#### Operating Program Highlights

As of December YTD, Metro is favorable to budget by \$17M, or 5%

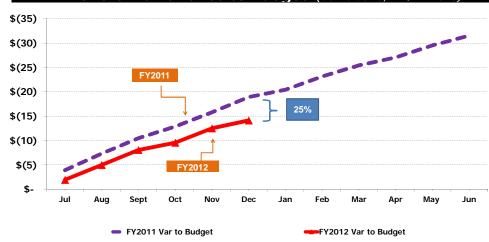

Year-to-date expenditures - \$20.1 M or 2.7% favorable to budget

- Salary & wages below budget by \$8.6 M due to vacancies and YTD capitalization of labor
- Overtime (\$14.1 M) and fringe benefits (\$1.8 M) over budget due to vacancies and leave coverage in TIES, RAIL and Bus
- Materials and Supply expenses (\$3.9 M) over budget due to expenses associated with the South East garage closure, and a lag in capitalization of brake and elevator parts
- Service of \$15.4 M were favorable due to savings in paratransit expenses, and timing delays in TIES contract utilization and processing awards for BUS
- Propulsion/Diesel and Utilities/Insurance/Other were below budget by \$8.9 M and \$7.0 M respectively

#### Operating Budget Reprogramming Status

Year-to-date: \$300,000 was reprogrammed from the Treasury Office to Counsel for the purpose of funding outside legal fees or Treasury.

#### Revenue and Ridership Highlights

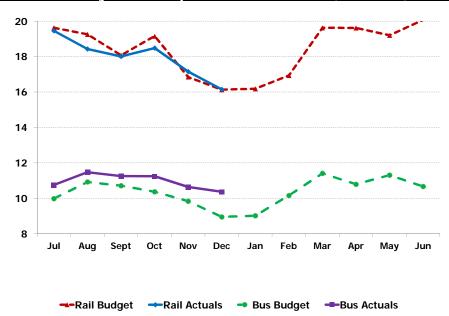

#### Year-to-date Revenue

- Year-to-date, Metro is (\$3.5 M) unfavorable to budget in revenue
- Rail passenger fares are (\$6.5 M) below budget. Revenue in December was favorable to budget due to high ridership, resulting in an average fare of \$2.65 for the month, \$2.61 year-to-date.
- Bus passenger revenue is \$4.5 M favorable, December was highly favorable due to strong ridership. Average fare year-to-date is \$1.00
- Total other revenue is (\$1.5 M) below budget

#### Year-to-date Ridership

- Rail ridership in December continued to show signs of improvement, exceeding
  projection by 500,000. Similar to November, passenger trips were up during all periods
  over the prior year; the largest increase occurring during the evening period. YTD
  ridership is 1.3% below projection.
- Bus ridership YTD is 5 M or 8.2% above budget, and 4.3 M or 7% above prior year. Average weekday ridership has been strong at 441,000 trips per day.
- Both Rail and Bus ridership were strong in December due to favorable weather.
   Compared to the prior two years, the warm temperatures and no snow encouraged people to utilize public transit.
- In addition, the holidays fell on the weekends, resulting in only one federal holiday in December. As a result, there was an increase in commuter trips over the prior year.

#### Capital Program Highlights

As of December 31<sup>st</sup>:

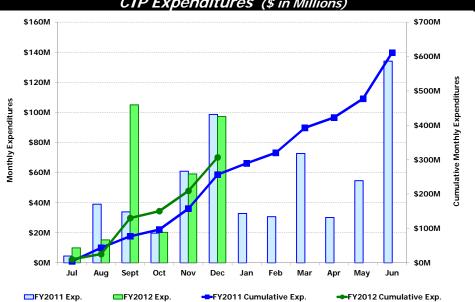

- The Capital Improvement Program (CIP) has expended \$307 million in FY2012. This is \$51 million, or 20 percent, more than the same period in FY2011.
- The current forecast is projecting expenditures of \$917 million for the fiscal year.
- 94 of the 100 FY2012 replacement buses have been received of which 48 have been placed into service.
- Major repairs were completed on escalators at the Largo Town Center and Minnesota Ave Metrorail stations.
- Rehabilitation/modernizations were completed on escalators at the Arlington Cemetery and Metro Center Metrorail stations.
- Station rehabilitations were completed at the Greenbelt Metrorail station.
- Track rehabilitation work completed YTD include the following: welded 523 open joints; retrofitted 1,375 In ft of floating slabs; replaced 542 "High Voltage" roadway safety signs; rehabilitated 6,698 In ft of grout pads; tamped 26 miles of track; repaired 597 leaks; and replaced 11,307 cross ties, 1,1680 fasteners, 4,729 insulators, 6.5 miles ft of running rail, 8,455 direct fixation fasteners, 16 turnouts

#### **OPERATING BUDGET**

Year-to-date (YTD), through the end of December, total expense less revenue was \$313.6 million, which was under budget by \$16.6 million, or five percent. Expenditures year-to-date were \$710.7 million, \$20.1 million below budget; while revenues totaled \$397.1 million, \$3.5 million less than anticipated.

