DISTRICT OF COLUMBIA

Proposed Metrobus Service Changes
FRIENDSHIP HEIGHTS-SOUTHEAST LINE – ROUTES 30N, 30S

BUDGET

- $170,000 DECREASE in subsidy

PROPOSED CHANGES

- Eliminate service and replace with additional 31, 33 trips between downtown, Georgetown and Friendship Heights Metrorail Station, and additional 32, 36 trips between downtown, Capitol Hill and Naylor Road/Southern Ave Metrorail stations
- Late night service after approximately 1 a.m. would operate every 30 minutes as routes 32 and 33
- Routes 32 and 36 would be coordinated with Routes 31 and 33 at major downtown transfer stops to minimize wait times for customers making crosstown trips

ALTERNATIVE SERVICE

- Routes 31, 33 between downtown, Georgetown and Friendship Heights Metrorail Station
- Routes 32, 36 between downtown, Capitol Hill and Naylor Road/Southern Ave Metrorail stations
- MetroExtra Route 39 between downtown, Capitol Hill, Fairfax Village and Naylor Road Metrorail Station

REASONS FOR CHANGE

- Improve on-time performance by eliminating long crosstown routes
- Customers would have more frequent service on the shorter 31, 32, 33, 36 routes with coordinated transfers downtown
- Simplifies the route pattern in the Pennsylvania Avenue/Wisconsin Avenue corridor

PERFORMANCE MEASURES

- Approximately 1,000 weekday (19%), 750 Saturday (18%), and 800 Sunday (21%) riders who travel between points east of Archives and west of Washington Circle would have to transfer downtown between routes 31, 33 and 32, 36 to complete crosstown trips. All other passengers would still be able to make exact same trips using routes 31, 32, 33 and 36.

PENNSYLVANIA AVENUE LINE – ROUTES 32, 34, 36

BUDGET

- $753,000 DECREASE in subsidy

PROPOSED CHANGES

- Route 34 - Eliminate service
- Routes 32, 36 - Add service to replace most 30N, 30S trips between downtown, Naylor Road and Southern Ave Metrorail stations
- Late night service after approximately 1 a.m. would operate every 30 minutes as Route 32
- Routes 32 and 36 would be coordinated with Routes 31 and 33 at major downtown transfer stops to minimize wait times for customers making crosstown trips

ROUTE/SEGMENT ELIMINATION

- Route 34 proposal eliminates direct service on Naylor Road between Alabama Avenue SE and Naylor Road Metrorail Station

ALTERNATIVE SERVICE (ROUTE 34)

- Route 32 serves the same stops as Route 34 between Naylor & Good Hope Roads SE and Archives
- Route 36 serves the same stops as Route 34 between 30th Street & Naylor Road SE and Naylor Road Metrorail Station
- One pair of stops on Naylor Road SE at Erie/28th Streets would not be served by any of the 30’s routes, but is served by route W2, and is less than 0.25 mile from a 30’s stop

REASONS FOR CHANGE

- Route 34 service duplicates other 30-series routes east of downtown
- Alternative service on routes 32 and 36 provides sufficient capacity to absorb all riders from Route 34
- Low ridership on Route 36 east of Pennsylvania & Minnesota avenues SE (Branch Avenue, Hillcrest) after midnight

PERFORMANCE MEASURES

- Approximately 50 passengers per weekday on Route 34 (1%) would have to transfer to complete their trips (Route 34 does not operate on Saturdays and Sundays)

14TH STREET LIMITED LINE – ROUTE 59

BUDGET

- $97,000 DECREASE in subsidy for 52,54
- $82,000 DECREASE in subsidy for 59

PROPOSED CHANGE

- Convert Route 54 service to additional Route 59 service during the hours that Route 54 currently operates
- Route 59 would serve all existing Route 54 stops between Takoma Metrorail Station and 14th Street & Colorado Avenue NW. Buses would serve existing Route 59 MetroExtra stops between 14th Street & Colorado Avenue and Federal Triangle
- Operate service approximately every 8 minutes in peak periods on weekdays
- Operate service at approximately the same span and frequency as the existing Route 54 on weekday off-peak periods, Saturdays and Sundays

