, legal or equitable remedy.
- (j) In determining any sum due to the Contractor under this article, there shall be deducted:
  - (1) All unliquidated advances or other payments to the Contractor under the terminated portion of this Contract/Lease;
  - (2) The value, as the Contracting Officer, reasonably determines, of any claim that the Authority has against the Contractor under this Contract/Lease, including any third-party claim, if the Contracting Officer is not satisfied that sufficient insurance coverage is in place; and
  - (3) N/A
- (k) If the Contractor asserts that any partial termination has rendered enforcement of the remainder of this Contract/Lease at the remaining price inequitable, the Contractor may file a proposal with the Contracting Officer for an adjustment to the price(s) for the continued portion of this Contract/Lease. Such proposal shall be submitted within ninety (90) days from the effective date of termination, unless the Contracting Officer extends it in writing, and shall be accompanied by appropriate supporting documentation.
- (l) The Contractor's responsibilities and obligations under this article shall remain in full force and effect notwithstanding the pendency of any dispute or other delay relating to determination of the appropriate price adjustment or any other issue arising from the termination for convenience.
- (m) Unless otherwise provided in this Contract/Lease or by statute, the Contractor and all subcontractors whose work is encompassed in the termination settlement shall maintain all records and documents relating to the terminated portion of this Contract/Lease for three (3) years after final settlement. This includes all books and other evidence bearing on the Contractor's costs and expenses under this Contract/Lease. The Contractor shall make these records and documents available to the Authority, its governing jurisdictions and any other Federal, state, or local entities providing funding for this Contract/Lease, and to the U.S. Comptroller General or the agents or representatives of any of them, at the Contractor's office, at all reasonable times, without any direct charge.

**4. ASSIGNMENT**

- (a) Except as otherwise provided in this article, the Contractor shall not transfer any of its rights and obligations under this Contract/Lease to third parties without the Contracting Officer's prior, written consent. The Contracting Officer may recognize a third party as successor in interest to this Contract/Lease in the event of a transfer of all or substantially all of the Contractor's assets, a change in a division of the Contractor involved in the performance of this Contract/Lease, or if a parent company provides performance guarantee(s) under this Contract, (i.e., sales of assets, transfer of assets pursuant to merger or consolidation, or incorporation of a proprietorship or partnership). Such recognition shall be at the Contracting Officer's discretion after review of the facts and circumstances surrounding each request. The Contracting Officer, at his or her discretion, may conduct an evaluation of the successor party's capability to perform this Contract/Lease in the same manner and to the same extent that he or she conducted a responsibility determination as part of the original solicitation for this Contract/Lease. Should the Contracting Officer, for any reason, not recognize such a successor in interest, he or she may terminate this Contract/Lease.
- (b) Any attempt to transfer by assignment that the Contracting Officer does not authorize shall constitute a material breach of this Contract/Lease and the Contracting Officer may terminate this Contract/Lease in accordance with the "Termination for Default" article set forth in this Contract/Lease.
- (c) Nothing contained herein shall be deemed to preclude the Contractor's assignment of claims for monies due or to be become due to it under this Contract/Lease to a bank, trust company or other financing institution, including any Federal lending agency, upon written notice of such assignment to the Contracting Officer.

**5. DISPUTES**

- (a) Any dispute concerning a question of fact arising under or related to this Contract/Lease that is not disposed of by agreement, shall be decided by the Contracting Officer, who shall reduce his/her decision to writing and mail or otherwise furnish a copy thereof to the Contractor. The Contracting Officer's decision shall be final and conclusive unless, within thirty (30) calendar days from the date of its receipt, the Contractor mails or otherwise furnishes to the Contracting Officer, a written notice of appeal addressed to the Authority's Board of Directors. Such notice must indicate that an appeal is intended and must reference the decision and Contract/Lease number. The decision of the Board of Directors or its duly authorized representative for the determination of such appeals shall be final and conclusive, unless in proceedings initiated by either party for review of such decision in a court or board of competent jurisdiction, it determines that the decision was fraudulent, or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith, or not supported by substantial evidence. In any appeal under this article, the appellant shall be afforded an opportunity to be heard and offer evidence in support of its appeal. Pending final decision of a dispute hereunder, the Contractor shall proceed diligently with the performance of this Contract/Lease in accordance with the Contracting Officer's decision. The Armed Services Board of Contract Appeals (ASBCA) is the Board of Directors' authorized representative for final decisions on an appeal.
- (b) This "Disputes" article does not preclude consideration of questions of law in connection with decisions provided for in paragraph (a) above. Nothing in the

WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY  
SUPPLY AND SERVICE CONTRACT RFP-CQ18002/BTK

Contract/Lease, however, shall be construed as making final, the decisions of the Board of Directors or its representative on questions of law.

**CHAPTER VII – INDEMNIFICATION/INSURANCE/RISK OF LOSS**

**1. INDEMNIFICATION**

- (a) Contractor shall indemnify, defend and hold harmless the Authority, its Board members, employees and agents, from all liabilities, obligations, damages, penalties, claims, costs, charges and expenses (including reasonable attorneys' fees), of whatsoever kind and nature for injury, including personal injury or death of any person or persons, and for loss or damage to any property, including the property of the Contractor and the Authority, occurring in connection with, or in any way arising out of the use, occupancy and performance of the work and/or any acts in connection with activities to be performed under this Contract/Lease, unless the loss or damage is due to the sole negligence of the Authority. Nothing in the preceding sentence shall be deemed to relieve Contractor from ultimate liability for any of its obligation under this Contract/Lease.
- (b) Contractor shall indemnify, defend and hold harmless the Authority, its Board members, employees and agents, against any and all claims, liabilities, losses, demands, damages, penalties, costs, charges, remedial costs, environmental claims, fees or other expenses including attorneys' fees, related to, arising from or attributable to any effluent or other hazardous waste, residue, contaminated soil or other similar material discharged from, removed from, or introduced on, about or under the job site. The foregoing indemnity does not apply to loss or damage due to preexisting conditions, whether known or unknown.
- (c) If any action or proceeding relating to this indemnification is brought against the Authority, then upon written notice from the Authority to the Contractor, the Contractor shall, at its own expense, resist or defend such action or proceeding by counsel approved by the Authority in writing. No approval of counsel shall be required where the cause of action is resisted or defended by counsel of any insurance carrier obligated to resist or defend the same. The Authority reserves the right to use its own counsel under this indemnity at Contractor's sole cost and expense.
- (d) Contractor understands and agrees to its responsibility to provide indemnification to the Authority pursuant to this clause. The provision of insurance, while anticipated to provide a funding source for this indemnification, is in addition to any indemnification requirements. The failure of Contractor's insurance to fully fund any indemnification shall not relieve the Contractor of any obligation hereunder.

A biased ground rules OCI may exist if the Contractor has a role in setting rules for a source selection in which it will compete. An impaired objectivity OCI may exist if, in performing a Contract/Lease, a Contractor is called upon to evaluate an offer from or performance by, itself or an affiliated entity.
- (b) In the event that the Contractor believes that it or any of its potential subcontractors may have an OCI, it shall notify the Contracting Officer, in writing, within five (5) working days after it becomes aware of the potential or actual OCI. - (f) If the proposed measures are determined to be acceptable to the Contracting Officer, he or she may grant a specific exception to this restriction, when in the Contracting Officer's judgment, the exception will not create a conflict between the Contractor's duties and obligations under this Contract/Lease and the duties and obligations imposed on the Contractor under another contractual or other relationship.
- (g) If the Contractor fails to comply with the terms of this clause, and no fraud is suspected, the Contracting Officer, may withhold payments due under this
