

Metro wants to hear from you about its Fiscal Year 2019 budget.

We're not raising fares or cutting service.

To balance Metro's budget for the coming fiscal year, Metro is seeking additional funding from the District of Columbia, Maryland and Virginia governments while continuing to take actions to cut costs and increase business revenues. **Metro's Fiscal Year 2019 Budget focuses on a better ride for you.** As part of the budget, Metro's Capital Improvement Program invests \$1.3 billion in funding safety improvements, rebuilding the Metro system and improving reliability of the current rail and bus networks. It also funds the deployment of new trains and buses, station upgrades and other important improvements.