REASON FOR CHANGE

- To streamline service and simplify the route structure making service easier for customers to understand
- To provide all-day, 7-day-a-week limited-stop service on 14th Street to complement DDOT’s planned 14th Street bus priority projects in Columbia Heights
- To maintain frequent service on upper 14th Street north of Colorado Avenue, Aspen Street and Butternut Street, where there is one travel lane in each direction and it is difficult for MetroExtra buses to pass local buses

PERFORMANCE MEASURES

- On an average weekday, 4,800 riders board Route 52 or 54 local service at stops south of 14th Street & Colorado Avenue that are not served by Route 59, which would see a 50% reduction in frequency of local service. This is approximately 38% of the total 12,800 riders that board all 52, 54 buses on an average weekday. Approximate frequency at stops south of Colorado Avenue would be as follows:

SHIPLEY TERRACE-FORT DRUM LINE – ROUTE W1

BUDGET

- $293,000 DECREASE in subsidy

PROPOSED CHANGE

- Eliminate midday service

ROUTE/SEGMENT ELIMINATION

- The following W1 route segments would no longer have midday service but would be within walking distance of alternative Metrobus service in parentheses:
  - 4th Street SE between Atlantic and Chesapeake streets (A2, A6, A8)
  - From 6th & Chesapeake streets SE to Atlantic & Barnaby streets (A2, A6, A8)
  - Mississippi Avenue SE between Wheeler Road and 6th Street (A2, A6, W2)

ALTERNATIVE SERVICE

- Most of Route W1 is duplicated by portions of other routes noted above. In addition to the above alternatives in the Livingston/Washington Highlands areas, the proposed full-time extension of Route W4 to the Fort Drum/DC Village area would provide replacement midday service for customers making shopping trips to the Shops at Park Village (Alabama Avenue & Stanton Road SE), and provide an alternative connection to the Metrorail Green Line at Congress Heights Metrorail Station.

REASON FOR CHANGE

- Replace infrequent midday neighborhood service in the Fort Drum area with Route W4, a major regional crosstown route making similar connections to major destinations in the Alabama Avenue SE corridor

UNITED MEDICAL CENTER-ANACOSTIA LINE – ROUTES W2, W3

BUDGET

- No impact on subsidy

PROPOSED CHANGES

- Reroute to serve all westbound stops and two eastbound stops on Malcolm X Avenue SE between Martin Luther King, Jr. Avenue and South Capitol Street to replace Route W4
- Eliminate the Route W3 weekday and Saturday midday loop passing Good Hope Marketplace shopping center (Safeway) at Alabama Avenue & Good Hope Road SE. All midday trips would be changed to operate as W2 trips and would stay on Naylor Road at Alabama Avenue, serving Good Hope Marketplace shopping center at stops along Naylor Road SE.

ROUTE/SEGMENT ELIMINATION

- Between Anacostia Metrorail station and Washington Overlook, Route W2 would operate on Firth Sterling Avenue, South Capitol Street and Malcolm X Avenue, and would no longer operate on Martin Luther King, Jr. Avenue between Anacostia Metrorail Station and Mellon Street SE

ALTERNATIVE SERVICE

- Routes A2, A6, A7, A8 and MetroExtra A9 would continue to serve Martin Luther King, Jr. Avenue between Anacostia Metrorail Station and Mellon Street/Malcolm X Avenue
- Route W2 stops at Naylor Road & Alabama Avenue SE are one block from the Safeway at Good Hope Marketplace shopping center

REASONS FOR CHANGE

- Rerouting over South Capitol Street and Malcolm X Avenue to Washington Overlook maintains service to most stops on Malcolm X Avenue that would no longer be served by Route W4. The rerouting also maintains service to Anacostia Metrorail Station for Joint Base Anacostia-Bolling employees at the Malcolm X Avenue & South Capitol Street stops.
- Midday Route W2 trips are rerouted and designated as Route W3 passing the Safeway at Good Hope Marketplace along Alabama Avenue SE. These trips will be changed to route W2 trips serving the Safeway at Good Hope Marketplace at stops along Naylor Road at Alabama Avenue SE.
PERFORMANCE MEASURES

- Route W2, W3, W4 stop usage on Malcolm X Avenue SE. Most of these stops would be served by rerouted W2 trips:
