Please call **202-962-2511** in advance to schedule an appointment.

WHAT IS PROPOSED

The WMATA Board of Directors has authorized the FY2027 Budget public hearings, as required by the Federal Transit Administration (FTA) and the Commonwealth of Virginia. The capital program (including the proposed use of FTA and other federal grant funds) for FY2027 is described in detail in the attached dockets. In addition, the Board is also seeking comment on proposed service changes for FY2027. The Board may ultimately choose to authorize lesser changes, or no changes at all.

Docket B26-01: Proposed FY2027-2032 Capital Improvement Program and Federal FY2027 Grant Applications

Overview

WMATA is committed to maintaining the safety, reliability, and affordability of its system by investing in its assets — from rail stations, tracks and traction power infrastructure to the vehicles, maintenance facilities and cooling systems — and providing a better transit experience for hundreds of thousands of customers each day.

The proposed FY2027 capital budget of \$2.1 billion and six-year capital improvement program of \$13.5 billion (including required debt service and revenue loss from capital projects) include investment in ongoing projects, prioritized system preservation and renewal needs and investments to provide safe and efficient service delivery informed by asset management and reliability plans.

Capital program publications detail the following:

- Capital Program Strategy outlining the vision and goals for capital investments.
- Six-Year Capital Improvement Program investments of \$13.5 billion and a FY2027 capital budget of \$2.1 billion to fund priority investments constrained by affordability and delivery capacity.

Major capital program investments to further improve service and customer experience include:

- **Railcars and Rail Facilities.** Major *vehicle* investments include the 8000-series railcar acquisition program. Major *facilities and systems* investments include rail vehicle scheduled maintenance program (SMP) facility improvements and railyard state of good repair.

- **Rail Systems.** Major investments include Train Control Room Rehabilitation, Track Circuit Cable Testing and Replacement, Switch Machine Replacement, Rail Power System Rehabilitation, Radio Infrastructure Replacement, Fiber Installation.
- **Track and Structures Rehabilitation.** Major investments include track rehabilitation and maintenance; tunnel ventilation demonstration and water leak mitigation demonstration on the red line; and bridge and aerial structural rehabilitation.
- **Station and Passenger Facilities.** Major investments include standpipe systems and tunnel emergency egress; parking garage and surface lot rehabilitation, station entrance canopies, and elevator rehabilitations; digital signage and wayfinding, lighting, and fare payment modernization.
- **Bus, Bus Facilities, and Paratransit.** Major *vehicle* investments include bus acquisition and rehabilitation and paratransit vehicle purchases. Major *facilities* investments include Northern and Bladensburg garage replacements and electrification; bus shelter replacement, customer information electronic displays, bus priority program.
- **Operations and Business Support.** A modern training facility, computing infrastructure state of good repair; Enterprise Resource Planning (ERP) System Replacement; Asset Management System Upgrade; service vehicle replacement; and environmental compliance.

The six-year plan includes reimbursable projects such as the Purple Line.

Docket B26-02: FY2027 Proposed Operating Budget

Overview

WMATA’s FY2027 Proposed Operating Budget (excluding reimbursables and debt service) of \$2.7 billion is 5.1 percent higher than the FY2026 operating budget. At \$651 million, total revenue is projected to be 15.4 percent higher than FY2026. Jurisdictional subsidies of \$1,963 million fund 72 percent of Metro’s operating budget.

The FY2027 Proposed Budget service plans are designed to optimize service within available funding, while meeting growing demand. WMATA is advancing service efficiencies through bus schedule optimization, train automation and the optimization of 6-car and 8-car trains to improve reliability and travel times. Service improvements proposed for FY2027 include targeted increases in Metrobus frequency, span, and coverage to address crowding and on-time performance challenges; continued implementation of the Better Bus Network informed by Year One results; and Metrorail enhancements that increase weekday, evening, and late-night frequency and add peak-period capacity. Metro will maintain FY2026 fare levels for FY2027.

Note: Implementation of these services are subject to completion of NVTC’s Commuter Choice Grant Review process to include approval of projects by the Commonwealth Transportation Board (CTB)

Proposed Metrorail Service Changes

SERVICE FREQUENCY CHANGES

1. Blue, Orange, Silver Lines: More frequent weekday service (Morning, Midday & Evening)

Operate Blue, Orange and Silver Lines every 10 minutes, an improvement from the current 12-minute headway, during the morning, midday, and evening periods on weekdays, to support off peak demand and encourage ridership growth with more frequent all-day service.

2. Red Line: More frequent late-night service

Operate Red Line trains every 7 to 8 minutes, improved from every 10 minutes, during the late night period from 9:30 PM until closing, seven days a week, to boost capacity in both directions for evening travel.

SERVICE PATTERN CHANGES

3. Blue, Orange, Silver Lines: Redistribute peak capacity along the corridor

Redistribute peak capacity by replacing Silver Line peak period short trips* with one additional morning train and one additional afternoon train in the peak ridership direction on each of the Blue, Orange, and Silver Lines for a more balanced and consistent operation.

*FY2026 budgeted service includes additional Silver Line trains operating from Wiehle Ave to Stadium Armory during the busiest morning peak service hour and from Stadium-Armory to Wiehle Ave during the busiest afternoon peak service hour. As of June 22, 2025, the morning trains operated Wiehle – New Carrollton. As of December 21, 2025, the afternoon trains will operate Stadium-Armory to Ashburn. This proposed service change technically eliminates this service pattern.

PROPOSED FY2027 METRORAIL SERVICE LEVELS

Line	Service Pattern	Peak Service Monday - Friday	All Day Service Monday - Friday	Late Night Service Monday - Friday	All Day Service Saturday , Sunday and Holidays	Late Night Service Saturday, Sunday and Holidays
Red	Shady Grove to Glenmont	4 to 5 min	6 min	7 to 8 min	6 min	7 to 8 min
Green	Greenbelt to Branch Ave	6 min	6 min	7 to 8 min	8 min	8 min
Yellow	Huntington to Mt Vernon Sq* / to Greenbelt*	6 min	6 min	7 to 8 min	8 min	8 min
Blue	Franconia-Springfield to Downtown Largo	10 min***	10 min	15 min	12 min	15 min
Orange	Vienna to New Carrollton	10 min***	10 min	15 min	12 min	15 min
Silver	Ashburn to Downtown Largo** / to New Carrollton**	10 min***	10 min	15 min	12 min	15 min

Headway improvements in FY2027 Metrorail service proposal are denoted in bold to differentiate proposed changes from existing service frequencies in the table.

*Yellow Line trains will alternate between terminating at Mt. Vernon Square and Greenbelt, with the anticipation that every other Yellow Line train will operate to Greenbelt instead of terminating at Mt Vernon Sq. Frequency in the Mt. Vernon Square – Greenbelt branch is double that shown in the table.

**Silver Line trains will alternate between terminating at Downtown Largo and New Carrollton, with the anticipation that every other Silver Line train will travel to New Carrollton instead of Downtown Largo. Frequencies in the branches are double those shown in the table.

***Blue, Orange, and Silver line will each have one additional train run during peak service in the peak direction (Largo and New Carrollton bound trains in the AM and Franconia, Vienna, and Ashburn bound trains in the PM), with all trains re-spaced evenly for the hour.

All Day Service: baseline service frequency from opening until 9:30 PM

Peak Service: increased service frequency on weekdays (Monday-Friday) from 7:00 AM to 9:00 AM and 4:00 PM to 6:00 PM.

Late Night Service: service frequency from 9:30 PM to closing.

Proposed MetroAccess Service Changes

The FY2027 Proposed Budget maintains MetroAccess service at FY2026 levels, with no planned changes.

Proposed Fare Changes

The FY2027 Proposed Budget maintains fares at FY2026 levels, with no planned changes.