Rail revenues were below target for each of the first five months of FY2012, while in December rail passenger revenue had a slight budget surplus. December's favorable variance of \$0.2 million is in contrast to October's deficit of \$3.0M.

Bus revenues have outperformed projections consistently for the first six months. Total bus revenues were four percent or \$4.5 million over budget, year-to-date. December's positive revenue variance marks the eleventh consecutive month that bus revenue actuals outperformed budget.

Total expenditures were \$20.1 million or 3 percent under budget YTD. During the second quarter, Accounting completed adjustments to labor costs for capital projects that were incorrectly charged to operations during the first quarter. YTD, overtime budgets have a negative variance of \$14.1 million due to a large number of vacancies and operating support of major maintenance activities. The overruns associated with personnel costs were offset by favorable variances in services, propulsion/diesel, and utilities.

#### **Ridership**

Rail ridership year-to-date was 108 million trips, only 20 thousand fewer trips than the same period last fiscal year, a decrease of less than one percent. Compared with the ridership projection for FY2012 of 109 million trips, ridership year-to-date was 1.4 million trips or one percent below budget.

Bus ridership was 65.7 million trips, 4.3 million trips above the same period last year, which is an increase of 7.0 percent and above FY2013 budget projections by 5.0 million trips, or 8.2 percent.

MetroAccess transported 1.0 million passengers year-to-date, which is 15 percent lower than the same period last year.

#### Rail

Total Metrorail ridership through December was 107.7 million trips, a decrease of 20,000 trips or less than one percent compared to the first six-months of FY2011. Year-to-date ridership is 1.3 percent or 1.4 million trips below projection. For the second quarter of FY2012, Metrorail ridership experienced a slight increase in ridership compared to the prior year.

| October        | 18,900        | 18,484 | -416            | -2% |
| November       | 16,626        | 17,156 | 530             | 3%  |
| December       | 15,656        | 16,148 | 492             | 3%  |
| Total          | 51,182        | 51,788 | 606             | 1%  |

The weather for the Washington DC metropolitan area was unusually warm during the second quarter. There were twenty days in November and eight days in December were the daily high was above sixty degrees Fahrenheit. In comparison, temperatures for the prior two years were seasonal and both received snow in December. The warm temperatures had a favorable impact on passengers, encouraging people to utilize public transit.

In November, Metrorail lost an estimated 11,000 trips due to the cancellation of the two NBA games resulting from the lockout dispute. This loss was countered by other large events held in the District of Columbia during the month.

This year Christmas Eve, Christmas Day, New Year's Eve and New Year's Day fell on the weekend. The federal holidays for Christmas and New Year's Day both fell on Monday after the holiday. This had two effects on ridership. First, there was an overall increase in commuters compared to prior year because there was less incentive to take the eve of the holiday off of work. Second, there was one less federal holiday in the month of December. An additional 500,000 trips were taken during the last week in December FY2012 compared to FY2011.

For second quarter, average weekday ridership was 717,400 trips, a three percent increase over the same period last fiscal year. The average weekday ridership for the quarter was up during all time periods of the day. Year-to-date average weekday ridership of 733,000 is above prior year by 1.3 percent and only slightly less than projections with a variance of less than one percent.

Total weekend ridership was strong in November, but below prior year in October and December due to low Saturday ridership. For the quarter, average Saturday ridership was 329,700 trips, a decline in average Saturday ridership of 10.0 percent from the previous year. Saturday ridership during the prior October FY2011 was uncommonly high due to the Rally to Restore Sanity held on October 31<sup>st</sup>, resulting in the year over year decline to be greater than it would have been. Average Sunday ridership for the second quarter was 203,000 trips, one percent above the average for the previous year.

