## FQ16070- Answers to Questions for the Maximo Mobile Hardware Tablets

## 1. Question:

Confirm the specific type of battery that is being requested and if it is for use with Panasonic toughpads as well?

Answer: The battery is for use with the Panasonic Toughpads Model # FZ-B2B004AAM

(Lithium Battery Part # FZ-VZSU94W)

## 2. Question:

It says you will accept an "approved equal" to the Panasonic FZ-B2B004AAM. Could you explain what exactly this means. This means we are able to bid an equivalent product? How do we go about getting it "approved"

Answer: Requests must be supported by evidence such as technical data, test results, or other pertinent information that demonstrate that the substitute offered is equal or better than the specification's requirements. WMATA reserves the right to determine equivalency. All requests for approved equals must be submitted in writing and received prior to the Bid Opening.

All known bidders shall be informed, via addendum to the original specifications, of those requests determined by WMATA to be equal or to exceed the minimum stated specifications ten (10) days prior to the bid opening
