

# Suppliers Wanted

Washington Metropolitan Area Transit Authority is looking to expand our Supplier data base by qualifying parts for future procurements.

Supplier contacts WMATA QPG by email. Supplier will receive a Questionnaire & part information form to completed and returned to WMATA QPG.

WMATA provides Supplier detail of parts. Supplier then produces First Article Inspection (FAI) pieces at Suppliers Cost.

Parts are then evaluated through FAI and testing requirements.

Parts that meet all requirements will be added to the qualified Parts List and Supplier will be notified.

The attached spreadsheet shows the parts we are currently soliciting qualification for.

Any interested Supplier should contact the Qualified Parts Group with the following email:

[WMATA\\_QPG@wmata.com](mailto:WMATA_QPG@wmata.com)

Date: 12/7/2022

Initiation Date	WMATA Part Number	Description	Manuf. Part Number if App.	Manufacturer	Est. Annual Usage	Closing Date
12/7/2022	R3800278	Escalator Brake Board- Escelator was a Westinghouse, Schnieder took over production of parts, then to Glebe Electronics	W-998C210H24	Schnieder	100 to 150	2/5/2023