#### Bus

Total Metrobus ridership for the second quarter of the fiscal year increased from 30 million trips in FY2011 to 32.3 million trips in FY2012, an increase of 2.5 million trips or 8.3 percent. When compared to budget, ridership was 3.1 million trips above projection. Year-to-date bus ridership is 65.7 million, an increase of seven percent over prior year and 8.2 percent over projection.

Metrobus monthly ridership continues to be higher than the same period from the prior year. One of the variables correlated to Metrobus ridership is Washington DC population growth and demographics. While population growth is starting to slow, there has been a very slight demographic shift in residents who are inclined to utilize the bus for commuting purposes.

"The District's population figures cap a decade of success in maneuvering a turnaround in the city's fortunes, and its image. Barely 15 years ago, the District had a widespread reputation for having streets that wouldn't get plowed after a winter storm and that were

10 of 59

crime-ridden in any season. Now, the District routinely shows up on lists of cool cities where young people gravitate, and it is drawing as many young adults as ultra-hip Austin and Portland. Three in four newcomers in recent years have been between the ages of 18 and 34. They have zero interest in the suburbs." Washington Post, Dec 21 2011

The warm weather during the past two months, as explained above, had a very strong positive influence on bus ridership. The warm temperatures made it possible for the buses to increase their on-time-performance and encourage a greater number of riders. In addition, the December holiday schedule resulted in approximately 300,000 additional trips.

Average Metrobus weekday ridership through December was 441,200 trips, almost 28,000 daily trips more than the same period last year, an increase of 6.8 percent. The weekday average is 7.6 percent above budget projections.

Average Saturday ridership for year-to-date was 219,800 trips, an increase of 5.4 percent when compared with the same period of last year. Average Sunday ridership was 144,000 trips, a growth of 7.3 percent when compared with the same quarter last year.

#### MetroAccess

MetroAccess transported a total of 1,026,563 passengers during the first half of FY2012, 17 percent below forecast. This represents a decrease of 15 percent (180,574 passengers) compared with the same period in FY2011. Ridership continues to diminish due to the success of revised Board policy, eligibility and travel training initiatives and their collective impact on demand management. Average weekday passengers transported during the first half of FY2012 was 6,822. This represents a 14.3 percent decrease as compared to the same period in FY 2011, and was 19.1 percent below forecast. Saturday ridership during the first half of FY2012 was 2,724 passengers, a decrease of 17 percent compared with the first half of FY 2011. Sunday ridership during the first half of FY2012 was 2,391 passengers, representing a decrease of 16.5 percent over the same period in FY2011.

#### **Operating Revenue**

For the second quarter of FY2012, total revenues of \$190.9 million were two percent below budget as a result of less than forecasted passenger revenue. For the year-to-date, revenues are \$3.5 million or one percent below budget, as shown in table 1.

#### Rail

Rail passenger revenue for the quarter was \$134.6 million, which was \$2.9 million or two percent less than budget. The decrease in revenue coincides with the decrease in ridership. Year-to-date average fare realization is \$2.61, which is less than the forecast of \$2.64, and slightly less than the prior year average of \$2.62. For additional information on average fares, see Ridership and Revenue Analysis in the appendix.

#### Bus

Total Metrobus passenger revenue for the second quarter of \$32 million was \$2.7 million or nine percent above budget. Average fare realization for bus is \$1.00 per trip year-to-date, 11 of 59

which is less than the forecast of \$1.01 and the prior year average of \$1.07. The reimbursement to the Regional bus partners for bus passes averages \$160,000 per month. This amount is reduced from Metrobus revenue, decreasing the average fare.

#### MetroAccess

MetroAccess passenger revenue for the second quarter of FY2012 is \$1.6 million. Year-to-date MetroAccess passenger revenue for FY2012 is \$3.9 million which is significantly higher than revenue for the same reporting period in FY2011. The FY2012 monthly passenger revenue reflects the implementation of the fare increase on February 27, 2011. Additionally, in FY2011, although revenue collected through the EZ-Pay system was appropriately recorded in a deferred revenue account, it was not recorded as earned revenue upon usage. In FY2012, the process has been revised to record revenue monthly based on usage.

#### **Parking**

Parking revenue year-to-date of \$22.6 million was less than budget by \$0.8 million or three percent. System-wide parking utilization of 83 percent was up by three percentage points as compared to the first six-months of the prior year. December parking revenue includes an annual payment of \$300,000 from Prince George's County for garage spaces.

#### Other Revenue Sources

Total non-passenger revenue was below budget by \$1.4 million the first half of the fiscal year. See Operating Financials in appendix. Of non-passenger revenue, advertising revenue was \$2.2 million below budget. Because of the way in which the CBS Broadcasting Inc. contract is structured, advertising revenue will appear below budget each quarter until the year-end reconciliation of total advertising sales, which we expect to be on budget or slightly ahead of the annual \$15 million budget. The category of Other Revenue includes used equipment sales, subrogation (receipt of insurance funds) and purchase card rebates.

#### **Expenses**

Metro was \$20 million, or 2.7 percent, below budget in expenditure through the end of the second quarter, as shown in table 1.

#### Labor

Total personnel expenses were over budget by \$7.3 million for the first six months. Overtime was over budget by \$14.1 million mainly in the departments of Transit Infrastructure and Engineering Services (TIES), Rail Transportation (Rail) and Bus Services (Bus). The primary contributor to overtime has been the large number of vacancies which has resulted in the need for bus and rail operator overtime, as well as overtime to complete necessary maintenance and repairs. Salary and wage expenses were under budget by \$8.6 million primarily due to vacancies in Bus, Rail and TIES. Fringe benefits were 1.7 million over budget year-to-date. The variance in fringe benefits is partially due to the overrun in overtime.

#### Non-Labor

Year-to-date non-personnel expenses were under budget by \$27.4 million. Services were under budget by \$15.4 million mainly due to lower than projected utilization of paratransit

and delays in initiating service contracts. The MetroAccess service contract was \$6.4 million favorable to budget through the second quarter. Fuel & Propulsion and Utilities were under budget by \$15.9 million mainly due to lower than budgeted propulsion and utility rates. Both of these situations will continue through the rest of the fiscal year. Part of this favorable performance was offset by Materials and Supplies, which was over budget by \$3.9 million due to a lag in capitalization of car maintenance parts.

#### **CAPITAL FINANCES**

#### **Sources of Funds**

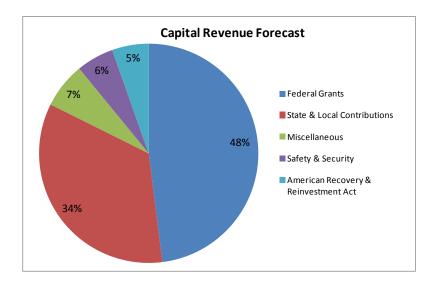

The total available budget authority for FY2012 is \$1.15 billion. In October, per the Capital Funding Agreement (CFA), Metro provided the Contributing Jurisdictions (Jurisdictions) with a reconciliation of actual FY2011 expenditures and a revised forecast of expenditures for FY2012 (FY2012 Forecast). The FY2012 Forecast formed the basis for the revised scheduled Allocation Contribution of each of the Jurisdictions and the Annual Work Plan (AWP) delivered to the Jurisdictions on December 22, 2011. The FY2012 Forecast projects expenditures of \$1.03 billion.

Year-to-date sources of funds per the FY2012 Forecast total \$1.03 billion. As of December 31, 2011 the amount awarded to Metro, including federal grants, totals \$475 million. Revenue received year-to-date is \$392 million, and represents available cash on hand. Total miscellaneous revenue consists of \$69 million from Metro Matters rollover, land sales, West Falls Church insurance settlement and other Jurisdictional proceeds.

| Capital Revenues            |    |        | FY | 2012 Ye | ear to | Date  |     |       |

<sup>\*</sup>CIP Budget includes unexpended FY2011 Rollover of \$153 million plus Board Approved FY2012 Budget of \$889 million.

#### **Uses of Funds**

The FY2012 Forecast is \$1.03 billion. As of December 31, 2011, capital spending was as follows: \$763 million, or 74 percent, had been obligated and \$342 million, or 33 percent, had been expended. The appendix includes budget and spending data for each capital project.

| Capital Spending                                    |    |       |             |    | FY20          | 12       | Year          | to I | Date                 |      |        |

<sup>\*</sup>CIP Budget includes unexpended FY2011 Rollover of \$153 million plus Board Approved FY2012 Budget of \$889 million.

The FY2012 Capital Improvement Program had relatively flat changes in both obligation and expenditure rates when compared to December FY2011. However, the Program actually expended \$51 million or 20 percent more and obligated \$124 million or 22 percent more than during the same period last year

<sup>\*</sup>CIP Budget includes unexpended FY2011 Rollover of \$153 million plus Board Approved FY2012 Budget of \$889 million.

