**Metro wants to hear from you about proposed parking changes and peak fares during regional events.**

**In an effort to recover costs and respond to market trends, Metro is proposing the following changes:**

- **Parking changes.** Proposal package includes adjustments to parking fees, operating hours and technology. This includes adjusting hours when parking fees are paid to align with Metrorail hours of operation; charging weekday parking fees on Saturdays, Sundays, federal holidays and/or on days with large regional events; new payment options such as mobile apps or online reservation systems; and multi-day parking fees.
- **Peak rail fares during large-scale regional events.** Proposal includes charging peak rail fares on days when peak service and additional operational support are needed to support large-scale regional events, like Independence Day or Inauguration.

For more information about these proposals, go to [wmata.com/hearings](http://wmata.com/hearings).

**Let us know what you think about these proposals by Monday, October 29, 2018 at 9:00 a.m.**

Take a survey about these proposals and provide your comments at [wmata.com/hearings](http://wmata.com/hearings).

Attend an open house at 5:30 p.m. and Public Hearing at 6:00 p.m. on Tuesday, October 23, 2018 at Metro Headquarters, 600 5th Street NW, Washington DC 20001.

Public feedback on both of these proposals will be provided to Metro's Board of Directors as part of the final decision making process. The two proposals will be considered separately and any Board-approved changes would begin in 2019.

**Please complete the attached survey, tear it off and put it in a survey collection bin near the faregates at any Metrorail station.**

Public participation is solicited without regard to race, color, national origin, age, gender, religion, disability or family status. If you require special accommodations under the Americans with Disabilities Act or translation services (free of charge), contact the project team at 202-962-2511 (TTY: 202-962-2033) as soon as possible prior to the public hearing date.

The purpose of this questionnaire is to gather feedback from the public on a proposed change to Metro fares during large regional event days and on proposed changes to parking fees at this station.
