Note: Percentage changes in this document represent year-over-year changes in ridership, compared to the same time, location, and day type one year ago unless noted as 'pre-pandemic' which then represents a comparison to the same month from March 2019 - February 2020. For more details, see [How to Use and Interpret Metro Ridership Data](#).

Metrobus ridership shown here is from Metro's automatic passenger counters (APCs), in both current and baseline months. Metrorail ridership shown here is total (tap and no-tap) ridership recorded through faregates. MetroAccess Network ridership refers to the combined ridership from Metro-operated paratransit service as well as from the Abilities-Ride program which launched in September 2020. Parking transactions are from the farebox system.