## CAPITAL PROJECT HIGHLIGHTS

#### **Vehicle/Vehicle Parts**

Metro currently has a fleet of approximately 1,500 buses, each with a fifteen-year useful life. In order to insure a modern operating fleet that operates within its useful life, Metro

combines an aggressive and effective maintenance program and a bus replacement program that sets a target of 100 buses for replacement each year. As of December 31<sup>st</sup>, 94 of the 100 FY2012 replacement buses have been received with 48 of those buses in service. Full delivery of the remaining replacement buses will be completed in January 2012. The delivery of the 51 thirty (30) foot BRT buses (26 clean diesel and 25 hybrid/electric) is scheduled to commence in March and be completed by May 2012.

MetroAccess currently has a fleet of approximately 600 paratransit vehicles. Metro strives to maintain an average MetroAccess fleet age of four years which requires the replacement of approximately 200 vehicles per year. The procurement of 221 vehicles is scheduled for this fiscal year. As of December 31<sup>st</sup>, thirty four (34) vans had entered the production line with approximately twenty nearing completion. Production of the 16 MV-1 Accessible Sedans will commence January 23 with deliveries scheduled for mid February. The project continues to be on schedule with no issues.

#### **Passenger Facilities**

#### Elevator Report

Major repairs were completed on elevators at the Congress Heights Metrorail station.

Rehabilitation/modernizations were started on elevators at the Metro Center and Congress Heights Metrorail stations.

| Tasks                    | FY2012 Plan | Completed |
|--------------------------|-------------|-----------|
| Elevator Rehabilitations | 5           | -         |

#### Escalator Report

Major repairs were started on escalators at the Huntington, College Park-U of MD, Potomac Ave, Largo Town Center, Minnesota Ave, Addison Road-Seat Pleasant, Columbia Heights, Eastern Market, Federal Triangle, Grosvenor-Strathmore, Metro Center and Stadium-Armory Metrorail stations. Major repairs were completed on escalators at the Huntington, Minnesota Ave, Potomac Ave, College Park-U of MD, Largo Town Center and Minnesota Ave Metrorail stations.

Rehabilitation/modernizations were started on escalators at the Dupont Circle, Judiciary Square, Metro Center, Federal Center SW, Gallery Pl-Chinatown, Huntington and Arlington Cemetery Metrorail stations. Rehabilitation/modernizations were completed on escalators at the Judiciary Square, Farragut North, Foggy Bottom-GWU, Union Station , Federal Center SW, Arlington Cemetery and Metro Center Metrorail stations.

| Tasks                     | FY2012 Plan | Completed |
|---------------------------|-------------|-----------|
| Escalator Rehabilitations | 42          | 17        |
| Escalator Replacements    | 3           | 3         |

#### Station Rehabilitation Report

Station enhancements were started at the Federal Center SW, Capitol South, Crystal City, Pentagon City and Clarendon (mini) Metrorail stations. Station rehabilitations were completed at the New York Ave-Florida Ave-Gallaudet U and Greenbelt Metrorail stations.

#### Track and Structures Maintenance

#### Red Line

- Cable installations, station and signal upgrades, fiber optic cable installation and platform rehabilitation between Takoma and Forest Glen
- Rail and infrastructure renewal between Shady Grove and Twinbrook
- Rail renewal and tunnel leak repairs between Friendship Heights and Grosvenor-Strathmore
- Rail and ties renewal work between New York Ave-Florida Ave-Gallaudet U and Fort Totten
- Platform repairs between Shady Grove and Grosvenor-Strathmore
- Municipal water main and sewer line stabilization within Farragut North Station
- Track rebuilds, tie and insulator installations, communication cable replacements and station platform renovations between Glenmont and Fort Totten
- Municipal water main and sewer line stabilization as well as new emergency phone installations at Farragut North
- Track circuit replacements between Dupont Circle and Medical Center
- Signal system repairs between Shady Grove and Rockville
- Rail renewal work between Farragut North and Judiciary Square
- New rail, fastener, and communication cable installations for improved cell service between Brookland-CUA and Glenmont
- Automatic train control upgrades at the Silver Spring
- Rail and fastener renewal between Van Ness-UDC and Friendship Heights
- Rail and tie renewal work between Rhode Island Ave-Brentwood and Fort Totten
- Rail upgrades between Dupont Circle and Van Ness-UDC
- Rail fastener renewal between Friendship Heights and Medical Center
- Track circuit replacement between Van Ness-UDC and Medical Center

#### Blue and Orange Lines

- Rail fastener replacements and tunnel repairs between Eastern Market and Stadium-Armory
- Rail renewal work between Foggy Bottom-GWU and McPherson Square
- Track maintenance between Foggy Bottom-GWU and Arlington Cemetery/Clarendon
- Switch replacement preparation between Smithsonian and Eastern Market

#### Green and Yellow Lines

- New track switch installations at U Street/African-Amer Civil War Memorial/ Cardozo
- Rail maintenance and renewal work between U Street/African-Amer Civil War Memorial/Cardozo and Georgia Ave-Petworth

Blue and Yellow Lines
17 of 59

- New rail tie, insulator, and communication cable installations as well as upgrades to the surfaces underneath the rails between King Street and Pentagon City
- Rail and tie renewal work between Ronald Reagan Washington National Airport and Braddock Road

#### Green Line

- Rail fastener replacements between Southern Avenue and Naylor Road
- Prep work for switch replacement between Mt Vernon Sq 7th St-Convention Center and Georgia Ave-Petworth
- Rail renew work and cable installations between Fort Totten and Prince George's Plaza
- Prep work and guarded #8 track switch installations between L'Enfant Plaza and Southern Avenue
- Guarded #8 switch installations and prep work outside Navy Yard and Anacostia
- Rail and tie renewal work between Greenbelt and College Park-U of MD

#### Blue Line

- Rail and insulator renewal work between Braddock Road and Van Dorn Street
- Floating slab (underneath the rails) repairs for a smoother ride between Addison Road-Seat Pleasant to Stadium-Armory
- New rail installations between Franconia-Springfield and Van Dorn Street

#### Orange Line

- Dulles rail extension associated construction between East Falls Church and West Falls Church-VT/UVA
- Cross tie and insulator replacements and rail renewal work between Vienna/Fairfax-GMU and West Falls Church-VT/UVA
- New rail and related infrastructure installations between New Carrollton and Cheverly
- Rail renewal work between New Carrollton and Stadium-Armory
- New track installation between Ballston-MU and East Falls Church
- Insulator repairs and fiber optic cable installation between East Falls Church and West Falls Church-VT/UVA
- Structural repairs to the elevated portion of the line and track rehabilitation between Deanwood and Cheverly
- Bridge repairs between Stadium-Armory and Cheverly
- Rail, joint, and fastener renewal between Foggy Bottom-GWU and Clarendon
- Rail and tie renewal between Cheverly and New Carrollton

#### **OUTSTANDING DEBT**

Metro's outstanding debt as of December 31, 2011 is \$337.4 million, as shown in the table below.

The Series 2003 bonds were issued to fund the Rail Construction program and are being repaid by semi-annual debt service payments from the jurisdictions. This annual debt service expense is reported as part of the operating budget and is always included on subsidy allocation tables.

The Series 2009A and 2009B bonds were issued to (i) pay off a portion of the \$314.5 million in outstanding principal and interest due for Commercial Paper, and (ii) finance the capital cost components of the Metro Matters Program. The annual debt service expense will be paid by the jurisdictions that opted into the bond issuance. The \$21.2 million annual debt service expense is reported as part of the capital budget and will be included on the subsidy allocation tables.

The Commercial Paper Program was retired during June 2009 with proceeds of the Series 2009A bond issuance and a portion of the jurisdiction opt-out receipts. There are three lines of credit available to fund operating and capital cash flow needs. As of July 2011 availability on the lines of credit was reduced from \$300 million to \$200 million. Wachovia and Bank of America's lines of credit were each reduced from \$125 million to \$85 million and U.S. Bank was reduced from \$50 million to \$30 million. As of September 2011, the multi-year \$300 million credit facility, in support of the Series 7000 rail car procurement, was terminated.

\*NOTE: Included in these expenditures are those that were originally scheduled to occur in FY2011 but were not executed by the end of the fiscal year. The total budget authority for FY2012, defined as the \$888.9 million Board approved budget and the \$153.2 million unexpended at the end of FY2011 is \$1.042 billion.

Definitions
Budget: The current fiscal year's total planned cash payout.
Obligated: The portion of the current fiscal year's budget for payment against awarded contracts, plus the respective labor cost.

**Expended**: The actual cash payout that has occurred to date in the current fiscal year.

Unexpended: The difference between the planned cash payout and the actual cash payout that has occurred to date in the current fiscal year.

Definitions

Budget: The current fiscal year's total planned cash payout.

Obligated: The portion of the current fiscal year's budget for payment against awarded contracts, plus the respective labor cost. **Expended**: The actual cash payout that has occurred to date in the current fiscal year.

**Unexpended**: The difference between the planned cash payout and the actual cash payout that has occurred to date in the current fiscal year.

Definitions
Budget: The current fiscal year's total planned cash payout.
Obligated: The portion of the current fiscal year's budget for payment against awarded contracts, plus the respective labor cost.
Expended: The actual cash payout that has occurred to date in the current fiscal year.
Unexpended: The difference between the planned cash payout and the actual cash payout that has occurred to date in the current fiscal year.

Please note that this report reflects project budgets approved by FTA and does not reflect subsequent reporgramming that is pending grant amendment.

Definitions
Budget: The current fiscal year's total planned cash payout.

Obligated: The portion of the current fiscal year's budget for payment against awarded contracts, plus the respective labor cost.

Expended: The actual cash payout that has occurred to date in the current fiscal year.

Unexpended: The difference between the planned cash payout and the actual cash payout that has occurred to date in the current fiscal year.

### Washington Metropolitan Area Transit Authority (Metro) Grant Activity for the Quarter ending December, 2011

|                         | Grant Program  | <u>Activity</u>   |
|-------------------------|--|---|
|                         | FTA Formula Grants for<br>Capital Transit Assistance<br>and Fixed Guideway | \$201.8 million awarded, which includes \$11.1 million for Preventive Maintenance (PM). Due to cost savings on other ARRA projects, Metro will purchase additional Metro Access vans to replace vans that have exceeded the recommended life span. Sixteen projects have been completed with a total value of \$69.7 million.   |
| ARRA                    | Infrastructure Improvement   | To meet heightened reporting expectations:  • Submitted required 1512 reporting of jobs and project progress that is viewable by the public at www.recovery.gov.  |
|                         | Department of Homeland<br>Security Transit Security<br>Grant               | Anti-Terrorism Teams conducted Targeted Train and Bus Inspections, critical infrastructure inspections, area saturation patrols, and Security Inspection Points.  |
|                         | Annual Formula Grants for<br>Sections 5309 and 5307                        | Metro FY2011  • FFY2010 Section 5307 grant for \$139.4 million was awarded.  • FFY2010 Section 5309 grant for \$101.3 million was awarded.  Metro FY2012  • FFY2011 Section 5307 grant for \$128.6 million was submitted and awarded.  • FFY2011 Section 5309 grant application for \$101.2 million was submitted and the certification has been received from the Department of Labor.   |
| FTA                     | Passenger Rail Investment<br>and Improvement Act<br>(PRIIA)                | <ul> <li>From the FFY2010 \$150.0 million PRIIA grant, FTA has disbursed\$125.0 million to reimburse Metro for payments for the rail car procurement milestone and other projects in Metro's FY2011 CIP.</li> <li>Metro submitted a draft application for \$149.7 million of FFY2011 PRIIA funds to support the Metro FY2012 CIP.</li> </ul>  |
| FTA                     | Congestion Mitigation & Air<br>Quality (CMAQ)                              | • FFY2009, FFY2010, FFY2011 CMAQ Funds for Bus Replacement - Metro continues to use CMAQ funds to closeout New Flyer contracts for the purchase of replacement buses, spare parts, training and miscellaneous cost associated with the contracts. • \$4.9 million in CMAQ Funding was allocated by the Virginia Department of Rail and Public Transporation for the purchase of replacement buses.  |
|                         | Federal Earmarks   | • FFY2010 Largo Extension Appropriation - The grant is expected to close in 2013 when right of way claims have been resolved. 96 percent of the projects have been completed.   |
|                         | Competitive Programs   | <ul> <li>FFY2010 Section 5309 State of Good Repair - \$2.4 million grant application for Metro to develop an Asset Management Plan was awarded in July 2011.</li> <li>FFY2011 - Metro won 5317 New Freedom award in the amount of \$1.0 million for Bus Stop Improvements. The grant application is under review with FTA.</li> <li>FFY2011 Section 5309 State of Good Repair - \$1.5 million was won for Metro to continue its Asset Management Plan project.</li> </ul>   |
| Safety<br>&<br>Security | Transit Security Grant<br>Program (TSGP)                                   | FFY2007 – Intelligence Analyst has begun work. Front line employee training continued. FFY2008 – Continued site visits for assessment. Proposals for CCTV on railcars under review. NTP on bus cameras issued. FFY2009 – K9 teams in service. Solicitations issued for various security technologies, bids received, and reviews begun. FFY2010 – Physical security 30% design review conducted. FFY2011 – Won \$12.7 million in TSGP funding and was awarded in September. Processes within MTPD for new positions begun to permit revised detailed budget submission to DHS for release of funding. |
|                         | Urban Areas Security<br>Initiative (UASI)                                  | FFY2008 – Metro Emergency Response Vehicle grant closed. FFY2009 – Completed Radio Upgrade project for Prince George's County. Final reimbursements submitted. FFY2010 – Requested additional funding due to changes in equipment requirements by FBI. Began procurement of specialized equipment.  |

As of December YTD, Metro is favorable to budget by \$17M, or 5%

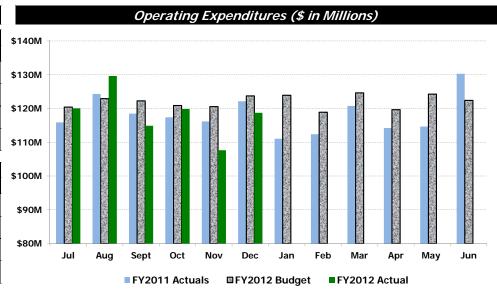

Year-to-date expenditures - \$20.1 M or 2.7% favorable to budget

- Salary & wages below budget by \$8.6 M due to vacancies and YTD capitalization of labor
- Overtime (\$14.1 M) and fringe benefits (\$1.8 M) over budget due to vacancies and leave coverage in TIES, RAIL and Bus
- Materials and Supply expenses (\$3.9 M) over budget due to expenses associated with the South East garage closure, and a lag in capitalization of brake and elevator parts
- Service of \$15.4 M were favorable due to savings in paratransit expenses, and timing delays in TIES contract utilization and processing awards for BUS
- Propulsion/Diesel and Utilities/Insurance/Other were below budget by \$8.9 M and \$7.0 M respectively

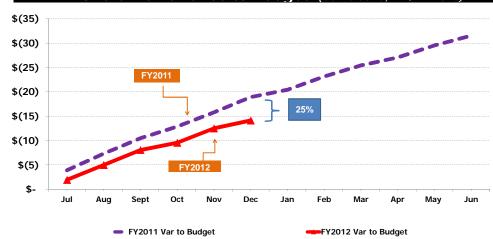

### Operating Budget Reprogramming Status

December: No reprogramming of operating funds

Year-to-date: \$300,000 was reprogrammed from the Treasury Office to Counsel for the purpose of funding outside legal fees for Treasury.

### Revenue and Ridership Highlights

### Year-to-date Revenue

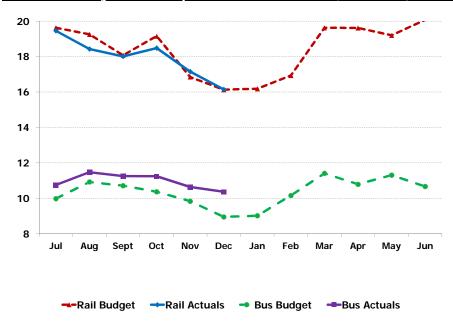

- Year-to-date, Metro is (\$3.5 M) unfavorable to budget in revenue
- Rail passenger fares are (\$6.5 M) below budget. Revenue in December was favorable to budget due to high ridership, resulting in an average fare of \$2.65 for the month, \$2.61 year-to-date.
- Bus passenger revenue is \$4.5 M favorable, December was highly favorable due to strong ridership. Average fare year-to-date is \$1.00
- Total other revenue is (\$1.5 M) below budget

### Year-to-date Ridership

- Rail ridership in December continued to show signs of improvement, exceeding
  projection slightly by 15,000. Similar to November, passenger trips were up during all
  weekday travel periods over the prior year; the largest increase occurring during the
  evening period. YTD ridership is 1.3% below projection.
- Bus ridership YTD is 5 M or 8.2% above budget, and 4.3 M or 7% above prior year.
   Average weekday ridership has been strong at 441,000 trips per day.
- Both Rail and Bus ridership were strong in December due to favorable weather.

  Compared to the prior two years, the warm temperatures and no snow encouraged people to utilize public transit.
- In addition, the holidays fell on the weekends, resulting in only one federal holiday in December. As a result, there was an increase in commuter trips over the prior year.
